Beginners Lisa Amado
2021-07-28 How To Travel
The World Beyond Just
Dreaming and Without
Leaving Your Home?(Proven
Techniques Inside) How you
ever had this feeling the
moment you were
transitioning from awake to
sleep that is absolutely
amazing? Would you like to
see yourself and travel
wherever your want without
moving your physical body?
Have you ever wondered if
Astral Projection is real or
not and whether you can
learn it without becoming a
master yogi or some type of
meditation guru? If you
answered "Yes" to at least
one of these questions,
please read on... I was
wrong. Dead wrong. I
thought that astral
projection and all those out-
of-body experiences are just
some hallucinations or
magical gimmicks that are
not even real. Oh, may I was
wrong. It was the first time
I was in India about 15
years ago when I spent over
6 months there and got the

experience beyond my
expectations. And inside
this book, I would like to
share with you probably the
most exciting piece of that
experience and teach you
how you can safely leave
your body and achieve the
level of connection with it
you didn't think was
possible. And that goes
beyond just traveling the
world. Take a look at what's
inside: - What is astral
projection, and why can it
be valuable to you beyond
just an amazing experience
of mind traveling and
leaving your body? - Is
astral projecting
dangerous? (a must-read
chapter for the ones who've
never done it before!) -
Essential energy concepts
and how to achieve the level
of energy when your mind
leaves your body and
becomes an independent
being? - What is the easiest
way to effective astral
projection? (for some, it
take months to master this,
and I will give you the
shortcut) - Can you get

The Frontlines of Peace

Severine Autesserre
2021-02-01 At turns surprising, funny, and gut-wrenching, this is the

hopeful story of the ordinary yet extraordinary people who have figured out how to build lasting peace in their communities The word "peacebuilding" evokes a story we've all heard over and over: violence breaks out, foreign nations are scandalized, peacekeepers and million-dollar donors come rushing in, warring parties sign a peace agreement and, sadly, within months the situation is back to where it started--sometimes worse. But what strategies have worked to build lasting peace in conflict zones, particularly for ordinary citizens on the ground? And why should other ordinary citizens, thousands of miles away, care? In *The Frontlines of Peace*, Severine Autesserre, award-winning researcher and peacebuilder, examines the well-intentioned but inherently flawed peace industry. With examples drawn from across the globe, she reveals that

*Downloaded from
oms.biba.in on December
7, 2022 by guest*

peace can grow in the most unlikely circumstances. Contrary to what most politicians preach, building peace doesn't require billions in aid or massive international interventions. Real, lasting peace requires giving power to local citizens. The Frontlines of Peace tells the stories of the ordinary yet extraordinary individuals and organizations that are confronting violence in their communities effectively. One thing is clear: successful examples of peacebuilding around the world, in countries at war or at peace, have involved innovative grassroots initiatives led by local people, at times supported by foreigners, often employing methods shunned by the international elite. By narrating success stories of this kind, Autesserre shows the radical changes we must take in our approach if we hope to build lasting peace around us--whether

we live in Congo, the United States, or elsewhere.

The Neurotic's Guide to Avoiding Enlightenment

Chris Niebauer, Ph.D.

2014-03-10 Has self-improvement really improved the self? More than ever people are on a quest for self-improvement and enlightenment. People are "watching" their egos or losing their egos in order to find peace of mind or to get along better with others. And yet, the more we try to lose our ego, the more of it there is to lose. The more we try to make peace, the more we find conflict. It is exactly what happens when we try not to think of the number 3 and that is all we can think about. Our efforts seem to have the opposite effect and this is due to the way the left side of the brain processes information. Neuroscience discovered that the left brain makes up elaborate stories and convincing explanations. It is the left brain that makes up the

*Downloaded from
oms.biba.in on December
7, 2022 by guest*

most elaborate and convincing story of all, the story of who you think you are. And the more we try to get out of this story, the deeper we find ourselves in it because it is the function of the left brain to work on the law of opposition. Try not to be anxious and that's exactly what happens. Try not to worry and you will be flooded with anxious thoughts. And the same is true for self-improvement. The more we try to improve our story, the more the story needs to be improved. The left brain excels at these games even when it plays by pretending not to play. If I said that all attempts at self-improvement are futile, how would you respond? Would you reflexively think I'm wrong? Is there any way not to play these games of the left brain? Which part of your brain do you think is asking this question? This book was written for the ordinary person who has an extraordinary curiosity for

who they are, how thoughts work and why they cannot control their thoughts. It is a practical guide that uses examples from my kids, favorite movies and TV shows from the 80s and 90s along with simple exercises so you can see for yourself if any of this is on track. While no special knowledge of neuroscience is required, you may understand many of the examples if you've seen an episode or two of Star Trek or Seinfeld. While this work is based on the teachings of Alan Watts and Eckhart Tolle it integrates the findings of modern neuroscience which surprisingly reveals a similar message. It is the desire for enlightenment that is the biggest block to happiness and peace, in fact, it is the only block. It is not until one gives up the quest to find oneself, improve oneself or be more spiritual, that one can ever find the peace they are looking for. And it is not your ego that gives up this

quest, it is you. For more info please see my blog at <http://worriedbuddha.com/> **Stuff You Ask** Joey Lott 2015-10-20 Do you feel stuck? Anxious? Do you worry about the future? Are you searching for enlightenment, thinking you will be set free once you achieve it? Questions of free will, cause and effect, and wondering what this life is for, have plagued humankind since the dawn of time. Unfortunately, try as we might, attempting to answer these questions hasn't brought us any closer to finding peace, ease, or happiness. Is it even possible to live with this uncertainty? After all, don't we need all the answers to feel at peace? Let Go and Discover True Peace There is a freedom in ignorance and choicelessness. You don't have to obsess over every life decision! You don't need to go on a lifelong quest searching for the big "it"-that thing that is supposed to make your life

complete. You can finally learn how to let go and relax into this present moment where there are no problems, no riddles to solve, and no worry about what's to come. Everything is ok when you relax into what is-even if it's just for a millisecond. There's nothing to do, nothing to figure out, and nothing to work towards. This is the true definition of peace. Nothing is missing. Nothing is wrong. The Answer to All Your Life Questions In **Stuff You Ask**, author Joey Lott posits that this-this moment right now-is "it." You can stop searching for answers! It's all right here, right now. Lott takes all your most pressing life questions and puts a totally new spin on how to look at them. You'll learn to relax and find peace through a simple process that takes only a fraction of a second to perform. You can finally stop searching for answers outside of yourself and have your mind blown wide open

with some truly original philosophy. This is it. The search is over. Available on Kindle and paperback.

Modern World History

Roger B. Beck 2002-03-01

Beloved Prisoner Shahla 2000-07-24 marketing text & author bio

Awkward Dominion Frank

C. Costigliola 2018-08-06 In

Awkward Dominion, Frank Costigliola offers a striking interpretation of the emergence of the United States as a world power in the 1920s, a period in which the country faced both burdens and opportunities as a result of the First World War. Exploring the key international issues in the interwar period—peace treaty revisions, Western economic recovery, and modernization—Costigliola considers American political and economic success in light of Europe's fascination with American technology, trade, and culture. The figures through which he tells this story include Herbert Hoover, Calvin

Coolidge, Henry Stimson, Charles Lindberg, Ernest Hemingway, and Henry Ford.

Stand for Life John Ensor
2022-05-03 Of the 1.2 million abortions performed annually in the U.S., more than 500,000 are performed on college-aged women. They make up 44% of all abortions in the country. So it is not surprising that there is a large, thriving network of pro-life groups on college campuses. These groups serve to advocate for pro-life and educate other young people about the physical, emotional, psychological and spiritual effects that abortion has on women. While there are online guides and booklets on the topic, there are currently very few if any books that are specifically geared for use by young advocates for this cause.

Now there is Stand for Life, a manual that addresses tough questions in a format that is concise and straightforward. Topics include: Defending your pro-life views in five minutes or less
Understanding the sanctity of human life
Simplifying the abortion debate
Developing a Christian response to abortion
Debate: keeping cool under fire
Q&As about such thorny issues as unsafe abortions, abortion when mothers lives are at risk, my body, my choice, and more

Discover Why Being a Bad Feminist is Better Than Not Being a Feminist At All.
When you hear the word feminism, what do you think

*Downloaded from
[oms.biba.in](https://www.QuickRead.com) on December
7, 2022 by guest*

of? In today's climate, you likely think about the many women's marches and the #MeToo movement that have taken over the media. All of these fight for the rights of women in every area of life, including equal pay, reproductive rights, and more. But according to Roxane Gay, feminism is flawed. There is no right or wrong way to be a feminist, which is why Gay proudly labels herself as a bad feminist. As a bad feminist, Gay recognizes that humans are flawed, and therefore, their views and opinions don't always fit perfectly into a neatly wrapped package. For instance, while Gay enjoys going against the grain, her favorite color is still pink and she enjoys reading Vogue, both of which are typical female stereotypes. At the end of the day, feminism looks different for everyone but being a bad feminist is better than not being a feminist at all! As you read, you'll learn how

reality television is harmful to the fight for equality, how racial profiling can end in murder, and how movies like The Help only advance racial stereotypes.

How to Pray: A Guide for Young Explorers

Pete Greig 2022-10-04 Do you want to encourage your kids to develop life-changing prayer habits? It's never too early to instill a passion for prayer in your child. Pete Greig is a worldwide authority and the face of a generation when it comes to prayer. While you might expect him to be lofty and hard to understand, he is basically just a normal guy who really, really loves talking with God. Based on his original book How to Pray, this children's version has been adapted in a language and style that kids can easily understand and relate to. Full of whimsical illustrations and fun, practical activities, How to Pray: A Guide for Young Explorers will help your child develop a deeper

disruption to your ability to function in your personal, social, and professional life. People with anxiety disorders are often associated with depression. That is, the more reason people with anxiety disorders are usually diagnosed with depression. Anxiety is defined as an emotion marked by the experience of fear or worry. Anxiety is, however, to be distinguished from fear, which most scientists regard as a natural reaction to a perceived threat. If you analyze your issues, you will realize that "internal peace" is the lacking element and that inasmuch as you may think you will find peace "out there," true peace comes from within. After all, was the Buddha not right when he noted the following truth? "Peace comes from within. Do not seek it without." - Buddha If you want to live a richer, more fulfilling life, start being more mindful; that is the secret to lasting internal

happiness and peace in life. This book covers the following topics:
Mindfulness meditation
Anxiety Signs, Symptoms and Causes of Anxiety and Depression
Emotional Stress and Relaxation Techniques
How to Manage Activities to Reduce Anxiety
Using Exposure to Eliminate Fear
How to Help Someone with Panic Attacks or Panic Disorder
Understanding Your Anger
Anger Management Techniques
Natural Remedies for Chronic Anxiety
Benefits of mindfulness meditation
Sleep disorders? Bedtime stories for anxiety
30-minute guided meditation for sleep, relaxation, & stress relief ...And much more
Meditation is a simple and beautiful practice whose primary aim is to help you discover, explore, accept, and acknowledge your true self. A lack of awareness of who we are is the reason why we pursue the 'wrong things,' take lots of weird directions in life,

and keep making U-turns every now and then. Buy it NOW and let your customers get addicted to this amazing book

Lord of the Flies William Golding 2012-09-20 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom

activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Bad Things, Good People, and God Bryan Bliss 2022-01-18 Help for teens struggling to reconcile complexity in the world and faith in God. From the pandemic to polarized politics to school shootings, kids today face a reality that inevitably can lead to a wonder about why. *Good People, Bad Things, and God* offers help to teenagers as they think through one of the biggest and oldest questions of faith--why bad things happen. With stories

from the Bible, a side-eye to some of the "classic" attempts at figuring all of this out, honest talk about sin and suffering, and hope for making sense of it all, this guide allows readers to explore, wonder, curse, lament, and ultimately find a sense of peace around the question of evil. Bestselling YA novelist Bryan Bliss turns his hand to a challenging topic teenagers don't want a simple answer for--they want to know what's at stake, how it affects the world, and what difference they can make.

Let it Go Mario Ange
2022-10-26 Letting go is a powerful tool to free yourself from emotional suffering in its most diverse forms, but also from certain unconscious patterns, habits and blockages. This book helps you get a better understanding of letting go and teaches you how to practice it in your daily life so you can reclaim the peace and joy that you are.

Moving from Fear to

Freedom Grace Fox
2007-08-01 Fear was not part of God's original agenda for his creation. It slithered onto the scene when Adam and Eve sinned, causing a tear in their relationship with God. And even though fear touches every life and can still debilitate people today, the news isn't all bad. Popular speaker and author Grace Fox demonstrates how believers can face their fear and actually let it be a catalyst for change. Readers will learn how to stop hiding from God and instead develop a deeper relationship with Him. This is what she calls "the upside of fear": When we cry out to God for help, He answers, and we experience Him in new ways. Each chapter highlights a particular area where readers can begin to experience freedom from fears about their personal identity, their finances, their kids, the future, and more.

Peace, Power, and Presence

Jonathan Evatt 2008-04

Why is your life the way it is? How do your thoughts, emotions, and beliefs affect your perception of the world around you? How does this perception influence your power, and therefore affect your state of Inner Peace?

Most importantly, how can you approach your life--as it is right now--in such a way so as to liberate yourself from suffering and become established in a lasting state of Peace, in the Power to

fulfil your purpose, and in absolute Presence to the perfection that you are? In this groundbreaking new book Peace, Power, and Presence, Jonathan Evatt brings clarity to key principles and perspectives on these and other challenging questions. The result is nothing short of your becoming empowered to recognize the ultimate answers already emerging from the essence within you. You will pierce through the many veils of deception so prevalent in the world today, and step into a Life of Freedom defined not by some external source of knowledge but by the immaculate wisdom of your own Being. In what is set to become a key point of reference for those individuals interested in spiritual and human freedom, Jonathan makes no attempt to show you how to live your life. Instead, he shares with you a new way to approach the life you are already living--an approach

Planted Colette Schaffer 2020-02-21 Has anxiety and panic attacks held you to bondage from living a life you desire? Pastor and author, Colette Schaffer, shares candidly about how she was able to overcome her own struggle with anxiety and panic attacks. She teaches foundational truths from the Bible about how you were designed to truly live and how to practically apply those truths to your own unique situation. You will learn:

Who you are in Christ The root of anxiety Taking back control of your life How to stay connected to God Practical steps to maintaining a peaceful life I Am Participant's Guide Matt Fry 2017 Understand that your past does not define who you are, that your fears and insecurities can be replaced with the truth of God's Word, and that when you truly encounter God, you will discover who you are. Are you satisfied with your life? Do you ever feel lost, insecure, disconnected? Do you ever feel like you need more power or just more of God? In this five-part teaching Matt Fry shows you how to unlock God's power and purpose for your life by discovering who you are in Him. By exploring the seven "I Am" statements Jesus made in the Book of John, Fry unpacks key truths that will help you discover who He is and ultimately reveal your true identity in Christ. This

books four parts present the foundation for quantitative reasoning: correlation and causation; statistical relationships; causal phenomena; and incorporating quantitative information into decision making. Within these parts it covers the array of tools used by social scientists, including regression, inference, experiments, research design, and more, all by explaining the rationale and logic behind such tools rather than focusing only on the technical calculations used for each. New concepts are presented simply, with the help of copious examples, and the books leans towards graphic rather than mathematical representation of data, with any technical material included in appendices"--

Right and Wrong and Being Strong Lisa O Engelhardt 2014-10-21 Kids aren't born knowing right from wrong. But, somehow, over the years, we hope to

help them become caring, responsible, respectful adults. This practical how-to book for kids is an invaluable tool in guiding children on the journey of moral development. Through concrete language and interactive examples, it addresses such topics as honesty, peer pressure, and how to tell right from wrong. Even more, it shows kids how to go beyond doing right to doing good.

The Conflict Helix R. J. Rummel 1991 This is a book on conflict and consensus aimed at the general reader. In active, plain and direct language it makes the seemingly abstract and complex issues simple. Its view of peace is well-rounded, tough-minded, one that well understands the difficult world of social and personal violence and conflict. At its heart is a simple finding: "to wage peace we need to foster freedom." The human race can best achieve that simple aim by "leaving people

*Downloaded from
oms.biba.in on December
7, 2022 by guest*

alone to form their own communities." "The Conflict Helix "avoids the ambiguous in favor of the categorical; the hedged, qualified statement for the direct Rummel presents a series of basic principles, each concerning an aspect of conflict and peace - psychological, interpersonal, societal, international - and each aspect having its own master principle. These principles are not mere organizational props, but are deeply theoretical and empirically fundamental. The volume expresses the core ideas, results and conclusions of Rummel's major, five-volume work on "Understanding Conflict and War. "In discarding technical material and focusing on principles and meaning, "The Conflict Helix "presents an executive summary of a lifetime of work in a digestible form. In light of recent events in Europe, Asia and Latin American this work takes on

a special poignancy for the developing no less than the industrialized worlds.

Hence, this book should be of value to the general reader as well as professionals and advanced students of international politics.

Fahrenheit 451 Ray

Bradbury 1968 A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

Celebrate Recovery

Leader's Guide John Baker

1998 Congratulations on making one of the most rewarding choices of your life! Your decision to lead the Celebrate Recovery program affords you the matchless experience of seeing broken people transformed by the power of Christ. As a leader, you are about to make a difference in the most direct way possible -- helping others discover hope and change they'd thought was beyond

their reach. Your own life, too, will never be the same, as you see your investment of time and care returned in ways you've never imagined. This Leader's Guide gives you everything you need to facilitate the life-changing Celebrate Recovery lessons. We've done our best to simplify your job. The clear, easy-to-follow format minimizes your preparation time and virtually walks you through each meeting. Besides the ability to follow basic instructions, a willing heart is all you need to successfully conduct this proven, life-changing program.

Worldview Guide for War and Peace (Canon Classics Literature Series) Samuel Dickison 2019-05-08 "There is a shelf load of great books whose mere size places them in a special category. These are the heavy hitters; slap some mortar between them and you have a fortress. ... Leo Tolstoy's War and Peace is

perhaps the most formidable of these books. But the most impressive thing about Tolstoy's magnum opus is that over three hundred and sixty-three chapters and well over half a million words he not only crafts a compelling story, but presents a view of life deeper and more vivid than many authors ever dream of." ~ from Samuel Dickison's guide *Strategic Theory for the 21st Century: The Little Book on Big Strategy* Dr. Harry R. Yarger 2006 Strategy for the nation-state is neither simple nor easy. Good strategy demands much of the military professional whether he is formulating, articulating, evaluating, or executing strategy. Few do it well. It requires the professional to step out of the planning mind set and adopt one more suited for the strategic environment. This is particularly true in periods of great change and turmoil when a successful

military strategy must be closely integrated with and may depend on other national strategies of the interagency community. A theory of strategy helps in this transition by educating the professional and disciplining his thinking in any of his roles. This monograph advances a theory of strategy that provides essential terminology and definitions, explanations of the underlying assumptions and premises, and substantive hypotheses that explain the nature of the strategic environment and the role and expectations of strategy. The environment is explained in theoretical and practical terms, and the implications for strategic thinking are developed with a distinction being made between strategy and planning mind sets. The typical problems practitioners have in formulating and articulating strategy are discussed. Strategy formulation is

recognized as both an art and science, and the U.S. Army War College strategy model of ends, ways, and means is expounded on and advocated as a methodology for articulating strategies. *Growing in Christ While Helping Others Participant's Guide 4* John Baker
2021-06-08 The Celebrate Recovery Participant's Guides are essential tools for the personal recovery journey. In the seven lessons in Guide 4: Growing in Christ While Helping Others, you will work through the final two principles on the road to recovery. More than just maintenance, these principles will help you prevent relapse and give you the necessary tools to help others in their recovery process. 7 Reserve a daily time with God for self-examination. Bible reading and prayer in order to know God and his will for my life and to gain the power to follow his will. 8 Yield myself to God to be used to

Alexis Herr 2020-03-06 This important reference work offers students a comprehensive overview of the Darfur Genocide, with roughly 100 in-depth articles by leading scholars on an array of topics and themes, and more than a dozen key primary source documents. Stretching beyond Darfur to situate Sudan within the scope of its African, colonial, human rights, and genocidal history, this reference work explores every aspect of the Darfur Genocide. Covering hundreds of years, this book explores the religious, ethnic, and cultural roots of Sudanese identity-making and how it influenced the shape of the genocide that erupted in 2004. As the first reference guide on the Darfur Genocide, this text will enable readers to explore an array of critical topics related to the atrocities in Sudan. The book opens with seven key essays collectively providing an overview of the

genocide, its causes and consequences, international reaction, and profiles on the main perpetrators, victims, and bystanders. These are followed by entries on such crucial topics as the African Union, child soldiers, the Janjaweed, and the Lost Boys and Girls of Sudan. Leading scholars offer perspective essays on the primary cause of the Darfur Genocide and on whether the conflict in Darfur is a just case for intervention. Expertly curated primary documents enrich readers' ability to understand the complexity of the genocide. Offers an indispensable resource for anyone interested in the Darfur Genocide specifically and genocide studies in general Explains the historical and modern contexts that drive the Darfur Genocide, shedding light on the cultural, political, and social factors that have allowed it to continue for more than 15 years Sketches the many complexities that help
