Study Guide to The Eye of the Storm and Other Works by Patrick White Intelligent Education 2020-06-28 A comprehensive study guide offering in-depth explanation, essay, and test prep for selected works by Patrick White, winner of the Nobel Prize in Literature in 1973. Titles in this study guide include The Aunts, The Vivisector, The Solid Mandala, The Tree of Man, Riders in the Chariot, Voss, and The Eye of the Storm. As a writer of the twentieth-century, his work included a stream of consciousness technique and unique shifting narrative points. Moreover, White was the first and only Australian to win a Nobel Prize in Literature. This Bright Notes Study Guide explores the context and history of Patrick White's classic work, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research.

Beloved Prisoner Shahla 2000-07-24 marketing text & author bio

Lying and Deception Thomas L. Carson 2010-04-29 This is the most comprehensive and up-to-date investigation of moral and conceptual questions about lying and deception. Carson argues that there is a moral presumption against lying and deception that causes harm, he examines case-studies from business, politics, and history, and he offers a qualified defence of the view that honesty is a virtue.

The Frontlines of Peace Severine Autesserre 2021-02-01 At turns surprising, funny, and gut-wrenching, this is the hopeful story of the ordinary yet extraordinary people who have figured out how to build lasting peace in their communities The word "peacebuilding" evokes a story we've all heard over and over: violence breaks out, foreign nations are scandalized, peacekeepers and million-dollar donors come rushing in, warring parties sign a peace agreement and, sadly, within months the situation is back to where it started--sometimes worse. But what strategies have worked to build lasting peace in conflict zones, particularly for ordinary citizens on the ground? And why should other ordinary citizens, thousands of miles away, care? In The Frontlines of Peace, Severine Autesserre, award-winning researcher and peacebuilder, examines the well-intentioned but inherently flawed peace industry. With examples drawn from across the globe, she reveals that peace can grow in the most unlikely circumstances. Contrary to what most politicians preach, building peace doesn't require billions in aid or massive international interventions. Real, lasting peace requires giving power to local citizens. The Frontlines of Peace tells the stories of the ordinary yet extraordinary individuals and organizations that are confronting violence in their communities effectively. One thing is clear: successful examples of peacebuilding around the world, in countries at war or at peace, have involved innovative grassroots initiatives led by local people, at times supported by foreigners, often employing methods shunned by the international elite. By narrating success stories of this kind, Autesserre shows the radical changes we must take in our approach if we hope to build lasting peace around us--whether we live in Congo, the United States, or elsewhere.

Answering Kennedy's Call Parker Borg 2011 Fifty years after President Kennedy signed the 1961 Executive Order creating the Peace Corps, nearly 100 former volunteers who joined the new organization in the first year for service in the Philippines recall why they joined, what they experienced, and how this service in the Philippines affected their lives. In addition a half dozen members of the Peace Corps staff in the Philippines and a similar number of Filipinos have contributed their recollections from the period. The book includes photos of individuals from both the 1960s and more recently as well as maps showing communities of service. The Peace Corps program in the Philippines was the first in Asia. Three factors set it apart from others during the early years of the Peace Corps' existence. First, it was the largest program in the world, absorbing 25 per cent of all volunteers at the beginning. Second, all volunteers in the first years were assigned to be "teacher's aides," a position that was never clearly defined and that the Country Director later admitted was a "non-job." And third, the Philippine program occurred in a nation that only fifteen years earlier had become independent from the US, having been America's single effort at establishing an imperialist colonial empire. This history gave the Philippine program a distinctly different political and social dynamic from what was the case in all of the other early Peace Corps countries. These are the reminiscences of a group of young Americans of varying degrees of idealism who answered President Kennedy's call to do what they could for their country. Assigned each to a separate school in the central part of the country, they lived far from the bright lights of Manila. The stories illustrate varying degrees of integration into the local culture, different ways of coping with the frustrations of their "non-job," and what many learned as they came to terms with themselves living far from familiar comforts on a salary of about $55 per month. Above all the stories tell of the determination and spirit of these early volunteers in establishing a strong basis for one of the important first Peace Corps programs.

To Create a Department of Peace. Hearings on H.R. 503. June 18, 1947 United States. Congress. House. Committee on Expenditures in the Executive Departments 1947

Fahrenheit 451 Ray Bradbury 1968 A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

Self-Compassion Kristin Neff 2011-07-07 Kristin Neff PhD, is a professor in human development whose 10 years' of research forms the basis of her timely and highly readable book. Self Compassion offers a powerful solution for combating the current malaise of depression, anxiety and self criticism that comes with living in a pressured and competitive culture. Through tried and tested exercises and audio downloads, readers learn the 3 core components that will help replace negative and destructive measures of self worth and success with a kinder and non judgemental approach in order to bring about profound life change and deeper happiness. Self Compassion recognises that we all have weaknesses and limitations, but in accepting this we can discover new ways to achieve improved self confidence, contentment and reach our highest potential. Simply, easily and compassionately. Kristin Neff's expert and practical advice offers a completely new set of personal development tools that will benefit everyone. 'A portable friend to all readers ... who need to learn that the Golden Rule works only if it's reversible: We must learn to treat ourselves as well as we wish to treat others.' Gloria Steinem 'A beautiful book that helps us all see the way to cure the world - one person at a time - starting with yourself. Read it and start the journey.' Rosie O'Donnell

PSAT/NMSQT Study Guide, 2023: 4 Practice Tests + Comprehensive Review + Online Practice Brian W. Stewart 2022-06-07 A preparation guide to the 2023 PSAT/NMSQT that covers relevant topics, with a diagnostic test, and four full-length practice tests.

Strategic Theory for the 21st Century: The Little Book on Big Strategy Dr. Harry R. Yarger 2006 Strategy for the nation-state is neither simple nor easy. Good strategy demands much of the military professional whether he is formulating, articulating, evaluating, or executing strategy. Few do it well. It requires the professional to step out of the planning mind set and adopt one more suited for the strategic environment. This is particularly true in periods of great change and turmoil when a successful military strategy must be closely integrated with and may depend on other national strategies of the interagency community. A theory of strategy helps in this transition by educating the professional and disciplining his thinking in any of his roles. This monograph advances a theory of strategy that provides essential terminology and definitions, explanations of the underlying assumptions and premises, and substantive hypotheses that explain the nature of the strategic environment and the role and expectations of strategy. The environment is explained in theoretical and practical terms, and the implications for strategic thinking are developed with a distinction being made between strategy and planning mind sets. The typical problems practitioners have in formulating and articulating strategy are discussed. Strategy formulation is recognized as both an art and science, and the U.S. Army War College strategy model of ends, ways, and means is expounded on and advocated as a methodology for articulating strategies.

Modern World History Roger B. Beck 2002-03-01

The Conflict Helix R. J. Rummel 1991 This is a book on conflict and consensus aimed at the general reader. In active, plain and direct language it makes the seemingly abstract and complex issues simple. Its view of peace is well-rounded, tough-minded, one that well understands the difficult world of social and personal violence and conflict. At its heart is a simple finding: "to wage peace we need to foster freedom." The human race can best achieve that simple aim by "leaving people alone to form their own communities." "The Conflict Helix "avoids the ambiguous in favor of the categorical; the hedged, qualified statement for the direct Rummel presents a series of basic principles, each concerning an aspect of conflict and peace - psychological, interpersonal, societal, international - and each aspect having its own master principle. These principles are not mere organizational props, but are deeply theoretical and empirically fundamental. The volume expresses the core ideas, results and conclusions of Rummel's major, five-volume work on "Understanding Conflict and War. "In discarding technical material and focusing on principles and meaning, "The Conflict Helix "presents an executive summary of a lifetime of work in a digestible form. In light of recent events in Europe, Asia and Latin American this work takes on a special poignancy for the developing no less than the industrialized worlds. Hence, this book should be of value to the general reader as well as professionals and advanced students of international politics.

Awkward Dominion Frank C. Costigliola 2018-08-06 In Awkward Dominion, Frank Costigliola offers a striking interpretation of the emergence of the United States as a world power in the 1920s, a period in which the country faced both burdens and opportunities as a result of the First World War. Exploring the key international issues in the interwar period—peace treaty revisions, Western economic recovery, and modernization—Costigliola considers American political and economic success in light of Europe's fascination with American technology, trade, and culture. The figures through which he tells this story include Herbert Hoover, Calvin Coolidge, Henry Stimson, Charles Lindberg, Ernest Hemingway, and Henry Ford.

The Soul Guide to a Magical Life Dr. Pamela Moss 2018-10-27 What if the answers have been inside you, all along? This international bestseller inspires you to tap into your own inner guidance for the answers you seek, and empowers you to uncover your greatest Calling — the great work of your life — and get rid of your inner blocks to success. It guides you through a proven, step-by-step approach for making the profound difference YOU are here for. And it includes a treasure chest of practical tools for transformation! Whether you are already following your Calling, want to take it to the next level, or are just starting to wake up and want to make a difference, this book is for you. In it you'll discover: • Who you really are (it's not who you think!) • Quick tips to get clear answers from your inner guidance — and how to tell if it's real. • Insightful exercises to uncover your greatest Calling and soul purpose. • Transformational tools to remove your blocks, using the power of your subconscious mind. • How your personal journey fits into the larger Calling of Our Time. • How you can change the world, by changing yourself! You are not alone. More and more of us are being called to our unique service and self-expression — to our own true place in the divine plan for this time of planetary change and evolution. Each of us is needed, because each of us carries a piece of the solution. No one else can do your greatest Calling. You are part of the web of light, and it's time to light up your light! This book takes you on a soulful journey to recall who you really are and what you're here to do, and to reclaim your spiritual gifts and innate abilities. Right now more and more people are hearing an inner call that cannot be ignored. This calling is an urgent reminder that we must get to work healing ourselves and the planet. All too often, though, we get distracted by material temptations and painful beliefs that create amnesia, fear, and self-doubt in us. This book will help you get back on track with your soul purpose.

Right and Wrong and Being Strong Lisa O Engelhardt 2014-10-21 Kids aren't born knowing right from wrong. But, somehow, over the years, we hope to help them become caring, responsible, respectful adults. This practical how-to book for kids is an invaluable tool in guiding children on the journey of moral development. Through concrete language and interactive examples, it addresses such topics as honesty, peer pressure, and how to tell right from wrong. Even more, it shows kids how to go beyond doing right to doing good.

U.S. Army War College Guide to National Security Policy and Strategy

Suffer Less in Life and Work Vincent Dodd 2022-10-12 It can seem we are more divided than ever in many aspects of life, and we too often still feel empty while pushing ourselves to keep up. Suffer Less in Life & Work explores many facets of our relationships with ourselves and others and provides tools to help ease this division and brings a clearer level of understanding and grace. When you consider what makes up our life: emotions, relationships, concerns, expectations, harsh realities, and even politics, how can there not be some suffering? Though these subjects are wide and deep, the author breaks each down and shares from his 34 years of front-line public service experiences and his personal life observations what is adding to our difficulties. He then follows with solution-based concepts and easy daily applicable tools to tame these daily life stressors. The Author writes: I am periodically asked, "With all of the tragedy and death you have seen, why do you laugh so often?" Sometimes the question is worded slightly differently, which slightly changes my answer, "With all the tragedy and death you have seen, how can you always be so happy?" My answer to the first question is because life is hard; and yet, life is also an amazing and unfortunately short but powerful journey. So yes, I do find the good, the humor, and the laughter as often as I can. My answer to the slightly differently worded question is the same, but it starts with, "I am not always happy...." I have seen inside of us, including myself, that there is a dark place between alive and dead that we sometimes fall into for a period. That place is emptiness, loneliness, paralyzing fear, anxiety, depression, anger, resentment, jealousy, even blame, and many addictions. It is my hope that we do not have to stay in that undead but not alive place for long. We arrive there when our feelings or perceptions, and sometimes the actual reality of our life, hit a difficult span of more bad than good. This causes the rough to cover more of our spirit than the light of goodness can illuminate. In this day and time, that unalive place is happening to us all too often. We do have valid reasons to feel overwhelmed, depressed, anxious, and to question human and social behaviors. But you are alive, and unless chronic or severe, these painful, aware, and sensitive human experiences have the potential to enrich our lives. It requires a cautious balance. As pressures mount, this can be difficult, but acknowledging how tough and scary it all can be at times is a great healthy start.

Growing in Christ While Helping Others Participant's Guide 4 John Baker 2021-06-08 The Celebrate Recovery Participant's Guides are essential tools for the personal recovery journey. In the seven lessons in Guide 4: Growing in Christ While Helping Others, you will work through the final two principles on the road to recovery. More than just maintenance, these principles will help you prevent relapse and give you the necessary tools to help others in their recovery process. 7 Reserve a daily time with God for self-examination. Bible reading and prayer in order to know God and his will for my life and to gain the power to follow his will. 8 Yield myself to God to be used to bring this Good News to others, both by my example and by my words. "Happy are those who are persecuted because they do what God requires" (Matthew 5:10). By working through the lessons and exercises found in each of the four Participant's Guides you will begin to experience the true peace and serenity you have been seeking, restore and develop stronger relationships with others and with God, and find freedom from life's hurts, hang-ups, and habits. All the scriptures have been updated to the new NIV 2011 version.

The Subtle Art of Not Giving a F*ck Mark Manson 2016-09-13 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead a contented, grounded lives.

Darfur Genocide: The Essential Reference Guide Alexis Herr 2020-03-06 This important reference work offers students a comprehensive overview of the Darfur Genocide, with roughly 100 in-depth articles by leading scholars on an array of topics and themes, and more than a dozen key primary source documents. Stretching beyond Darfur to situate Sudan within the scope of its African, colonial, human rights, and genocidal history, this reference work explores every aspect of the Darfur Genocide. Covering hundreds of years, this book explores the religious, ethnic, and cultural roots of Sudanese identity-making and how it influenced the shape of the genocide that erupted in 2004. As the first reference guide on the Darfur Genocide, this text will enable readers to explore an array of critical topics related to the atrocities in Sudan. The book opens with seven key essays collectively providing an overview of the genocide, its causes and consequences, international reaction, and profiles on the main perpetrators, victims, and bystanders. These are followed by entries on such crucial topics as the African Union, child soldiers, the Janjaweed, and the Lost Boys and Girls of Sudan. Leading scholars offer perspective essays on the primary cause of the Darfur Genocide and on whether the conflict in Darfur is a just case for intervention. Expertly curated primary documents enrich readers' ability to understand the complexity of the genocide. Offers an indispensable resource for anyone interested in the Darfur Genocide specifically and genocide studies in general Explains the historical and modern contexts that drive the Darfur Genocide, shedding light on the cultural, political, and social factors that have allowed it to continue for more than 15 years Sketches the many complexities that help explain why the United Nations and international community at large have failed to stop the atrocities Features entries written by leading experts on the Darfur Genocide Provides the text of speeches by Sudanese leaders, national and foreign policy briefs, peace treaties, and United Nations Reports related to the Darfur Genocide

Homo Deus Yuval Noah Harari 2016-09-08 **THE MILLION COPY BESTSELLER** Sapiens showed us where we came from. In uncertain times, Homo Deus shows us where we're going. 'Homo Deus will shock you. It will entertain you. It will make you think in ways you had not thought before' Daniel Kahneman, bestselling author of Thinking, Fast and Slow Yuval Noah Harari envisions a near future in which we face a new set of challenges. Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century and beyond - from overcoming death to creating artificial life. It asks the fundamental questions: how can we protect this fragile world from our own destructive power? And what does our future hold?

Study and Teaching Guide: The History of the Ancient World Julia Kaziewicz 2013-11-10 A curriculum guide to accompany The History of the Ancient World: From the Earliest Accounts to the Fall of Rome, by Susan Wise Bauer. Susan Wise Bauer's narrative world history series is widely used in advanced high school history classes, as well as by home educating parents. The Study and Teaching Guide, designed for use by both parents and teachers, provides a full curriculum with study questions and answers, critical thinking assignments, essay topics, instructor rubrics, and test forms. Explanations for answers and teaching tips are also included. The Study and Teaching Guide, designed by historian and teacher Julia Kaziewicz in cooperation with Susan Wise Bauer, makes The History of the Ancient World (recommended for high school study in The Well-Trained Mind: A Guide to Classical Education at Home) even more accessible to educators and parents alike.

Stand for Life John Ensor 2022-05-03 Of the 1.2 million abortions performed annually in the U.S., more than 500,000 are performed on college-aged women. They make up 44% of all abortions in the country. So it is not surprising that there is a large, thriving network of pro-life groups on college campuses. These groups serve to advocate for pro-life and educate other young people about the physical, emotional, psychological and spiritual effects that abortion has on women. While there are online guides and booklets on the topic, there are currently very few if any books that are specifically geared for use by young advocates for this cause. Now there is Stand for Life, a manual that addresses tough questions in a format that is concise and straightforward. Topics include: Defending your pro-life views in five minutes or less Understanding the sanctity of human life Simplifying the abortion debate Developing a Christian response to abortion Debate: keeping cool under fire Q&As about such thorny issues as unsafe abortions, abortion when mothers lives are at risk, my body, my choice, and more

Bad Feminist by Roxane Gay (Summary) QuickRead Do you want more free book summaries like this? Download our app for free at https://www.QuickRead.com/App and get access to hundreds of free book and audiobook summaries. Discover Why Being a Bad Feminist is Better Than Not Being a Feminist At All. When you hear the word feminism, what do you think of? In today's climate, you likely think about the many women's marches and the #MeToo movement that have taken over the media. All of these fight for the rights of women in every area of life, including equal pay, reproductive rights, and more. But according to Roxane Gay, feminism is flawed. There is no right or wrong way to be a feminist, which is why Gay proudly labels herself as a bad feminist. As a bad feminist, Gay recognizes that humans are flawed, and therefore, their views and opinions don't always fit perfectly into a neatly wrapped package. For instance, while Gay enjoys going against the grain, her favorite color is still pink and she enjoys reading Vogue, both of which are typical female stereotypes. At the end of the day, feminism looks different for everyone but being a bad feminist is better than not being a feminist at all! As you read, you'll learn how reality television is harmful to the fight for equality, how racial profiling can end in murder, and how movies like The Help only advance racial stereotypes.

Modern World History California Edition Roger B. Beck 2005-01-07

The Neurotic's Guide to Avoiding Enlightenment Chris Niebauer, Ph.D. 2014-03-10 Has self-improvement really improved the self? More than ever people are on a quest for self-improvement and enlightenment. People are "watching" their egos or losing their egos in order to find peace of mind or to get along better with others. And yet, the more we try to lose our ego, the more of it there is to lose. The more we try to make peace, the more we find conflict. It is exactly what happens when we try not to think of the number 3 and that is all we can think about. Our efforts seem to have the opposite effect and this is due to the way the left side of the brain processes information. Neuroscience discovered that the left brain makes up elaborate stories and convincing explanations. It is the left brain that makes up the most elaborate and convincing story of all, the story of who you think you are. And the more we try to get out of this story, the deeper we find ourselves in it because it is the function of the left brain to work on the law of opposition. Try not to be anxious and that's exactly what happens. Try not to worry and you will be flooded with anxious thoughts. And the same is true for self-improvement. The more we try to improve our story, the more the story needs to be improved. The left brain excels at these games even when it plays by pretending not to play. If I said that all attempts at self-improvement are futile, how would you respond? Would you reflexively think I'm wrong? Is there any way not to play these games of the left brain? Which part of your brain do you think is asking this question? This book was written for the ordinary person who has an extraordinary curiosity for who they are, how thoughts work and why they cannot control their thoughts. It is a practical guide that uses examples from my kids, favorite movies and TV shows from the 80s and 90s along with simple exercises so you can see for yourself if any of this is on track. While no special knowledge of neuroscience is required, you may understand many of the examples if you've seen an episode or two of Star Trek or Seinfeld. While this work is based on the teachings of Alan Watts and Eckhart Tolle it integrates the findings of modern neuroscience which surprisingly reveals a similar message. It is the desire for enlightenment that is the biggest block to happiness and peace, in fact, it is the only block. It is not until one gives up the quest to find oneself, improve oneself or be more spiritual, that one can ever find the peace they are looking for. And it is not your ego that gives up this quest, it is you. For more info please see my blog at http://worriedbuddha.com/

Bad Blood John Carreyrou 2018-01-21 NATIONAL BESTSELLER • The gripping story of Elizabeth Holmes and Theranos—one of the biggest corporate frauds in history—a tale of ambition and hubris set amid the bold promises of Silicon Valley, rigorously reported by the prize-winning journalist. With a new Afterword. "Chilling ... Reads like a thriller ... Carreyrou tells [the Theranos story] virtually to perfection." —The New York Times Book Review In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the next Steve Jobs: a brilliant Stanford dropout whose startup "unicorn" promised to revolutionize the medical industry with its breakthrough device, which performed the whole range of laboratory tests from a single drop of blood. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than $9 billion, putting Holmes's worth at an estimated $4.5 billion. There was just one problem: The technology didn't work. Erroneous results put patients in danger, leading to misdiagnoses and unnecessary treatments. All the while, Holmes and her partner, Sunny Balwani, worked to silence anyone who voiced misgivings—from journalists to their own employees.

Lord of the Flies William Golding 2012-03-15 This dystopian classic is 'exciting, relevant and thought-provoking' (Stephen King). When a group of schoolboys are stranded on a desert island, what could go wrong? ONE OF THE BBC'S '100 NOVELS THAT SHAPED OUR WORLD' 'One of my favorite books - I read it every couple of years.' Suzanne Collins, author of The Hunger Games What are we? Humans? Or animals? Or savages? What's grown-ups going to think? Going off-hunting Ralph, Piggy and the rest are out-and now! A plane crashes on a desert island. The only survivors are a group of schoolboys. By day, they explore the dazzling beaches, gorging fruit, seeking shelter, and ripping off their uniforms to swim in the lagoon. At night, in the darkness of the jungle, they are haunted by nightmares of a primitive beast. Orphaned by society, they must forge their own; but it isn't long before their innocent games devolve into a murderous hunt ... 'Thrills me with all the power a fiction can have ... Exemplary.' Ian McEwan 'An existential fable backlit with death's incandescent glare.' Ben Okri 'Violently real ... An apocalyptic novelist [who writes with] humanist rage and defiance.' Marlon James 'Beautiful and desperate, something quite out of the ordinary.' Stevie Smith 'Beautifully written, tragic and provocative.' E. M. Forster 'A fragment of nightmare.' New Statesman 'A post-apocalyptic, dystopian survivor-fantasy ... [A novel] for all time ... A cult classic.' Guardian 'Stands out mightily in my memory ... Such a strong statement about the human heart.' Patricia Cornwell 'Terrifying and haunting.' Kingsley Amis What readers are saying: 'Every real human being should read this ... This is what we are.' 'It's brilliant, it's thought provoking and brutal and for some, its truly terrifying.' 'It can be read and re-read many times, and every time something new will appear.' 'There is a reason why this is studied at school ... Excellent read.' 'This is one of the few books I've read that I keep on my Kindle to read again.' 'I revisit this every few years and it's always fresh and impressive ... One of the best books I've ever read.'

Action Research Dave Ramsey 2015-03-03 "This is the official handbook for Financial Peace University. If you are following DaveP's teaching, you already know what is in this book. But if you?re new to Dave this is the book for you."--Publisher's website.

Celebrate Recovery Leader's Guide John Baker 1998 Congratulations on making one of the most rewarding choices of your life! Your decision to lead the Celebrate Recovery program affords you the matchless experience of seeing broken people transformed by the power of Christ. As a leader, you are about to make a difference in thee most direct way possible -- helping others discover hope and change they'd thought was beyond their reach. Your own life, too, will never be the same, as you see your investment of time and care returned in ways you've never imagined. This Leader's Guide gives you everything you need to facilitate the life-changing Celebrate Recovery lessons. We've done our best to simplify your job. The clear, easy-to-follow format minimizes your preparation time and virtually walks you through each meeting. Besides the ability to follow basic instructions, a willing heart is all you need to successfully conduct this proven, life-changing program.

No More Bananas Jeroen Kraaijenbrink 2019-06-21 "Feel better, get done more and become a nicer person" In this age of social media, fake news, individualism and information overload, the certainties we relied on in the past are gone. In our quest for assurance and support, the only seemingly dependable pillar left is other people. So we look to them. But they are unsettled too. And by looking to them, we create and perpetuate our own vicious stress-cycle. As a result, we lose our sensible selves. And we go bananas. But there is good news. If we look around us, there are people who withstand the collective lunacy and stay grounded. They do something that most of us have a hard time doing: they stay themselves. And the best news is that what they can do, you can do too. It doesn't require any special talents or supernatural powers. It only requires doing. In this amiable, open and accessible book, Jeroen Kraaijenbrink takes you on his personal journey out of Bananaland. Drawing from cognitive psychology, martial arts, Saint Benedict, personal experience, and a wide range of other sources, the book offers a nine-step approach with some remarkably practical advice for keeping a cool head in the collective lunacy. "Free yourself from the collective lunacy and reclaim your calm and sensible self"

Against Empathy Paul Bloom 2017-02-02 In a divided world, empathy is not the solution, it is the problem. We think of empathy – the ability to feel the suffering of others for ourselves – as the ultimate source of all good behaviour. But while it inspires care and protection in personal relationships, it has the opposite effect in the wider world. As the latest research in psychology and neuroscience shows, we feel empathy most for those we find attractive and who seem similar to us and not at all for those who are different, distant or anonymous. Empathy therefore biases us in favour of individuals we know while numbing us to the plight of thousands. Guiding us expertly through the experiments, case studies and arguments on all sides, Paul Bloom ultimately shows that some of our worst decisions – in charity, child-raising, criminal justice, climate change and war – are motivated by this wolf in sheep's clothing. Brilliantly argued, urgent and humane, Against Empathy overturns widely held assumptions to reveal one of the most profound yet overlooked sources of human conflict.

The Politically Incorrect Guide to the Civil War H. W. Crocker, III 2008-10-21 The Politically Incorrect Guide to the Civil War is a joyful, myth-busting, rebel yell that shatters today's Leftist and demeaning stereotypes about the South and the Civil War.

Daniel Kleppner 1991-01-16 Quick Calculus 2nd Edition A Self-Teaching Guide Calculus is essential for understanding subjects ranging from physics and chemistry to economics and ecology. Nevertheless, countless students and others who need quantitative skills limit their futures by avoiding this subject like the plague. Maybe that's why the first edition of this self-teaching guide sold over 250,000 copies. Quick Calculus, Second Edition continues to teach the elementary techniques of differential and integral calculus quickly and painlessly. Your "calculus anxiety" will rapidly disappear as you work at your own pace on a series of carefully selected work problems. Each correct answer to a work problem leads to new material, while an incorrect response is followed by additional explanations and reviews. This updated edition incorporates the use of calculators and features more applications and examples. "makes it possible for a person to delve into the mystery of calculus without being mystified." --Physics Teacher

Don Miguel Ruiz 1997-11-07 In The Four Agreements, bestselling author don Miguel Ruiz reveals the source of self-limiting beliefs that rob us of joy and create needless suffering. Based on ancient Toltec wisdom, The Four Agreements offer a powerful code of conduct that can rapidly transform our lives to a new experience of freedom, true happiness, and love. • A New York Times bestseller for over a decade • Translated into 48 languages worldwide "This book by don Miguel Ruiz, simple yet so powerful, has made a tremendous difference in how I think and act in every encounter." — Oprah Winfrey "Don Miguel Ruiz's book is a roadmap to enlightenment and freedom." — Deepak Chopra, Author, The Seven Spiritual Laws of Success "An inspiring book with many great lessons." — Wayne Dyer, Author, Real Magic "In the tradition of Castaneda, Ruiz distills essential Toltec wisdom, expressing with clarity and impeccability what it means for men and women to live as peaceful warriors in the modern world." — Dan Millman, Author, Way of the Peaceful Warrior
