Kindly say, the Helicopter Manual is universally compatible with any devices to read

SmartLink ESC Update and Programming Instructions

helicopter, you need to know the motor poles number and the gear ratio of main drive gear vs. the pinion. Below is an example of this screen with an Avian 100 setup for a Blade Fusion 480 model running a 14 pole motor, 11 tooth pinion and 112 tooth main gear. When you adjust the throttle curve, please
