facilities of DB2® for z/OS®, which allow complete monitoring of a DB2 environment. It focuses on the use of the DB2 instrumentation facility component (IFC) to provide monitoring of DB2 data and events and includes suggestions for related tuning. We discuss the collection of statistics for the verification of performance of the various components of the DB2 system and accounting for tracking the behavior of the applications. We have intentionally omitted considerations for query optimization; they are worth a separate document. Use this book to activate the right traces to help you monitor the performance of your DB2 system and to tune the various aspects of subsystem and application performance. opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

*Tsotsi* Athol Fugard 2009-09-25 *Tsotsi* is an angry young gang leader in the South African township of Sophiatown. A man without a past, he exists only to kill and steal. But one night, in a moonlit grove of bluegum trees, a woman he attempts to rape forces a shoebox into his arms. The box contains a baby, and his life is inexorably changed. He begins to remember his childhood, to rediscover himself and his capacity for love. Turned into an Oscar-winning movie in 2006, *Tsotsi's* raw power and rare humanity show how decency and compassion can survive against the odds.
