[Windows 10 for Seniors for the Beginning Computer User](#) 2015-09-28 Perfect for older adults who want to get started using computers, this book walks users through the basics

of the Windows 10 operating system in an easy, step-by-step manner. The guide has been tested by seniors and is focused on acquiring practical skills including how to use the mouse, write letters and memos, send and receive email, and explore the internet. It offers additional exercises for practicing a variety of different tasks, a convenient reference section, and an extensive index, and there are instructional videos available online on the book's support website.
