Securing Outer Space Natalie Bormann

2009-01-30 The challenges that space poses for political theory are profound. Yet until now, the exploration and utilization of space has generally reflected – but not challenged – the political patterns and impulses which characterized twentieth-century politics and International Relations. This edited volume analyses a number of controversial policies, and contentious strategies which have promoted space activities under the rubric of exploration and innovation,

militarization and weaponization, colonization and commercialization. It places these policies and strategies in broader theoretical perspective in two key ways. Firstly, it engages in a reading of the discourses of space activities: exposing their meaning-producing practices; uncovering the narratives which convey certain space strategies as desirable, inevitable and seamless. Secondly, the essays suggest ways of understanding, and critically engaging with, the effects of particular space policies. The essays here seek to ‘bring back space’ into the realm of International Relations discourse, from which it has been

largely removed, marginalized and silenced. The various chapters do this by highlighting how activities in outer space are always connected to earth-bound practices and performances of the every day. *Securing Outer Space* will be of great interest to students of space power, critical security studies and IR theory.

*Passion Becomes You* Michelle Reid 2019-04-11

When Jemma, a secretary, first meets Leon Stephanades, her boss's wealthy Greek client, she's unable to take her eyes off him. His smile almost makes her heart burst. Jemma tells herself she mustn't fall for the playboy—he changes lovers as often as her parents and her boss do! In any case, he's a confirmed bachelor who hates being tied down. Nevertheless, aware of Jemma's gaze, Leon tugs her toward him and softly promises, "No conditions, no promises. But while we're together, I'll be yours only." Though annoyed by his arrogance, Jemma is unable to resist his kiss.

**The Secrets He Kept** Jackie Walsh 2019-11-06

'will have you gripped from start to finish, so much so that you really don't want to stop reading!' (5 stars) Reader review 'I was hooked straight in from the first chapter and it really didn't let up. Fast paced and thrilling.' (5 stars) Reader review You know everything about your husband. Don't you? He loves you. He loves your children.

He'd never put his family in danger. One of these is a lie. It started like any other day at the hairdressers where Sally works as a stylist... until her first client innocently shows her a family photograph; a photograph that causes Sally to collapse in shock. In one moment, Sally discovers that Tom has been hiding an explosive secret – one that could tear apart the life they've built together. Faced with an impossible dilemma - search for the truth, or keep her contented life? – Sally is about to discover that even those closest to us have secrets... and that sometimes the truth is the last thing we want to hear. A completely gripping, suspenseful psychological thriller that fans of T.M. Logan, My Lovely Wife and K.L. Slater won't be able to put down. Readers can't get enough of *The Secrets He Kept*: 'I read this in one sitting, loved it!! Quickly paced, great story!! Kept me guessing to the very end!!' When she hears the news of the death of her ex-husband, Binnie feels like her tranquil life in the West Country is over. To her surprise, she discovers that he has left her the island in the beautiful archipelago off the coast of Cornwall and the dilapidated house where he spent his childhood, and Binnie has to take her family to the island - revisiting it for the first time in years - and work out what to do. As she becomes involved in the life of the island, and its inhabitants, she has to embark upon a whole new life and discovers many things about her husband - and her own past - that will change everything forever...

For Better or For Worse? Collaborative Couples in the Sciences Annette Lykknes 2012-06-05 In

this volume, a distinguished set of international scholars examine the nature of collaboration between life partners in the sciences, with particular attention to the ways in which personal and professional dynamics can foster or inhibit scientific practice. Breaking from traditional gender analyses which focus on divisions of labor and the assignment of credit, the studies scrutinize collaboration as a variable process between partners living in the nineteenth and twentieth centuries who were married and divorced, heterosexual and homosexual, aristocratic and working-class and politically right and left. The contributors analyze cases shaped by their particular geographical locations, ranging from retreat settings like the English countryside and Woods Hole, Massachusetts, to university laboratories and urban centers in Berlin, Stockholm, Geneva and London. The volume demonstrates how the terms and meanings of collaboration, variably shaped by disciplinary imperatives, cultural mores, and the agency of the collaborators themselves, illuminate critical intellectual and institutional developments in the modern sciences.

**The Chateau Penelope Sky** 2020-10-27 I've been taking care of my little sister for a long time.

When Mom was gone, she suddenly became my responsibility. The best years of my life were spent being a caretaker to someone else...with no one to take care of me. So I moved to Paris for my study-abroad program and ended up staying, getting a French Literature degree, studying the classics while sipping the best wine I'd ever had. My sister never makes the best decisions, always makes messes to clean up, and it's finally time for me to have my own life. But when she comes to Paris for a visit...she brings trouble with her. She gets herself into a bad situation, and of course, I come to her rescue...like I always do. Now we're in a labor camp in the middle of nowhere, surrounded by endless snow and mountains, processing drugs for a group of men that never show their faces. There's no chance of escape in this wilderness. Except for my guard. He's not a saint, but he's the only man that's kind to me. He knows I want to escape, but he never reports me. When I've had a hard day, he brings me extra things to make my life easier. He tells me not to run because I'll never make it...but he brings me little hidden tools...as if he's giving me the means. Like he wants me to be

free.

### **Developing Intelligent Agent Systems Lin**

Padgham 2005-06-24 Build your own intelligent agent system... Intelligent agent technology is a tool of modern computer science that can be used to engineer complex computer programmes that behave rationally in dynamic and changing environments. Applications range from small programmes that intelligently search the Web buying and selling goods via electronic commerce, to autonomous space probes. This powerful technology is not widely used, however, as developing intelligent agent software requires high levels of training and skill. The authors of this book have developed and tested a methodology and tools for developing intelligent agent systems. With this methodology (Prometheus) developers can start agent-oriented designs and implementations easily from scratch saving valuable time and resources. Developing Intelligent Agent Systems not only answers the questions "what are agents?" and "why are they useful?" but also the crucial question: "how do I design and build intelligent agent systems?" The book covers everything a practitioner needs to know to begin to effectively use this technology - including an introduction to the notion of agents, a description of the concepts involved, and a software engineering methodology. Read on for: a practical step-by-step introduction to designing and building intelligent agent systems. a full life-

cycle methodology for developing intelligent agent systems covering specification, analysis, design and implementation of agents. PDT: Prometheus Design Tool – software support for the Prometheus design process. the example of an electronic bookstore to illustrate the design process throughout the book. Electronic resources including the Prometheus Design Tool (PDT), can be found at:

<http://www.cs.rmit.edu.au/agents/prometheus> This book is aimed at industrial software developers, software engineers and at advanced undergraduate students. It assumes knowledge of basic software engineering but does not require knowledge of Artificial Intelligence or of mathematics. Familiarity with Java will help in reading the examples in chapter 10.

### **The Grace Walk Experience Steve McVey**

2008-03-01 For years, Steve McVey's Grace Walk (more than 200,000 copies sold) has inspired Christians to leave behind a performance and fear-based faith to embrace a faith lived in abundance and grace. Now The Grace Walk Experience workbook helps readers move that message of hope from their heads to their hearts as they explore eight truths that have changed lives worldwide daily, interactive studies that reveal grace as much more than a doctrine ways to quit "doing" for God so that He can live through them illustrations of the wonder and miracle of faith as God intended God's Word,

salvation, and evangelism with new perspective  
This excellent tool for church classes, small group discussion, and individual study will lead believers to understand their identity in Christ, let go of legalism, and make room for the overflowing love, mercy, and purpose of life lived wholly in God's grace.

**Crazy Over You** Wendy Sparrow 2015-07-28 She's on the sheriff's most wanted list. Waking up with a naked woman holding a knife at his throat is just about the last thing Sheriff Travis Flynn expected. And the brother she's looking for? A murderer. And dead. Probably. But the real shock comes when she insists she's not a Lycan. LeAnn Wilcox isn't looking for love...especially not from some wolf in sheriff's clothing. She operates on the other side of the law. Once she finds her brother-alive-she'll get out of the pack's territory and go back to her regular, normal, non-furry life of changing jobs and her name whenever her past closes in. The cool, logical Sheriff has finally met his match, but LeAnn's life is at stake if she won't claim her place in the pack, especially once his control over the pack is challenged and her brother's fate is questioned.

**Reawakening** K. L. Kreig 2015-05 "I'm not a piece of property that you can just claim, Romaric." Having been held hostage for a month by vicious vampires, Sarah is now recovering in the most unlikely of places...the shelter that her sister, Kate

and her vampire mate, Devon, opened to help such victims as herself. After months under the watchful eye of her sister, she's finally put a plan into motion to secure her future when a very imposing, very stoic and utterly drop dead gorgeous vampire takes her world by storm and turns it completely upside down. "Ah, but that's where you're wrong, my beauty. You are mine and I've come to do exactly that." Romaric Dietrich, West Regent Vampire Lord is one of the oldest vampires alive. He's cold, calculating and nearly unmatched in power. Vampires recognize their Moiras instantaneously and upon first laying eyes on Sarah Hill, he senses she's his. His Moira. His Destined mate. The one woman meant to be his and his alone. But how is that possible when he'd loved and lost his first? In his quest to uncover the truth, not only does he discover that Sarah is indeed the other half of his soul, but he's put himself, and his mate, in the crosshairs of yet another very powerful enemy. Only bonded together do they have the power to win the battles ahead. With one look into his icy-blues, Sarah knows that Romaric is not the aloof, uncaring enigma he pretends to be. Underneath his cool, rough exterior lays a passionate, romantic and fiercely loving heart of gold. As they fight the battles to come, Sarah holds the key to not only unlocking his centuries hardened soul, but to the one thing that will save them both from this new nemesis. But will she make her decision

in time? And will they finally get the happiness they both deserve?

[Protecting His Witch](#) Zoe Forward 2014-10-27

The last thing he wanted was to fall for a witch...

Veterinarian Kat Ramsey hasn't a clue that she's a witch. Sure, she can read minds, and there's the whole "dimension-hopping" issue that she can't quite control, but Kat is determined to keep things normal. That is, until she accidentally hops into the Otherworld and runs into Matthew Ryan?the seriously hot one-night stand from years ago who shoved her out of his dorm. Naked. And there's the tiny matter of the curse she gave him. May you never find satisfaction with another woman. Billionaire and former druid Matthew Ryan hasn't forgotten the curse, or the witch who gave it to him. Kat's unexpected return means the curse will finally be broken.

Unfortunately, his libido has other ideas?like how to get her back into his bed one last time. But far more worrying is his suspicion that Kat is the seventh Pleiades witch. Because while he's turned his back on his druidic ways, he's still bound to protect the woman who made his life hell. Each book in the Keepers of the Veil series is **STANDALONE**: \* **Protecting His Witch** \* **His Witch to Keep** \* **Playing the Witch's Game** **Profiting with Iron Condor Options** Michael Benklifa 2011-01-19 In a straightforward approach, Hanania Benklifa provides readers the practical knowledge needed to trade options conservatively in **Profiting with Iron Condor Options: Strategies from the Frontline for Trading in Up or Down Markets**. The objectives are simple: make 2%-4% a month staying in the

market as little as possible. Market experts use option condors to consistently earn monthly returns while trading conservatively and staying in the market as little as possible. Benklifa—who manages \$10+ million in condor trades each month—shows you exactly how to run these trades and earn these returns, delivering all the details you need to master every nuance of this remarkable strategy. Benklifa shares option condors examples using market realities, not oversimplified abstractions. You'll learn how to handle real-life market dynamics that can dramatically impact results, including rising and falling volatility, changing bid-ask spreads, and distorted call parity. You'll learn how to profit in the sideways markets where condor options are most widely used—and also in extreme-trending markets that offer their own surprising opportunities. Traders who focus on a specific type of trade have a history of outperforming stock pickers and directional investors. This book will give you that deep and usable level of knowledge about one of today's most well-proven strategies: option condors.

*Autumn in Scotland* Karen Ranney 2009-10-13  
Abandoned by a rogue Betrothed to an earl she had never met, Charlotte Haversham arrived at Balfurin, hoping to find love at the legendary Scottish castle. Instead she found decaying towers and no husband among the ruins. So Charlotte worked a miracle, transforming the

rotting fortress into a prestigious girls' school. And now, five years later, her life is filled with purpose—until . . . Seduced by a stranger A man storms Charlotte's castle—and he is not the reprehensible Earl of Marne, the one who stole her dowry and dignity, but rather the absent lord's handsome, worldly cousin Dixon MacKinnon. Mesmerized by the fiery Charlotte, Dixon is reluctant to correct her mistake. And though she's determined not to play the fool again, Charlotte finds herself strangely thrilled by the scoundrel's amorous attentions. But a dangerous intrigue has drawn Dixon to Balfurin. And if his ruse is prematurely revealed, a passionate, blossoming love affair could crumble into ruin.

**Fire in the Ashes** Jonathan Kozol 2012-08-28 In this powerful and culminating work about a group of inner-city children he has known for many years, Jonathan Kozol returns to the scene of his prize-winning books *Rachel and Her Children* and *Amazing Grace*, and to the children he has vividly portrayed, to share with us their fascinating journeys and unexpected victories as they grow into adulthood. For nearly fifty years Jonathan has pricked the conscience of his readers by laying bare the savage inequalities inflicted upon children for no reason but the accident of being born to poverty within a wealthy nation. A winner of the National Book Award, the Robert F. Kennedy Book Award, and countless other honors, he has persistently crossed the lines of class and race, first as a teacher, then as the author of tender and heart-breaking books about the children he has called “the outcasts of our nation’s ingenuity.” But Jonathan is not a distant and detached reporter. His own life has been radically transformed by the children who have trusted and befriended him. Never has this intimate acquaintance with his subjects been more apparent, or more stirring, than in *Fire in the Ashes*, as Jonathan tells the stories of young men and women who have come of age in one of the most destitute communities of the United States. Some of them never do recover from the battering they undergo in their early years, but many more battle back with fierce and, often,

jubilant determination to overcome the formidable obstacles they face. As we watch these glorious children grow into the fullness of a healthy and contributive maturity, they ignite a flame of hope, not only for themselves, but for our society. The urgent issues that confront our urban schools – a devastating race-gap, a pathological regime of obsessive testing and drilling students for exams instead of giving them the rich curriculum that excites a love of learning – are interwoven through these stories. Why certain children rise above it all, graduate from high school and do well in college, while others are defeated by the time they enter adolescence, lies at the essence of this work. Jonathan Kozol is the author of *Death at an Early Age*, *Savage Inequalities*, and other books on children and their education. He has been called “today’s most eloquent spokesman for America’s disenfranchised.” But he believes young people speak most eloquently for themselves; and in this book, so full of the vitality and spontaneity of youth, we hear their testimony.

*Plasminogen: Structure, Activation, and Regulation* David M. Waisman 2012-12-06 This volume showcases the most important developments in the area of plasminogen regulation. The book is composed of about 16 chapters dealing with a range of topics including the mechanisms of activation of plasminogen, the structure of plasminogen and plasminogen

activators, the role of plasminogen in various physiological and pathological processes (such as tumor growth and progression, wound healing and fibrinolysis) and the interrelationship of the plasmin/MMP proteolytic systems.

2020-10-30 'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign

with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about *The Company Daughters*: 'Blew my mind... a book I've told so many people about purely because I'm still in disbelief that it exists, that it's so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman's struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.' Goodreads reviewer, 5 stars 'From the moment I started reading *The Company Daughters*, I was captivated by this historical tale. Although it does contain a love story, it's not a romance...This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic

and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about...There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

Those Sweet Words Kait Nolan 2017-10-27 Good old, reliable Pru. Of the four Reynolds sisters, Pru is the natural choice to take on custody of the girl their late mother had planned to adopt. At thirty, suddenly becoming the mom of a teenager means big changes, but Pru's ready to do whatever it takes to adopt Ari. Before she settles down, though, she wants one thing for herself. Enter Flynn Bohannon, the sinfully sexy Irish musician in town for her sister's wedding. He's led the kind of free, vagabond life Pru can hardly imagine. Definitely not the kind of guy she should be dating, but he's the perfect guy for a crazy fun fling before her life changes. When Pru proposes a brief, no strings affair, Flynn's not about to say no. But when unexpected complications endanger the adoption, the two find themselves in a phony engagement. Now they have to convince a sharp-eyed, skeptical social worker, a teen who's too smart for her own good, three dubious sisters,

and one protective brother-in-law that Flynn's willing to give up the gypsy life and settle down. But in convincing everyone that this relationship is real, will they convince each other as well?

Every Time a Bell Rings Barbara Ankrum 2019-11-18 Once upon a time, he was everything to her, except for one thing: her future Christmas sparkles from every bough and window at the cozy Four Winds Ski Resort, where single mother Eden Kendall and her eight-year-old son are spending the holiday. A surprise marriage proposal from her boss's son wasn't on her Christmas list, but it's the perfect excuse to get away and weigh her options. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the resort that he helped to build by organizing a holiday concert, he decides it's about time that Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of Christmas. Can a not-so-perfect angel help this unlikely pair get a second chance at happily ever after?

**OCR Information & Communication Technology GCSE** Steve Cushing 2010-06-25 OCR Information and Communication Technology

GCSE Student's Book has been published to support OCR's new specification. Written by highly experienced senior examiners and teachers, the text covers the four units of the course: - ICT in Today's World - Practical Applications in ICT - ICT in Context - Creative use of ICT and Coding a solution The core knowledge and understanding required by students for the examined units is provided through an accessible and comprehensive narrative. Tasks and exam-style questions are provided throughout the chapters, providing students with opportunities to prepare for the exams. Students are also provided with support in tackling the tasks demanded by Units 2 and 4a / 4b of the course.

**Technology Computer Aided Design** Chandan Kumar Sarkar 2018-09-03 Responding to recent developments and a growing VLSI circuit manufacturing market, Technology Computer Aided Design: Simulation for VLSI MOSFET examines advanced MOSFET processes and devices through TCAD numerical simulations. The book provides a balanced summary of TCAD and MOSFET basic concepts, equations, physics, and new technologies related to TCAD and MOSFET. A firm grasp of these concepts allows for the design of better models, thus streamlining the design process, saving time and money. This book places emphasis on the importance of modeling and simulations of VLSI MOS

transistors and TCAD software. Providing background concepts involved in the TCAD simulation of MOSFET devices, it presents concepts in a simplified manner, frequently using comparisons to everyday-life experiences. The book then explains concepts in depth, with required mathematics and program code. This book also details the classical semiconductor physics for understanding the principle of operations for VLSI MOS transistors, illustrates recent developments in the area of MOSFET and other electronic devices, and analyzes the evolution of the role of modeling and simulation of MOSFET. It also provides exposure to the two most commercially popular TCAD simulation tools Silvaco and Sentaurus. • Emphasizes the need for TCAD simulation to be included within VLSI design flow for nano-scale integrated circuits • Introduces the advantages of TCAD simulations for device and process technology characterization • Presents the fundamental physics and mathematics incorporated in the TCAD tools • Includes popular commercial TCAD simulation tools (Silvaco and Sentaurus) • Provides characterization of performances of VLSI MOSFETs through TCAD tools • Offers familiarization to compact modeling for VLSI circuit simulation R&D cost and time for electronic product development is drastically reduced by taking advantage of TCAD tools, making it indispensable for modern VLSI device

technologies. They provide a means to characterize the MOS transistors and improve the VLSI circuit simulation procedure. The comprehensive information and systematic approach to design, characterization, fabrication, and computation of VLSI MOS transistor through TCAD tools presented in this book provides a thorough foundation for the development of models that simplify the design verification process and make it cost effective.

Modular Java Craig Walls 2009 Provides information on developing modular applications using OSGi and the Spring Dynamic Modules.  
Handbook of Reading Interventions Rollanda E. O'Connor 2011-06-17 Comprehensive,

authoritative, and designed for practical utility, this handbook presents evidence-based approaches for helping struggling readers and those at risk for literacy difficulties or delays. Leading experts explain how current research on all aspects of literacy translates into innovative classroom practices. Chapters include clear descriptions of effective interventions for word recognition, spelling, fluency, vocabulary, comprehension, and writing, complete with concrete examples and teaching scripts. Coverage also encompasses preschool literacy instruction and interventions for older readers, English language learners, and students with learning disabilities, as well as peer-mediated and tutoring approaches.
