

your ads and lands on your website. Both SEO & Google PPC has its own pros and cons. The main advantage of the SEO is that you don't need to pay for Google for the users landing on your website from the search. But you need to invest more on SEO to rank the website on top of the SERP's (Search Engine Results Page) for the potential search terms. When it comes to Google PPC, you need to pay to Google for each and every click that you receive on your ads on Google Search from the normal users. Despite both the SEO & Google PPC, as a business people, you should be giving equal importance to both to stand ahead of your competitors.

[Definitive Guide to Google Adwords](#) Razaq Adekunle 2020-08-12 Google ads are very important for online profit, but they should be placed in the correct location and position of sites; otherwise, site viewers may not find the site as interesting as it really is. In other words, you have to be careful about content, the position of ads, and how you advertise to generate passive incomes through Google Adsense. Choose the Google ads' scale and location carefully. Most people know you can make money from Google ads, and you need to display Google ads on your website to achieve this, but many people don't know how to work on AdSense to maximize income.
