"Le Guin's rhetoric, when placed in historical and sociocultural context, becomes the rhetoric of Emerson, Thoreau, Peirce, and Dewey: American romantic/pragmatic rhetoric - a rhetoric that argues for value to be given to the subjective, the personal and private, the small, and the feminine. Rochelle studies Le Guin's Earthsea cycle, The Dispossessed, The Left Hand of Darkness, Always Coming Home, Four Ways to Forgiveness, A Fisherman of The Inland Sea, two recent novellas, Dragonfly and Old Music and the Slave Women, and selected short stories. The theorists of language, culture and myth discussed include Susanne Langer, Kenneth Burke, Lev Vygotsky, Walter Fisher, Carl Jung and Joseph Campbell."--BOOK JACKET.

Secret Subversion II Tang Wenming 2022-09-22 This title critically examines Mou Zongsan's philosophical system of moral metaphysics on the level of metaphysics and history philosophy, which combines Confucianism and Kantianism philosophy. Mou Zongsan (1909–1995) is one of the representatives of Modern Confucianism and an important Chinese philosopher of the twentieth century. The two-volume set looks into the problems in the moral metaphysics by Mou and his systematic subversion of Confucianism on three levels: ethics, metaphysics and historical philosophy. In this second volume the author critiques Mou's philosophical development of Confucianism on the latter two levels. The first part analyzes Mou's view on conscience as ontology and his interpretation of the heavenly principles in Confucianism, arguing that his theory in fact abolishes Confucian cosmology based on modern scientific concepts and speaks for modern humanity. The second part focuses on Mou's remolding of historical philosophy based on the concept of freedom of Kant, Hegel, and modern Western philosophy, then assesses his ideological distortions of historical and political concepts in the Confucian tradition. The title will appeal to scholars, students and

Prayer Is Power Patricia Zimmermann 2008-12 Prayer is Power serves as your guide in understanding the Word of God and how to use the passages from the Bible, which are essential in delivering powerful prayers. It provides instructions on how to effectively communicate and build a one-on-one relationship with God and how simple prayers can release God's supernatural powers to solve problems that are beyond human ability. This book has sample prayers, which you can use to unlock God's power. It also guides you on how to come under his authority to gain the power you need to heal the sick, cast out evil spirits, and to perform wonders. It guides you on how to deliver prayers more effectively and to rely on the Holy Spirit as your guide and allow him to intercede on your behalf, for God loves you and wants to answer your prayers. Patricia Zimmermann, MBA, author, suffered a great deal in the loss of her one and only child in a car accident. For twenty years she was unable to talk about her loss until she found comfort in God's presence. It wasn't until she accepted Jesus Christ in her heart and became filled with the Holy Ghost that she began to receive healing from him. Jesus began to heal the deep-seated wound in her heart so she can begin to live again. The Word of God gave her the full assurance that her daughter is safe with Jesus up in heaven. But most of all she learned that Prayer has the Power to heal.

Postcolonial Conrad Terry Collits 2006-09-27 Winner of the 2006 NSW Prize for Literary Scholarship. The work of Joseph Conrad has been read so disparately that it is tempting to talk of many different Conrads. One lasting impression however, is that his colonial novels, which record encounters between Europe and Europe's 'Other', are highly significant for the field of post-colonial studies. Drawing on many years of research and a rich body of criticism, Postcolonial Conrad not only presents fresh readings of his novels of imperialism, but also maps and analyzes the interpretative tradition they have generated. Terry Collits first examines the reception of the author's work in terms of the history of ideas, literary criticism, traditions of 'Englishness', Marxism and post-colonialism, before re-reading Heart of Darkness, Lord Jim, Nostromo and Victory in greater depth. Collits' incisive and wide-ranging volume provides a much needed reconsideration of more than a century of criticism, discussing the many different perspectives born of constantly shifting contexts. Most importantly though, the book encourages and equips us for twenty-first criticism, where we must ask anew how we might read and understand these crucial and fascinating novels.
