The Bullet Journal Method Ryder Carroll 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***

The Motorcycle Diaries Ernesto Che Guevara 2021-11-09 A New York Times bestseller With a new introduction by The Motorcyle Diaries filmmaker Walter Salles, and featuring 24 pages of photos taken by Che. The Motorcycle Diaries is Che Guevara's diary of his journey to discover the continent of Latin America while still a medical student, setting out in 1952 on a vintage Norton motorcycle together with his friend Alberto Granado, a biochemist. It captures, arguably as much as any book ever written, the exuberance and joy of one person's youthful belief in the possibilities of humankind tending towards justice, peace and happiness. After the release in 2004 of the exhilarating film of the same title, directed by Walter Salles, the book became a New York Times and international bestseller. This edition includes a new introduction by Walter Salles and an array of new material that was assembled for the 2004 edition coinciding with the release of the film, including 24 pages of previously unpublished photos taken by Che, notes and comments by his wife, Aleida Guevara March, and an extensive introduction by the distinguished Cuban author, Cintio Vitier. "A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey, solitude found solidarity. 'I' turned into 'we.'"—Eduardo Galeano "As his journey progresses, Guevara's voice seems to deepen, to darken, colored by what he witnesses in his travels. He is still poetic, but now he comments on what he sees, though still poetically, with a new awareness of the social and political ramifications of what's going on around him."—January Magazine "Our film is about a young man, Che, falling in love with a continent and finding his place in it." —Walter Salles, director of the film version of The Motorcycle Diaries "All this wandering around 'Our America with a Capital A' has changed me more than I thought." —Ernesto Che Guevara, from The Motorcycle Diaries

Once she is back in her homeland, the elusive feeling of terror that has overshadowed her whole life suddenly takes shape. Urania's own story alternates with the powerful climax of dictator Rafael Trujillo's reign. As Trujillo clings to power, a plot to push the Dominican Republic into the future is being formed. Now, thirty years later, Urania reveals how her own family was fatally wounded by the forces of history. Modern Foreign Languages in the Elementary School Elizabeth Keese 1960 The growing practice of beginning instruction in a modern foreign language in the elementary school has created a need for many classroom teachers to become oriented to a whole new field of foreign-language teaching methodology and materials. Since teachers tend to think of language instruction in terms of the English-language arts, the language which their pupils had learned to understand and speak before starting school, they need new techniques for language habit formation when a second language is introduced. While essentially, the process by which the preschool child learned his first language is duplicated, the learning activities must be suited to the interests and abilities of the age group concerned. The purpose of this publication is to suggest procedures which will be useful to teachers who need assistance in this field. This bulletin describes a variety of teaching techniques now in use and gives examples of types of materials that have been developed for the elementary school classroom. - Foreword.
