Moment Maker Carlos Whittaker 2014-04-01 Life is made of moments. What are you doing to make the most of them? In *Moment Maker*, Carlos Whittaker shows you how to make each moment count, so those moments add up to a life rich with meaning, deeply satisfying, and full of purpose. Every day we have an opportunity to make our lives meaningful, to make them matter. Yet, for so many of us, we let too much of life happen without taking notice. For author, speaker, and podcaster Carlos Whittaker, living deliberately has become a way of life. Making moments that are significant, memorable, or impactful are a part of how he navigates each day, and it has forever changed the landscape of his story. In *Moment Maker*, Carlos shares powerful stories and examples from ordinary life, as well as insights from Scripture, that have formed his practical and meaningful game plan for living on purpose and with purpose. In these pages, he will guide you to: Increase awareness of your surroundings, the people you encounter, and the needs of others Recognize opportunities that present themselves and be encouraged to seize them Discover how to create, receive, and rescue key moments in everyday life Unlock the satisfaction of living to the full depth of your life's potential The beauty of having a moment-making life is that it does not require a big investment of time, energy, or money. It simply requires a commitment to pay attention. All around you there are opportunities to meet a need, shift your focus, and begin healing. It is time to become a *Moment Maker*.

Historic Highways of America Archer Butler Hulbert 2017-09-06 A series of monographs on the History of America as portrayed in the evolution of its Highways of War, Commerce, and Social Expansion. Comprising the following volumes: Paths of the Mound-Building Indians and Great Game Animals. Indian Thoroughfares. Washington's Road: The First Chapter of the Old

French War. Braddock's Road. The Old Glade (Forbes's) Road. Boone's Wilderness Road. Portage Paths: The Keys of the Continent. Military Roads of the Mississippi Basin. Waterways of Westward Expansion. The Cumberland Road. Pioneer Roads of America (two volumes). The Great American Canals (two volumes). The Future of Road-Making in America. If you journey today from Cumberland, Maryland, on the Potomac, across the Alleghanies to Pittsburg on the Ohio, you will follow the most historic highway of America, through scenes as memorable as any on our continent. This book is largely devoted to Washington and his times as seen from the standpoint of the road he opened across the Alleghanies in 1754.

Pain Psychology for Clinicians Leanne R. Cianfrini 2021-02-12 Given the heightened focus on the opioid crisis and its intersection with adequate chronic pain management, there is an impetus to shift patient care toward self-management and comprehensive interdisciplinary modalities. However, despite the evidence base for efficacy, pain psychology remains largely relegated to the complementary and alternative medicine designations and medical providers struggle to search for trained pain psychologists in their community. This unique book makes core psychological techniques accessible to medical providers and allied health professionals who are on the front lines of routine communication with patients living with chronic pain. Practical suggestions and vignettes demonstrate how to briefly and effectively incorporate key concepts from Cognitive-Behavioral Therapy, Acceptance and Commitment Therapy, Motivational Interviewing and other orientations into any health care setting.

This educational and exciting collection includes *Baby's First Hanukkah* and *Baby's First Thanksgiving*.

Parkland Speaks Sarah Lerner 2019-01-22 Featuring art and writing from the students of the Parkland tragedy, this is a raw

look at the events of February 14, and a poignant representation of grief, healing, and hope. The students of Marjory Stoneman Douglas High School share their emotional journeys that began on February 14, 2018, and continue today. This revealing and unfiltered look at teens living in the wake of tragedy is a poignant representation of grief, anger, determination, healing, and hope. The intimate collection includes poetry, eyewitness accounts, letters, speeches, journal entries, drawings, and photographs from the events of February 14 and its aftermath. Full of heartbreaking loss, a rally cry for change, and hope for a safe future, these artistic pieces will inspire readers to reflect on their own lives and the importance of valuing and protecting the ones you love.

Hex Appeal P. N. Elrod 2012-06-05 Chock full of paranormal hijinx, this fantastic collection will hold readers spellbound and enchant with its irresistible hex appeal in a magical world where witches and conjurers exact sweet revenge on those who cross them--

Smart Tass Mimi Jean Pamfiloff 2017-06-22 From New York Times Bestseller Mimi Jean Pamfiloff comes SMART TASS, a new Romantic Comedy. He's the hot college quarterback all the girls want. She's the smart girl he loves to pick on. And now that they're all grown up, things are about to get geekin' ugly... My name is Tass. I'm smart, I'm driven, and I am determined not to let prankster Hunter Johnson continue raining on my parade. When we were little, he'd pull my hair and call me names. When we were teenagers, he'd throw food and tease me for being a flat-chested virgin. But now that we've ended up at the same college, he's out of his hot head if he thinks he can keep messing with my life. It's like he's fixated on me or something. Well, guess what, Mr. Amazefootball? I'm not that geeky little girl anymore and you do not screw with a smart woman. So what's my plan? It's definitely wild, and he's about to find out...

The Rejection of Consequentialism Samuel Scheffler 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents

must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

GRE Power Vocab The Princeton Review 2015-06-16 THE PRINCETON REVIEW GETS RESULTS! Ace the GRE verbal sections with 800+ words you need to know to excel. The text from the official US Sailing Directions by NOAA.

The Fourfold Path Magdalena Lovejoy How Do We Become Free and Enter into the Mystery of Life? The Fourfold Path takes us on a healing journey inspired by the philosopher Plato and his teachings on how to know yourself by transcending all limitations within the human space. The model of transcendence leaves behind the metaphors we live by to pioneer humankind into the deepest and most powerful gnosis ever attained through the love of wisdom. Through transcendence, you can discover how to free yourself from the suffering that obstructs the complete vision of the soul. You can heal from the unconscious processes and go beyond the limitations of the ego. Once you have learned the Path, you can attain enlightenment and become like God, and attain the characteristics of divinity, immortality, and bliss.

Transcendence is basic to all human cultures who move through the limitless possibilities given to humankind to evolve using the wisdom of the mind and the wisdom of the heart. This wisdom invites us to go deeper and move from self-realization to knowledge of God. Life itself inspires this change through the experiences of love, birth, death, miracles, blessings, and family. True enlightenment occurs when we process these life experiences as lessons on a soul journey that initiate a spiritual awakening. It is as simple as arguing that there are two identities: a true self and a false self. Philosophy is the means to know the difference between the two, while transcendence is the path that can lead humankind to know the truth. When humankind comes to know their true selves, they will be set free from suffering. This is the ascent toward what Plato called The Good, which many believe is also called God. The Fourfold Path shows us how to leave behind the limitations of the human space to discover a sacred place in communication and communion with Spirit, so you can become one with God and find true happiness.

Baseball Haiku: The Best Haiku Ever Written about the Game Nanae Tamura 2007-04-17 Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku

captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, *Baseball Haiku* reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does *Baseball Haiku* evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, *Baseball Haiku* is an extraordinary treasure for any true baseball fan.

Medical Anthropology Andrea S. Wiley 2009 Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing.

Ramonst A.F Knott 2016-11-18 Hidden in the mountains of East Tennessee, an eleven-year old goes about the business of being a boy during the summer of 1970. Within a balance of terror and innocence, he bears silent witness to ghosts of the dead and the cruelties of a teenage killer while local justice plays out in a community carved from legacies of coal mining and religion. *Supersize Mad Libs* Mad Libs 2017-06-27 Mad Libs is the world's greatest word game and the perfect gift or activity for anyone who likes to laugh! Korean Jaehoon Yeon 2019-06-25 *Korean: A Comprehensive Grammar* is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of *Korean: A Comprehensive Grammar* makes it an essential reference source on the Korean language.
