A Romance of Two Worlds Marie Corelli 1894

Burn Suzanne Wright 2015-06-30 Part of a small demon lair in North Las Vegas, tattooist Harper Wallis lives a pretty simple life. That changes overnight when she discovers that her psychic mate, or 'anchor', is a guy who's rumored to be the most powerful demon in existence. Compelling, full of secrets and armed with raw sexuality, Knox Thorne is determined to claim her as his anchor, creating a psychic bond that will prevent their inner demons from ever turning rogue. The billionaire also wants Harper in his bed. She's not so sure she wants either of those things. No one seems to know what breed of demon Knox is, only that he's more dangerous than anything she's ever before encountered. But he refuses to walk away. And when an unknown danger starts closing in on Harper, it seems that Knox is the only one who can keep her safe. As Prime of his Las Vegas lair and a successful businessman, Knox Thorne is used to being in control. He's also used to people fearing and obeying him. Harper does neither, which unexpectedly amuses him. Unpredictable, elusive, and complex, she draws Knox and his inner demon like nothing ever has. Knox is used to getting what he wants, and he wants Harper. He'll have her, and he'll keep her safe from the threat that looms over her. Because Knox protects what's his. He won't allow anyone to take her from him. Even if it will mean letting the demon inside him rise and wreak the havoc it was created to make.

Burn Suzanne Wright 2015-11-26 'It's been two minutes since my last fix and I need Suzanne Wright to give me more!' Edgy Reviews The first book in Suzanne Wright's bestselling witty, paranormal romance series, Dark in You. Part of a small demon lair in Las Vegas, tattooist Harper Wallis lives a pretty simple life. That changes overnight when she discovers that her psychic mate, or 'anchor', is a guy who's rumored to be the most powerful demon in existence. Compelling, full of secrets and armed with raw sexuality, Knox Thorne is determined to claim her as his anchor, creating a psychic bond that will prevent their inner demons from ever turning rogue. Why readers are LOVING the Dark in You series: 'Run, don't walk, to your preferred device and click this title immediately. The worst that will happen is you will be compelled to read everything she has ever written!' Amazon Reviewer, 5 stars 'Just read it. NOW! A gigantic 5 FREAKING STARS!' Amazon Reviewer, 5 stars 'A whole lot of action and excitement. Add in lots of sarcastic banter, a sexy alpha demon and his smart-mouthed heroine, an intense, highly passionate romance and a bit of a mystery, and I devoured this book from start to finish ... Suzanne Wright is on another winner with this one!' The Escapist Book Blog

The Violence of Modernity Debarati Sanyal 2020-03-03 The result is a study that underscores how Baudelaire's legacy continues to energize literary engagements with the violence of modernity.

Taste of Torment Suzanne Wright 2014-05-25 It's been five months since vampire Sam Parker Bound herself to Jared Michaels, her powerful co-commander within the Grand High Master vampire's personal legion. Life as a Bound couple has been going just fine...until the Grand High Master announces he will be stepping down from his position and wants

Sam and Jared to take his place. Oh joy. Despite Sam's reservations, she agrees to ascend. But something very powerful has surfaced; something that is quickly decreasing the vampire population and could steal the lives of people close to Sam. At the same time, she finds herself under the scrutiny of vindictive vampires accusing her of exploiting her position as a commander - something that would threaten her ascension. Under the watchful eyes of people who would love nothing more than to strip her of her title, Sam and Jared must continue to conceal her hybrid status and find a way to fight this power that nothing before them has ever been able to overcome. If not, they stand to lose not only the people they hold close, but their future as the Grand High Pair. Warning: This novel features a female vampire who is a ray of blunt, obstinate sunshine, a possessive alpha male vampire who considers her his only weakness, lots of bad words, some dirty talk, and steamy explicit sex.

Less is More Jason Hickel 2020-08-13 'A powerfully disruptive book for disrupted times ... If you're looking for transformative ideas, this book is for you.' KATE RAWORTH, economist and author of Doughnut Economics A Financial Times Book of the Year

Our planet is in trouble. But how can we reverse the current crisis and create a sustainable future? The answer is: DEGROWTH. Less is More is the wake-up call we need. By shining a light on ecological breakdown and the system that's causing it, Hickel shows how we can bring our economy back into balance with the living world and build a thriving society for all. This is our chance to change course, but we must act now.

'A masterpiece... Less is More covers centuries and continents, spans academic disciplines, and connects contemporary and ancient events in a way which cannot be put down until it's finished.' DANNY DORLING, Professor of Geography, University of Oxford 'Jason is able to personalise the global and swarm the mind in the way that insects used to in abundance but soon shan't unless we are able to heed his beautifully rendered warning.' RUSSELL BRAND 'Jason Hickel shows that recovering the commons and decolonizing nature, cultures, and humanity are necessary conditions for hope of a common future in our common home.' VANDANA SHIVA, author of Making Peace With the Earth 'This is a book we have all been waiting for. Jason Hickel dispels ecomodernist fantasies of "green growth". Only degrowth can avoid climate breakdown. The facts are indisputable and they are in this book.' GIORGIS KALLIS, author of Degrowth 'Capitalism has robbed us of our ability to even imagine something different; Less is More gives us the ability to not only dream of another world, but also the tools by which we can make that vision real.' ASAD REHMAN, director of War on Want 'One of the most important books I have read ... does something extremely rare: it outlines a clear path to a sustainable future for all.'

RAOUL MARTINEZ, author of Creating Freedom 'Jason Hickel takes us on a profound journey through the last 500 years of capitalism and into the current crisis of ecological collapse. Less is More is required reading for anyone interested in what it means to live in the Anthropocene, and what we can do about it.' ALNOOR LADHA, co-founder of The Rules 'Excellent analysis...This book explores not only the systemic flaws but the deeply cultural beliefs that need to be uprooted and replaced.'

Calcium and Magnesium in Drinking-water World Health Organization 2009 Can calcium and magnesium ("hardness") in drinking water contribute to preventing disease? This book documents the outputs of an unprecedented group of experts assembled by the World Health Organization to address this question. It includes their comprehensive consensus view on what is known and what is not about the role and possible health benefit of calcium and magnesium in drinking-water. Also included is a series of chapters each authored by internationally renowned experts reviewing the state of the art in different aspects including: global dietary calcium and magnesium intakes; the contribution of drinking water to calcium and magnesium intake; health significance of calcium and magnesium; role of drinking-water in relation to bone metabolism; epidemiological studies and the association of cardiovascular

disease risks with water hardness and magnesium in particular; water production; technical issues and economics. In both developed and developing countries, typical diets are often deficient in calcium and magnesium--essential minerals which are necessary for the development of strong bones and teeth, and for cardiovascular function. At the same time, there is evidence that consuming "hard" drinking-water may be associated with reduced risks for some diseases. Climate change and other ongoing changes will increase the use of high tech treatments--for example desalination and reclamation of polluted waters and mean that the issue will be of increasing future importance.

Mockingjay (Hunger Games, Book Three) Suzanne Collins 2010-08-24 The greatly anticipated final book in the New York Times bestselling Hunger Games trilogy by Suzanne Collins.

Fractured Suzanne Wright 2015-12-14 Since the moment Imani Prince joined the Grand High Vampires' legion, she's been drawn to the self-assured and darkly sexual Robert 'Butch' Richardson. Although he walked away from her a year ago after a short fling, she doesn't judge him for his difficulties with relationships. But now he's in her space, declaring that he wants her back and regrets his earlier mistakes. While Imani's past is trying to interfere with the present and the threat of a war is looming, she has to decide whether to give him what he's demanding: all she has to give. Butch has always struggled to connect with people, but something about the sensual and independent Imani pulls at him until she's become an obsession that he simply can't shake. But she was with another male, and watching them together was agonizing. When that relationship ends, Butch makes his move. Now he has to convince her to take a second chance on him, and he won't leave her alone until she does. As far as he's concerned, Imani's his and has always been his. He just needs to make her see that.

Selling Beauty Morag Martin 2009-10-05 The practices of beauty -- A market for beauty -- Advertising beauty -- Maligning beauty -- Domesticating beauty -- Selling natural artifice -- Selling the orient -- Selling masculinity.

Brunner & Suddarth's Handbook of Laboratory and Diagnostic Tests Jan Hinkle 2017-10-01

The Brain That Changes Itself Norman Doidge 2008-08-07 OVER ONE MILLION COPIES SOLD 'A remarkable and hopeful portrait of the endless adaptability of the human brain' Oliver Sacks 'Utterly wonderful . . . without question one of the most important books about the brain you will ever read; yet it is beautifully written, immensely approachable, and full of humanity' Iain McGilchrist MA, author of *The Master and His Emissary* Meet the ninety-year-old doctor who is still practicing medicine, the stroke victim who learned to move and talk again and the woman with half a brain that rewired itself to work as a whole. All these people had their lives transformed by the remarkable discovery that our brains can repair themselves through the power of positive thinking. Here bestselling author, psychiatrist and psychoanalyst Norman Doidge reveals the secrets of the cutting-edge science of 'neuroplasticity'. He introduces incredible case histories - blind people helped to see, IQs raised and memories sharpened - and tells the stories of the maverick scientists who are overturning centuries of assumptions about the brain. This inspiring book will leave you with a sense of wonder at the capabilities of the mind, and the self-healing power that lies within all of us.

From Rags Suzanne Wright 2012-01-14 Jaxxon Carter, barmaid, would like nothing more than to better her current situation. A one-bedroomed flat, a sleazy landlord, drug-addicted neighbors - not exactly a childhood dream. When a chance encounter leads to a modelling job, she is catapulted to the peak of success. She also finds herself the focus of lethally sensual Connor McKenzie, who she hasn't seen since he left their foster home and went on to become a Formula One driver. But she has no intention of giving in to the mindless need between them. He hurt her once, and she won't allow it to happen a second time. Confident, determined, compelling...Connor McKenzie isn't a man who deprives himself of what he wants. There was only one thing he ever resisted, and it was the one thing he wanted most: the unknowingly enticing Jaxxon. When he sees her on the cover of a magazine, it reawakens every urge he buried. She tries to keep him out of her life, but Connor can't let it go. He resisted her ten years ago for a good reason. But now that reason is no longer there, and he's resolute that nothing - not even Jaxxon - will stop him from having her.

The Giver Quartet Lois Lowry 2012 Unlike the other Birthmothers in her utopian community, teenaged Claire forms an attachment to her baby, feeling a great loss when he is taken to the Nurturing Center to be adopted by a family unit.

Catching Fire (Hunger Games, Book Two) Suzanne Collins

2010-06-01 The second book in Suzanne Collins's phenomenal and worldwide bestselling Hunger Games trilogy.

Speculative Everything Anthony Dunne 2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose “what if” questions that are intended to open debate and discussion about the kind of future people want (and do not want). *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

Critique of Black Reason Achille Mbembe 2017-02-17 In *Critique of Black Reason* eminent critic Achille Mbembe offers a capacious genealogy of the category of Blackness—from the Atlantic slave trade to the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With *Critique of Black Reason*, Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

International Medical Guide for Ships. Third Edition World Health Organization 2007 This publication shows designated first-aid providers how to diagnose, treat, and prevent the health problems of seafarers on board ship. This edition contains fully updated recommendations aimed to promote and protect the health of seafarers, and is consistent with the latest revisions of both the WHO Model List of Essential Medicines and the International Health Regulations.--Publisher's description.

Savage Urges Suzanne Wright 2016-05-03 She's a lone wolf with a cause. As a volunteer at a shelter for lone shifters--the same one that rescued her--Makenna Wray has dedicated her life to finding homes for its residents. And when she discovers that a teen in her care is related to Ryan Conner, the broody, handsome-as-sin enforcer of the Phoenix Pack, she's eager to help connect the two. She just wasn't prepared to feel a connection of her own. Lone wolves are loners for a reason--and most of them bad. Or so Ryan assumes until he meets the mysterious Makenna. Quirky and sensual, she seems to enjoy riling him, especially when she refuses to discuss her past. Although there is no mating bond, he's sure she's the one. All he has to do is be patient and wait. But when another pack's sinister Alpha comes sniffing around, threatening Makenna and her shelter, this enforcer is ready to let his wolf off the leash....

Neither Black Nor White Yet Both Werner Sollors 1999 Why can a "white" woman give birth to a "black" baby, while a "black" woman can never give birth to a "white" baby in the United States? What makes racial "passing" so different from social mobility? Why are interracial and incestuous relations often confused or conflated in literature, making "miscegenation" appear as if it were incest? Werner Sollors examines these questions and others in "Neither Black nor White yet Both," a fully researched investigation of literary works that, in the past, have been read more for a black-white contrast of "either-or" than for an interracial realm of "neither, nor, both, and in-between." From the origins of the term "race" to the cultural sources of the "Tragic Mulatto," and from the calculus of color to the retellings of various plots, Sollors examines what we know about race, analyzing recurrent motifs in scientific and legal works as well as in fiction, drama, and poetry. Principles of Glacier Mechanics Roger LeB. Hooke 2019-12-05 The third edition of this successful textbook will supply advanced undergraduate and graduate students with the tools they need to understand modern glaciological research. Practicing glacial geologists and glaciologists will also find the volume useful as a reference book. Since the second edition, three-quarters of the chapters have been updated, and two new chapters have been added. Included in this edition are noteworthy new contributions to our understanding of important concepts, with over 170 references to papers published since the second edition went to press. The book develops concepts from the bottom up: a working knowledge of calculus is assumed, but beyond that, the important physical concepts are developed from elementary principles. Emphasis is placed on connections between modern research in glaciology and the origin of features of glacial landscapes. Student exercises are included.

Fallen Suzanne Wright 2021-07-01 Only a few are brave enough to fall . . . When Raini desperately needed help, she went to the one person who she knew could save her dying friend . . . her secretive and ruthlessly powerful anchor, Maddox. His price was that she grant him access to her life, yet he's still determined not to form the anchor bond with Raini. That rejection stings, even while she can't stop her body - or her demon - reacting to his presence. Maddox is a descendent, a rare breed of demon possessing angelic blood - and Raini knows he'll let someone close when hell freezes over. As a succubus, she's used to men wanting her uncontrollably - and used to having all the power. But while Maddox wants her strictly on his own terms, for the first time she can remember Raini's struggling to keep her own emotions in check. Yet when someone - or something - starts to target Raini, Maddox's protectiveness goes into overdrive. Suddenly he's finding it harder to keep his secrets and his distance, for nothing seems to matter as much as Raini. As the threat escalates into all-out war, they both have to decide: can they trust the other to catch them if they fall? The next sizzling paranormal romance in Suzanne Wright's globally bestselling *The Dark in You* series What readers are saying about Suzanne Wright: 'The chemistry sizzles off the page' Netgalley review 'Hot as hell . . . explosive' Netgalley review 'It's been two minutes since my last fix and I need Suzanne Wright to give me more' Edgy Reviews 'No words to describe how much I ADORE this extraordinary and magical read!!!' Water, Cultural Diversity, and Global Environmental Change Barbara Rose Johnston 2011-12-07 Co-published with UNESCO A product of the UNESCO-IHP project on Water and Cultural Diversity, this book represents an effort to examine the complex role water plays as a force in sustaining, maintaining, and threatening the viability of culturally diverse peoples. It is argued that water is a fundamental human need, a human right, and a core sustaining element in biodiversity and cultural diversity. The core concepts utilized in this book draw upon a larger trend in sustainability science, a recognition of the synergism and analytical potential in utilizing a coupled biological and social systems analysis, as the functioning viability of nature is both sustained and threatened by humans.

The Bite That Binds Suzanne Wright 2013-02-17 It's just over a week until Sam will be Binding with Jared, and the only thing she wants is to spend that time relaxing and preparing for the ceremony. Unfortunately, she seems to be asking too much of fate, because suddenly she's lumbered with a number of distractions that have the potential to postpone, or even cancel, the Binding. There's a guarded fiancé to crack, a complicated assignment to deal with, Jared's ex to alienate, and a bunch of snobbish Master Vampires to win over - or offend, whichever. On the upside, things couldn't possibly be any worse, could they? Actually, yes they could. Due to a cruel twist of fate, something strange is happening to Sam -something that is changing her in ways she doesn't like or understand. With the help of Jared and those closest to her, she has to not only handle the threats to the Binding Ceremony, but find a way to fix what has been done to her - and fast. Warning: This book contains a stubborn and occasionally homicidal female vampire, a powerful and overprotective male vampire who refuses to lose her, and scenes of a sexual, explicit nature.

Ghost Wood Song Erica Waters 2020-07-14 Sawkill Girls meets The Hazel Wood in this lush and eerie debut, where the boundary between reality and nightmares is as thin as the veil between the living and the dead. If I could have a fiddle made of Daddy's bones, I'd play it. I'd learn

all the secrets he kept. Shady Grove inherited her father's ability to call ghosts from the grave with his fiddle, but she also knows the fiddle's tunes bring nothing but trouble and darkness. But when her brother is accused of murder, she can't let the dead keep their secrets. In order to clear his name, she's going to have to make those ghosts sing. Family secrets, a gorgeously resonant LGBTQ love triangle, and just the right amount of creepiness make this young adult debut a haunting and hopeful story about facing everything that haunts us in the dark.

Feral Sins Suzanne Wright 2013 When female wolf shifter Taryn Warner first encounters Trey Coleman, an alpha male wolf shifter with a dangerous reputation, she's determined to resist his charms. But Taryn finds herself drawn in by Trey's forceful demeanor and arctic-blue eyes, and she eventually agrees to enter an uneasy alliance with him. If the two succeed in convincing their respective packs that they've chosen each other as mates, Trey will win valuable political allies, while Taryn will escape an odious arranged mating. Will they be able to maintain the clear heads needed to pull off the deception?

The Damned (La-Bas) Joris-Karl Huysmans 2015-05-28 Joris-Karl Huysmans' shocking novel of an innocent's descent into a world of depraved, blasphemous rituals, *The Damned (Là-Bas)* caused a scandal when it was first published in nineteenth-century France. This Penguin Classics edition is translated with an introduction and notes by Terry Hale. Durtal, a shy, censorious man, is writing a biography of Gilles de Rais, the monstrous fifteenth-century child-murderer thought to be the original for 'Bluebeard'. Bored and disgusted by the vulgarity of everyday life, Durtal seeks spiritual solace by immersing himself in another age. But when he starts asking questions about Gilles's involvement in satanic rituals and is introduced to the exquisitely evil madame Chantelouve, he is soon drawn into a twilight world of black magic and erotic devilry in fin-de- siècle Paris. Published in 1891, *The Damned* cemented Huysmans's reputation as a writer at the forefront of the avant-garde and as one of the most challenging and innovative figures in European literature. In his introduction, Terry Hale discusses autobiographical aspects of this scandalous novel, Huysmans's fascination with occult practices, the real woman who inspired the character of Madame Chantelouve and other literary accounts of Gilles de Rais. This edition also includes further reading, a chronology and notes. Joris-Karl Huysmans (1848-1907) is now recognized as one of the most challenging and innovative figures in European literature and an acknowledged principal architect of the fin-de-siècle imagination. He was a career civil servant who wrote ten novels, most notably *A Rebours* and *Là-Bas*. If you enjoyed *The Damned*, you might like Huysmans's *Against Nature (A Rebours)*, also available in Penguin Classics.

Omens Suzanne Wright 2020-07-28 She's the one thing he can't control . . . Since Keenan's traumatic childhood he's made sure he's always in control. Of himself, and of the world around him. But Khloe drives him crazy. She's an imp, so getting under people's skin is basically her job description, but Khloe makes him - and his body - respond in ways he's never known. Keenan is the mistake Khloe knows she shouldn't make. As an incubus, he's got an inside track into everything that makes her tick, and even though she's immune to his supernatural sex appeal, that doesn't stop her body - and her demon - craving him. After a bet escalates the simmering tension between them it's finally game on . . . and then the game turns deadly serious. When a danger appears that could threaten the whole lair, Keenan's desperate to protect Khloe any way he can - but will she accept his claim, and can he accept the power she has over him? A History of French Literature Edward Dowden 2020-07-30 Reproduction of the original: *A History of French Literature* by Edward Dowden

Genius Foods Max Lugavere 2018-03-20 New York Times Bestseller Discover the critical link between your brain and the food you eat and change the way your brain ages, in this cutting-edge, practical guide to eliminating brain fog, optimizing brain health, and achieving peak mental performance from media personality and leading voice in health Max Lugavere. After his mother was diagnosed with a mysterious form of

dementia, Max Lugavere put his successful media career on hold to learn everything he could about brain health and performance. For the better half of a decade, he consumed the most up-to-date scientific research, talked to dozens of leading scientists and clinicians around the world, and visited the country's best neurology departments—all in the hopes of understanding his mother's condition. Now, in *Genius Foods*, Lugavere presents a comprehensive guide to brain optimization. He uncovers the stunning link between our dietary and lifestyle choices and our brain functions, revealing how the foods you eat directly affect your ability to focus, learn, remember, create, analyze new ideas, and maintain a balanced mood. Weaving together pioneering research on dementia prevention, cognitive optimization, and nutritional psychiatry, Lugavere distills groundbreaking science into actionable lifestyle changes. He shares invaluable insights into how to improve your brain power, including the nutrients that can boost your memory and improve mental clarity (and where to find them); the foods and tactics that can energize and rejuvenate your brain, no matter your age; a brain-boosting fat-loss method so powerful it has been called "biochemical liposuction"; and the foods that can improve your happiness, both now and for the long term. With *Genius Foods*, Lugavere offers a cutting-edge yet practical road map to eliminating brain fog and optimizing the brain's health and performance today—and decades into the future.

Consumed Suzanne Wright 2014-12-11 Sventé vampire Ava Sanchez has a difficult decision to make: should she accept the invitation of the Grand High Master Vampires and join their legion? It will mean leaving behind her brother and her home. It will also mean working with Pagori vampire, Salem McCauley. Unlike the majority of vampirekind, she doesn't fear Mr. Tall, Blond, and Dauntless...even if he does have some psychopathic traits. In fact, he has a raw sexuality that tempts her to drop her 'no relationships' rule and give him exactly what he wants from her - everything. Salem McCauley doesn't like anything cute, or sweet, or cheery. Yet he wants Ava with a desperation that's bordering on obsession. And shockingly, she doesn't look at him like others do - you know, like they fear he'll rip out their spinal cord for fun. Now that the legion will be busy hunting the players involved in the creation of an illegal vampiric brothel, there's no time for pursuing Ava. But Salem makes time, because he never denies himself what he wants and he always holds tight to what's his. And that's exactly what Ava is, whether she knows it or not: His.

Here Be Sexist Vampires Suzanne Wright 2013-02-08 Sam Parker is a vampire with a gift so strong and substantial that she is invited to partake in a test for a place in the Grand High Master Vampire's private army. She finds that not only has the army never included a woman, but it has never included a Sventé vampire; a breed that is regarded by the super strong Pagori breed and the hypnotically beautiful Keja breed to be too tame and human-like. Most refuse to take her seriously, especially a Pagori commander named Jared who she craves in spite of herself. The Grand High Master, however, sees her potential and offers her the position of Jared's co-commander to help train the newest squad in time for the impending attack on his home. Sam has to demonstrate to Jared and the squad of chauvinists why it is incredibly foolish to underestimate a wilful, temperamental, borderline-homicidal Sventé female. Warning: This novel contains an iron-willed female vampire with an energy whip, a sexist male vampire who is determined to have her, explicit vampy sex, and a romance story with real bite.

Blaze Suzanne Wright 2016-09-01 For those who need more Harper and Knox . . . there's Blaze! Defeat the enemy. Win the boy. Live happily ever after. But life "ever after" isn't as easy as it used to be. Harper's gone from being a member of a small demon lair to co-Prime of one of the most powerful lairs in the US with a mate who, though hot as hell, is just a mite overprotective - I mean, you get kidnapped by dark practitioners just once . . . Then one of Knox's demons goes rogue, and in his madness decides Knox Thorne must die. Harper's worried. Knox isn't - at least until he discovers his mate's willingness to get between him and danger. Now, Knox has a new priority: Keep Harper safe . . . no matter what it takes. But Harper begins to suspect there's more danger than one rogue demon. It

seems the combined strength of Harper and Knox has upset the balance of power in the demon world and there are those who are determined to right that wrong. Because when you move up the food chain, sometimes the other predators just want to take a bigger bite. Praise for Suzanne Wright: "Unique, original and very entertaining." Ramblings from this Chick "It's been two minutes since my last fix and I need Suzanne Wright to give me more" Edgy Reviews

Cosmetic Surgery, Gender and Culture S. Fraser 2003-08-18 Women's magazines teem with its promises and horror stories; feminists ardently debate its status as harmful or heroic; surgeons and regulators compete to define which procedures can be offered and how. Through its representation, cosmetic surgery impacts on us all, not just those who go 'under the knife'. This book investigates the ways in which cosmetic surgery is shaping gender, and in the process, it questions contemporary cultural studies assumptions about how we read the media.

Over Sea, Under Stone Susan Cooper 2012-03-06 The first volume of Susan Cooper's brilliant and absorbing fantasy series, *The Dark Is Rising*. On holiday in Cornwall, the three Drew children discover an ancient map in the attic of the house that they are staying in. They know immediately that it is special. It is even more than that -- the key to finding a grail, a source of power to fight the forces of evil known as the Dark. And in searching for it themselves, the Drews put their very lives in peril.

When He's Dark Suzanne Wright 2020-04-07 Cat shifter Bree Dwyer doesn't fear much. Ironically, what she fears most is the person who was put on the Earth just for her. Your true mate wasn't supposed to be cruel and twisted; wasn't supposed to be someone who'd never love or want to claim you. The rumors that her true mate is dead bring her only relief. Bree's intent on moving forward with her life and building a future with someone else. Sadly, the male she wants most is one she can never have--a hot-as-sin wolverine shifter who happens to be her boss ... and the cousin of her predestined mate. Aleksandr "Alex" Devereaux detests being bullshitted, but he's been lying to himself for years--pretending he thinks of Bree as extended family; that he doesn't want her so bad he aches with it; that he can't feel himself weakening against her pull. The night they spend together changes everything. He's done fighting himself on what he wants. Someone isn't happy about that. Possibly the same 'someone' who's playing mind games with Bree, trying to scare her. They're succeeding, because too many leads point to the possibility that the culprit could be the one person that she's determined to believe is dead.

Brunner & Suddarth's Textbook of Medical-Surgical Nursing Kerry H. Cheever, Ph.D. R.N. 2012-07-09

Clinical Case Studies for the Family Nurse Practitioner Leslie Neal-Boylan 2011-11-28 Clinical Case Studies for the Family Nurse Practitioner is a key resource for advanced practice nurses and graduate students seeking to test their skills in assessing, diagnosing, and managing cases in family and primary care. Composed of more than 70 cases ranging from common to unique, the book compiles years of experience from experts in the field. It is organized chronologically, presenting cases from neonatal to geriatric care in a standard approach built on the SOAP format. This includes differential diagnosis and a series of critical thinking questions ideal for self-assessment or classroom use.

Consumed by Fire Anne Stuart 2015-05-26 Evangeline Morrissey remembers the last time she saw her husband: it was during their honeymoon, right before he stole her grandmother's earrings and abandoned her. Now, five years later, the enigmatic man who'd broken her heart and destroyed her trust is back. But she's not the same naive young woman who fell for him so easily. Marrying Evangeline and letting her think he was nothing but a common thief had been James Bishop's plan all along. As an assassin for the Committee, a covert agency dedicated to stamping out international crime, he had no business even thinking about marriage. But it was the only way to protect Evangeline after she'd unwittingly wandered into his operation against a group of human traffickers, placing herself in grave danger. And now that James's vigilant watch over Evangeline's life has revealed to his enemies that she's his one true weakness, he must set out to have, to hold, and—above all—to protect his bride.
