comprehensive history of African and African-derived people, from their early cultures through the period of the slave trade and into the twentieth century. Originally published in 1915, the book was acclaimed in its time, widely read, and deeply influential in both the white and black communities, yet this beautifully written history is virtually unknown today. As a wellspring of critical studies of Africa and African Americans, it directly and indirectly influenced and inspired the works of scholars such as C. L. R. James, Eric Williams, Herbert Aptheker, Eric Foner, Kwame Anthony Appiah, and Henry Louis Gates, Jr. One of the

most important books on Africa ever written, it remains fresh, dynamic, and insightful to this day. The Negro is compelling on many levels. By comparing W. E. B. Du Bois's analysis with subsequent scholarship, Robert Gregg demonstrates in his afterword that The Negro was well ahead of its time: Du Bois's view of slavery prefigures both paternalistic perspectives and the materialist view that the system was part of the capitalist mode of production. On black contributions to the Civil War and to the emancipation of slaves, historians have yet to acknowledge all that Du Bois delineated. In his

discussion of Reconstruction, Du Bois preempts much later historiography. His identification of segregation as an issue of class rather than race is almost forty years ahead of C. Vann Woodward's similar thesis. As to the matter of race, Du Bois is clear that the concept is a social construct having no foundation in biology. Intellectually and historically prescient, Du Bois assumed globalization as a matter of course, so that his definition of the color line in *The Negro* links all colonized peoples, not just people of African descent. With the resolution of the Cold War and the ascendancy of the global market, Du

Bois's sweeping vision of Africans and the diaspora seems more relevant now than at any time in the past hundred years.

Theatre in the Secondary School Classroom Jim Patterson 2015-11-23 If you're a preservice teacher planning to teach the theatre arts, an in-service secondary teacher considering a foray into teaching theatre, or a theatre professional

considering the classroom, there's a lot to learn. But you don't have to know everything to teach well from the start, you just need Theatre in the Secondary School Classroom. Theatre in the Secondary School Classroom is the trusty guide that every new theatre teacher will be grateful to have as a ready reference. It's not an encyclopedia on secondary theatre, but a collection of musts that every beginning instructor needs to know. Theoretical, practical, and friendly, Theatre in the Secondary School Classroom introduces key instructional methods and successful strategies, and works through the

problems of practice that face all instructors, regardless of their experience. With discussions of finding appropriate spaces (both personal and physical), assessing students' learning, encouraging involvement, and more, you'll find the crucial information you need to hit the ground running. Patterson, McKenna-Crook, and Ellington provide numerous illustrations, model letters to parents, work samples, rubrics, checklists, and example test questions to show you precisely how the nitty-gritty of theatre education plays out. In addition each chapter contains suggested extension activities for students, Internet links to

valuable resources and research materials, and experience-won hints on topics of specific interest to the new theatre teacher.

Telling America's Story to the World EDITOR. 2023-03-09 Telling America's Story to the World argues that state and state-affiliated cultural diplomacy contributed to the making of postwar US literature. Highlighting the role of liberal

internationalism in US cultural outreach, Harilaos Stecopoulos contends that the state mainly sent authors like Ralph Ellison, Robert Frost, William Faulkner, Langston Hughes, and Maxine Hong Kingston overseas not just to demonstrate the achievements of US civilization but also to broadcast an American commitment to international cross-cultural connection. Those writers-cum-ambassadors may not have helped the state achieve its propaganda goals-indeed, this rarely proved the case-but they did find their assignments an opportunity to ponder the international meanings and possibilities of US

literature. For many of those figures, courting foreign publics inspired a reevaluation of the scope and form of their own literary projects. Testifying to the inadvertent yet integral role of cultural diplomacy in the worlding of US letters, works like *The Mansion* (1959), *Life Studies* (1959), "Cultural Exchange" (1961, 1967), *Tripmaster Monkey: His Fake Book* (1989), and *Three Days Before the Shooting...* (2010) reimagine US literature in a mobile, global, and distinctly political register.

The Short Stories of Langston Hughes Langston Hughes 1997-08-15 The Short Stories of Langston Hughes This collection of forty-seven stories written between 1919 and 1963--the most comprehensive available--showcases Langston Hughes's literary blossoming and the

development of his personal and artistic concerns. Many of the stories assembled here have long been out of print, and others never before collected. These poignant, witty, angry, and deeply poetic stories demonstrate Hughes's uncanny gift for elucidating the most vexing questions of American race relations and human nature in general.

Reading the Postwar Future Kirrily Freeman

2019-10-17 This original collection explores a number of significant texts produced in 1944 that define that year as a textual turning point when overlapping and diverging visions of a new world

emerged. The questions posed at that moment, about capitalism, race, empire, nation and cultural modernity gave rise to debates that defined the global politics of their era and continue to delineate our own. Highlighting the goals, agendas and priorities that emerged for artists, intellectuals and politicians in 1944, *Reading the Postwar Future* rethinks the intellectual history of the 20th century and the way 1944's texts shaped the contours of the postwar world. This is essential reading for any student or scholar of the intellectual, political, economic and cultural history of the postwar era.

Zora and Langston: A Story of Friendship and Betrayal Yuval Taylor 2019-03-26 A Finalist for the 2019 Los Angeles Times Book Prize in Biography “A complete pleasure to read.” –Lisa Page, Washington Post Novelist Zora Neale Hurston and poet Langston Hughes, two of America’s greatest writers, first met in New York City in 1925. Drawn to each other, they helped launch a radical journal, Fire!! Later, meeting by accident in Alabama, they became close as they traveled together—Hurston interviewing African Americans for folk stories, Hughes getting his first taste of the deep South. By illuminating their

lives, work, competitiveness, and ambitions, Yuval Taylor savvily details how their friendship and literary collaborations dead-ended in acrimonious accusations.

Accessing the Classics: Great Reads for Adults, Teens, and English Language Learners La

Vergne Rosow 2005-12-30 Help readers improve reading skills while stimulating their appreciation and increasing their understanding of great literature. Using a scaffolding approach, this guide leads readers from simple and engaging reads to more challenging texts, and simultaneously

cultivates their interest and skills. An invaluable resource for middle and high school, ABE and ESL educators, as well as for readers' advisors.

All readers—even those still learning to speak English—can enjoy the delights and benefits of great literature with the help of this motivational and practical book guide. Rosow takes you on a journey through the history of Western literature, beginning with ancient myths and moving to medieval tales and classics of the Renaissance, Romantic Movement, and Modernism. Along the way, she shows you how to give readers easy access to some of the best literature of all time.

Scores of collections focus on such ancient and enduring stories as Gilgamesh, Beowulf, the tales of Chaucer; historical masterpieces of William Shakespeare, Jane Austen, Edgar Allan Poe, Charles Dickens; and stellar names of more recent times, such as Virginia Woolf, John Steinbeck, Ernest Hemingway, and J.R.R. Tolkien. Each carefully selected collection lists an assortment of titles, ranging in reading level and arranged progressively from simple renditions, such as picture book re-tellings, through more advanced selections and readings where audio versions and simpler formatting support the

reader, and on to the most challenging reads. Author profiles and narrative, as well as detailed descriptions of each title provide further insights into the story lines and features of the books; while building a scaffold of reading experience and knowledge to help readers better understand the texts. For example, the Mark Twain collection begins with a brief biographical sketch of the author, followed by descriptions of two illustrated books about the author and two readers' theatre skits based on his work. A collection of Twain's short stories is recommended next, and then several illustrated versions of his novels, and an

illustrated edition of Twain's memoir, *Life on the Mississippi*, which is supported by an audiotope version. Each recommended title is rated as start here, next read, support here, or challenging read; and related reads, and audio and video versions are listed when appropriate. The author also notes author and student favorites, titles with exceptional illustrations, and other features of interest. Focus is on authors and titles of the Western canon that are generally in library collections. Because some of the titles cited are older editions, this is a valuable collection development tool in libraries; as well as

an essential resource for readers' advisors, Adult Basic Education, and English as Second Language educators, and young adult educators and librarians. Young adult and adult or Grades 9 and up.

"Visualizing Haiti in U.S. Culture, 1910-1950"

Lindsay J. Twa 2017-07-05 From the late 1910s through the 1950s, particularly, the Caribbean nation of Haiti drew the attention and imaginations of many key U.S. artists, yet curiously, while significant studies have been published on Haiti's history and inter-American exchanges, none analyze visual representations

with any depth. The author calls not only on the methodologies of art history, but also on the interdisciplinary eye of visual culture studies, anthropology, literary theory, and tourism studies to examine the fine arts in relation to popular arts, media, social beliefs, and institutional structures. Twa emphasizes close visual readings of photographs, illustrations, paintings, and theatre. Extensive textual and archival research also supports her visual analysis, such as scrutinizing the personal papers of this study's artists, writers, and intellectuals. Among the literary and artistic luminaries of the twentieth century that Twa

includes in her discussion are Richmond Barth?Eldzier Cortor, Aaron Douglas, Katherine Dunham, Langston Hughes, Zora Neale Hurston, Alexander King, Jacob Lawrence, James Weldon Johnson, Lo?Mailou Jones, Eugene O?Neill, and William Edouard Scott. Twa argues that their choice of Haiti as subject matter was a highly charged decision by these American artists to use their artwork to engage racial, social, and political issues.

To Float in the Space Between Terrance Hayes
2023-03-07 “Hayes leaves resonance cleaving

the air.” –NPR In these works based on his Bagley Wright lectures on the poet Etheridge Knight, Terrance Hayes offers not quite a biography but a compilation “as speculative, motley, and adrift as Knight himself.” Personal yet investigative, poetic yet scholarly, this multi-genre collection of writings and drawings enacts one poet’s search for another and in doing so constellates a powerful vision of black literature and art in America. The future Etheridge Knight biographer will simultaneously write an autobiography. Fathers who go missing and fathers who are distant will become the bones of

the stories. There will be a fable about a giant who grew too tall to be kissed by his father. My father must have kissed me when I was boy. I can’t really say. . . . By the time I was eleven or even ten years old I was as tall as him. I was six inches taller than him by the time I was fifteen. My biography about Knight would be about intimacy, heartache. Terrance Hayes is the author of *How to Be Drawn*, which received a 2016 NAACP Image Award for Poetry; *Lighthouse*, which won the 2010 National Book Award for poetry; and three other award-winning poetry collections. He is the poetry editor at the New

York Times Magazine and also teaches at the University of Pittsburgh. *American Sonnets for My Past and Future Assassin* will also be forthcoming in 2018.

Literary Research and the American Modernist

Era Robert N. Matuozzi 2008-07-31 Characterized by its move away from Romanticism and toward mundane, every day subjects, as well as incorporating such ideas as metanarrative, stream of consciousness, and disjointed timelines, the American Modernist Era was at its heyday during the years 1914-1949. It produced such great authors as Ernest Hemingway, William Faulkner,

and F. Scott Fitzgerald, and memorable works like *As I Lay Dying* and *The Great Gatsby*. Literary Research and the American Modernist Era offers the scholar and researcher a clear introduction to the best contemporary library resources and practices for researching American modernist writing. Graduate students, advanced undergraduates, researchers, and scholars specializing in American modernist writing will improve their information skills and fluency, whether in the real or the virtual library. Even those lacking access to some of the resources described here can profit from this overview of

literary research because it will help them frame questions, indicate where to go for answers, and demonstrate useful connections between many of the secondary scholarly sources. This guide offers a coherent account of how contemporary research skills and resources can complement one another in helping the scholar effectively deal with typical challenges they encounter in their work

Redefining Liberal Arts Education in the Twenty-First Century Robert E. Lockett Jr. 2021-06-15
Contributions by William D. Adams, Sarah Archino, Mario J. Azevedo, Katrina Byrd, Rico D. Chapman, Helen O. Chukwuma, Monica Flippin Wynn, Tatiana Glushko, Eric J. Griffin, Kathi R. Griffin, Yumi Park Huntington, Thomas M.

Kersen, Robert E. Lockett Jr., Floyd W. Martin, Preselfannie W. McDaniels, Dawn Bishop McLin, Laura Ashlee Messina, Byron D'Andra Orey, Kathy Root Pitts, Candis Pizzetta, Lawrence Sledge, RaShell R. Smith-Spears, Joseph Martin Stevenson, Seretha D. Williams, and Karen C. Wilson-Stevenson **Redefining Liberal Arts Education in the Twenty-First Century** delves into the essential nature of the liberal arts in America today. During a time when the STEM fields of science, technology, engineering, and math dominate the narrative around the future of higher education, the liberal arts remain vital but

frequently dismissed academic pursuits. While STEAM has emerged as a popular acronym, the arts get added to the discussion in a way that is often rhetorical at best. Written by scholars from a diversity of fields and institutions, the essays in this collection legitimize the liberal arts and offer visions for the role of these disciplines in the modern world. From the arts, pedagogy, and writing to social justice, the digital humanities, and the African American experience, the essays that comprise *Redefining Liberal Arts Education in the Twenty-First Century* bring attention to the vast array of ways in which the liberal arts continue to

be fundamental parts of any education. In an increasingly transactional environment, in which students believe a degree must lead to a specific job and set income, colleges and universities should take heed of the advice from these scholars. The liberal arts do not lend themselves to the capacity to do a single job, but to do any job. The effective teaching of critical and analytical thinking, writing, and speaking creates educated citizens. In a divisive twenty-first-century world, such a citizenry holds the tools to maintain a free society, redefining the liberal arts in a manner that may be key to the American republic.

New Voices on the Harlem Renaissance Australia

Tarver 2006 This book expands the discourse on the Harlem Renaissance into more recent crucial areas for literary scholars, college instructors, graduate students, upper-level undergraduates, and Harlem Renaissance aficionados. These selected essays, authored by mostly new critics in Harlem Renaissance studies, address critical discourse in race, cultural studies, feminist

studies, identity politics, queer theory, and rhetoric and pedagogy. While some canonical writers are included, such as Langston Hughes and Alain Locke, others such as Dorothy West, Jessie Fauset, and Wallace Thurman have equal footing. Illustrations from several books and journals help demonstrate the vibrancy of this era. Australia Tarver is Associate Professor of English at Texas Christian University. Paula C. Barnes is an Associate Professor of English at Hampton University.

Shadow Archives Jean-Christophe Cloutier
2019-09-03 Recasting the history of African

American literature, *Shadow Archives* brings to life a slew of newly discovered texts—including Claude McKay’s *Amiable with Big Teeth*—to tell the stories of black special collections and their struggle for institutional recognition. Jean-Christophe Cloutier offers revelatory readings of major African American writers, including McKay, Richard Wright, Ann Petry, and Ralph Ellison, and provides a nuanced view of how archival methodology, access, and the power dynamics of acquisitions shape literary history. *Shadow Archives* argues that the notion of the archive is crucial to our understanding of postwar African

American literary history. Cloutier combines his own experiences as a researcher and archivist with a theoretically rich account of the archive to offer a pioneering study of the importance of African American authors' archival practices and how these shaped their writing. Given the lack of institutions dedicated to the black experience, the novel became an alternative site of historical preservation, a means to ensure both individual legacy and group survival. Such archivism manifests in the work of these authors through evolving lifecycles where documents undergo repurposing, revision, insertion, falsification,

transformation, and fictionalization, sometimes across decades. An innovative interdisciplinary consideration of literary papers, *Shadow Archives* proposes new ways for literary scholars to engage with the archive.

The Art and Imagination of Langston Hughes R. Baxter Miller 2021-05-11 Langston Hughes was one of the most important American writers of his generation, and one of the most versatile, producing poetry, fiction, drama, and autobiography. In this innovative study, R. Baxter Miller explores Hughes's life and art to enlarge our appreciation of his contribution to American

letters. Arguing that readers often miss the complexity of Hughes's work because of its seeming accessibility, Miller begins with a discussion of the writer's auto-biography, an important yet hitherto neglected key to his imagination. Moving on to consider the subtle resonances of his life in the varied genres over which his imagination "wandered," Miller finds a constant symbiotic bond between the historical and the lyrical. The range of Hughes's artistic vision is revealed in his depiction of Black women, his political stance, his lyric and tragicomic modes. This is one of the first studies to

apply recent methods of literary analysis, including formalist, structuralist, and semiotic criticism, to the work of a Black American writer. Miller not only affirms in Hughes's work the peculiar qualities of Black American culture but provides a unifying conception of his art and identifies the primary metaphors lying at its heart. Here is a fresh and coherent reading of the work of one of the twentieth century's greatest voices, a reinterpretation that renews our appreciation not only of Black American text and heritage but of the literary imagination itself.

The Making of the New Negro Anna Pochmara

2011 The Making of the New Negro examines

black masculinity in the period of the New

Negro/Harlem Renaissance, which for many

decades did not attract a lot of scholarly attention,

until, in the 1990s, many scholars discovered how

complex, significant, and fascinating it was. Using

African American published texts, American

archives and unpublished writings, and

contemporaneous European discourses, this book

focuses both on the canonical figures of the New Negro Movement and African American culture, such as W.E.B. Du Bois, Booker T. Washington, Alain Locke, and Richard Wright, and on writers who have not received as much scholarly attention despite their significance for the movement, such as Wallace Thurman. Its perspective combines gender, sexuality, and race studies with a thorough literary analysis and historicist investigation, an approach that has not been extensively applied to analyze the New Negro Renaissance.

The Worlds of Langston Hughes Vera M. Kutzinski

2012-10-15 The poet Langston Hughes was a tireless world traveler and a prolific translator, editor, and marketer. Translations of his own writings traveled even more widely than he did, earning him adulation throughout Europe, Asia, and especially the Americas. In *The Worlds of Langston Hughes*, Vera Kutzinski contends that, for writers who are part of the African diaspora, translation is more than just a literary practice: it is a fact of life and a way of thinking. Focusing on Hughes's autobiographies, translations of his poetry, his own translations, and the political lyrics that brought him to the attention of the

infamous McCarthy Committee, she shows that translating and being translated—and often mistranslated—are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism. As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas, we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers. Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored: Madrid, Havana, Buenos Aires,

Mexico City, and of course Harlem. The result is a fresh look at Hughes, not as a solitary author who wrote in a single language, but as an international figure at the heart of a global intellectual and artistic formation.

Socialist Joy in the Writing of Langston Hughes

Jonathan Scott 2006 "Explores Hughes's intellectual method and its relation to social activism. Examines his involvement with socialist movements of the 1920s and 1930s and contends that the goal of overthrowing white oppression produced a "socialist joy" expressed repeatedly in his later work, in spite of the

anticommunist crusades of the cold war"--

Langston Hughes's stories about Jesse B.

Simple--first composed for a weekly column in

the Chicago Defender and then collected in

Simple Speaks His Mind, Simple Takes a Wife,

and Simple Stakes a Claim--have been read and

loved by hundreds of thousands of readers. In

The Best of Simple, the author picked his

favorites from these earlier volumes, stories that

not only have proved popular but are now part of

a great and growing literary tradition. Simple

might be considered an Everyman for black Americans. Hughes himself wrote: "...these tales are about a great many people--although they are stories about no specific persons as such. But it is impossible to live in Harlem and not know at least a hundred Simples, fifty Joyces, twenty-five Zaritas, and several Cousin Minnies--or reasonable facsimiles thereof." As Arnold Rampersad has written, Simple is "one of the most memorable and winning characters in the annals of American literature, justly regarded as one of Hughes's most inspired creations."

The Life of Langston Hughes Arnold Rampersad

2002-01-10 February 1, 2002 marks the 100th birthday of Langston Hughes. To commemorate the centennial of his birth, Arnold Rampersad has contributed new Afterwords to both volumes of his highly-praised biography of this most extraordinary and prolific American writer. In young adulthood Hughes possessed a nomadic but dedicated spirit that led him from Mexico to Africa and the Soviet Union to Japan, and countless other stops around the globe.

Associating with political activists, patrons, and fellow artists, and drawing inspiration from both Walt Whitman and the vibrant Afro-American

culture, Hughes soon became the most original and revered of black poets. In the first volume's Afterword, Rampersad looks back at the significant early works Hughes produced, the genres he explored, and offers a new perspective on Hughes's lasting literary influence.

Exhaustively researched in archival collections throughout the country, especially in the Langston Hughes papers at Yale University's Beinecke Library, and featuring fifty illustrations per volume, this anniversary edition will offer a new generation of readers entrance to the life and mind of one of the twentieth century's greatest artists.
