The Veil Chloe Neill 2016-04-14 Seven years ago, the Veil that separates us from what lies beyond was torn apart, and New Orleans was engulfed in a supernatural war. Claire Connolly is a good girl with a dangerous secret: she's a Sensitive, a human endowed with magic that seeped through the Veil. Claire knows that revealing her skills would mean being confined to Devil's Isle. Unfortunately, hiding her power has left her untrained and unfocused. Liam Quinn knows from experience that magic makes monsters of the weak, and he has no time for a Sensitive with no control of her own strength. But when he sees Claire using her powers to save a human under attack - in full view of the French Quarter - Liam decides to bring her to Devil's Isle and the teacher she needs - even though getting her out of his way isn't the same as keeping her out of his head. As more and more Sensitives fall prey to their magic, and unleash their hunger on the city, Claire and Liam must work together to save New Orleans,

or else the city will burn...

Bloodring Faith Hunter 2008-11-04 In a novel filled with lush imagery and exhilarating action, Faith Hunter creates a near-future world caught in the throes of an ambiguous apocalypse - where a woman with everything to hide finds her true destiny revealed. As humanity struggles with religious strife and seraphs and demons fight a never-ending battle, a new species has arisen. "Neomages" are human in appearance, but able to twist left-over creation energy to their will. A threat to both humans and seraphs, they are confined in luxurious Enclaves. Thorn St. Croix is no ordinary neomage. Nearly driven insane by her powers, she is smuggled out of an Enclave and now lives among humans, channeling her gift of stone-magery into jewelry making. Most humans stay far from its borders - but Victory Vaughn, Boston's only professional demon slayer, isn't exactly human... Boston's diverse South End is known for its architecture and great restaurants, not its body count. So when mutilated human corpses begin turning up in the area, the entire city takes notice. The killer-dubbed the South End Reaper-uses a curved blade for his grisly work. And even though there's no real evidence pointing to a paranormal culprit, the deaths are straining the already-tense relations between Boston's human and inhuman residents. As the bodies pile up, Vicky, her formidable aunt, Mab, and her werewolf boyfriend, Kane investigate, only to find that the creature behind the carnage is after something much more than blood...

Blood Oranges Kathleen Tierney 2013-02-05 My name's Quinn. If you buy into my reputation, I'm the most notorious demon hunter in New England. But rumors of my badassery have been slightly exaggerated. Instead of having kung-fu skills and a closet full of medieval weapons, I'm an ex-junkie with a talent for being in the wrong

place at the right time. Or the right place at the wrong time. Or...whatever. Wanted for crimes against inhumanity I (mostly) didn't commit, I was nearly a midnight snack for a werewolf until I was "saved" by a vampire calling itself the Bride of Quiet. Already cursed by a werewolf bite, the vamp took a pint out of me too. So now...now, well, you wouldn't think it could get worse, but you'd be dead wrong.

Blameless Gail Carriger 2010-09-01 Quitting her husband's house and moving back in with her horrible family, Lady Maccon becomes the scandal of the London season in the third book of the NYT bestselling Parasol Protectorate series. Queen Victoria dismisses her from the Shadow Council, and the only person who can explain anything, Lord Akeldama, unexpectedly leaves town. To top it all off, Alexia is attacked by homicidal mechanical ladybugs, indicating, as only ladybugs can, the fact that all of London's vampires are now very much interested in seeing Alexia quite thoroughly dead. While Lord Maccon elects to get progressively more inebriated and Professor Lyall desperately tries to hold the Woolsey werewolf pack together, Alexia flees England for Italy in search of the mysterious Templars. Only they know enough about the preternatural to explain her increasingly inconvenient condition, but they may be worse than the vampires -- and they're armed with pesto.!--EndFragment-- **BLAMELESS** is the third book of the Parasol Protectorate series: a comedy of manners set in Victorian London, full of werewolves, vampires, dirigibles, and tea-drinking. Grave Sight Charlaine Harris 2010-06-10 Harper Connelly had a lucky escape when she was hit by lightning: she didn't die. But sometimes she wishes she had died, because the lightning strike left her with an unusual talent: she can find dead people - and that's not always comfortable. Everyone wants to know how she does it: it's a little like hearing a bee droning inside her head, or maybe the pop of a Geiger counter, a persistent, irregular noise that increases in strength as she gets closer. It's almost electric: a buzzing all through her body, and the fresher the corpse, the more intense the buzz. Harper and her brother Tolliver make their living from finding the dead, for desperate parents, worried friends ... and police departments who have nowhere else to look. They may not believe in her abilities, but sometimes the proof is just too much for even the most sceptical of police chiefs to deny. But it's not always easy for someone like Harper, for the dead *want* to be found - and too often, finding the body doesn't bring closure; it opens a whole new can of worms.
