Scientific writing for agricultural research scientists Youdeowei, A. 2012-12-31 This new, fully revised edition aims to serve as a guide for agricultural research

scientists and other practitioners in writing papers for publication. It also looks to provide a resource manual for training courses in scientific writing. There are three new chapters on reporting statistical results, communicating science to non-scientific audiences and electronic publishing. In addition, the

original chapters have all been rewritten to reflect current developments and to make the content more complete and easily comprehensible. *Agricultural-biological Literature Exploitation* United States. Department of Agriculture. Task Force ABLE. 1965
