Digital Logic and Computer Design
M. Morris Mano 2017
This book presents the basic concepts used in the design and analysis of digital systems and introduces the principles of digital computer organization and design.

Opening Closed-Guard: the Origins of Jiu-Jitsu in Brazil
robert drysdale 2020-09-26
What are the origins of Brazilian Jiu-Jitsu? Is it merely a by-product–a rebel offspring–of Judo? What was the nature and content of the art that Mitsuyo Maeda, a.k.a. "Count Koma", and other Japanese were teaching in the Amazon? Was it Judo? Jiu-Jitsu? His own personal fight-tested style, built on a foundation of Judo and informed by his dozens and dozens of matches around the world? What was the bridge between the art he learned at the Kodokan and the Brazilian style that claims him as its godfather: a style now practiced by millions worldwide (and growing bigger every day)? Should Maeda even be at the center of this story? And what role did Carlos and Hélio Gracie play in all of this? Did they "invent" BJJ? Would BJJ exist without them? And, if so, what–if anything–did they create? And why does this history matter to the average BJJ practitioner today? Any history possesses its official narrative with its own favorite characters and events. But true history is seldom simple, and more oft than not the real story is far richer than the popular version that is widely repeated and handed down. The history of BJJ and MMA in Brazil doesn't escape this paradigm. The recent renaissance in research in regards to the history of martial arts in Brazil led to the author's curiosity, which in turn led to the documentary Closed-Guard: The Origins of Jiu-Jitsu in Brazil, which in turn led to this book. This manuscript started as an account of the author's recollections of the film's production, and quickly grew into much more. Opening Closed Guard: The Story Behind the Film contains conclusions, analysis, and historical interpretations, as well as the story behind the documentary itself and the many challenges it faced along the way. It contains interviews, research articles pertaining to the history of Jiu-Jitsu in Brazil, as well as the author's own take on the current state of BJJ and MMA. Finally, it is the story of the author rediscovering his love for Jiu-Jitsu in a completely new and unexpected way. ABOUT THE AUTHOR Born in the US from a Brazilian mother and American father, and having spent his life between these two countries, Robert Drysdale remains the only American competitor to have ever won both the IBJJF and ADCC World Championships, the two most prestigious tournaments in all of Jiu-Jitsu. Furthermore, he has also cultivated a career in MMA, both as a fighter and as a coach. The author also holds a Bachelor's Degree in History, as well as a long-held passion for this discipline. He lives in Las Vegas, Nevada, where he teaches Brazilian Jiu-Jitsu and MMA. He is also the co-founder of the international team Zenith Jiu-Jitsu, and is the father of two girls.

Kingdom of Fantasy #14
Geronimo Stilton 2021
Drawn once again into the Kingdom of Fantasy, Geronimo discovers that the Land of Books is being threatened by a wave of grayness spreading from the Kingdom of Swamp Valley rotting books and turning all the characters gray, sad and worried--and it will be up to Geronimo, Winglet (daughter of Blossom and newly crowned empress), and the intrepid characters from fiction who join them along the way, to locate the source of this new evil and put a stop to it.

In Mortal Combat
John Toland 2016-05-31
A history of the Korean War with soldier’s-eye views from both sides, by the Pulitzer Prize-winning author of *The Rising Sun* and *Infamy*. Pulitzer Prize-winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland cared over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao’s direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. In *Mortal Combat* is comprehensive in it discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao’s prediction of MacArthur’s Inchon invasion. Toland’s account of the “forgotten war” is a must-read for any history aficionado.

Making Making 2018-10

Transnational Crime Networks
Robert Fiedler 2010-12-22
Essay from the year 2008 in the subject Politics - Miscellaneous, grade: 2,2, Macquarie University, language: English, abstract: After cold war, new patterns of conflicts emerged, most of them regional or intra – state conflicts (Stohl 2005). In these conflicts small arms were the dominant weapons, often purchased and supplied in an international black market, one that traffics 250 – 300 Millions illegal small arms (Jane’s Terrorism & Security Monitor 2006). To fulfil the pretensions of this enormous market, trans-national crime organizations established highly sophisticated purposive networks throughout the globe that became rather successful, being able to “exploit international channels, systems and infrastructure where they already exist and are equally quick to create new ones” (Stohl 2004, p. 21). Globalization, considered as “processes through which sovereign national states are crisscrossed and undermined by trans-national actors” (Beck 2000, p. 101) has had a tremendous effect on the illicit markets and in special on the illicit small arms trade. In the following this paper will argue, that by creation of international networks in order to exploit international sources and new emerging markets, illicit small arms trade became a global business in the last decades (Stohl 2004, p. 21). It will also analyze how globalization processes contributed to this development by opening up new perspectives for international acting crime groups. A focus will be laid on major sources for illicit arms and the analysis of major causes for the global expansion of illicit trade in small arms during the last 20 years.

Digital Design
M. Morris Mano 2013
For courses on digital design in an Electrical Engineering, Computer Engineering, or Computer Science department. Digital Design, fifth edition is a modern update of the classic authoritative text on digital design. This book teaches the basic concepts of digital design in a clear, accessible manner. A Manual for Living
Epictetus 1994-06-23
The essence of perennial Stoic wisdom in aphorisms of stunning insight and simplicity. The West's first and best little instruction book offers thoroughly contemporary and pragmatic reflections on how best to live with serenity and joy.

Vampire Hunter D Omnibus: Book One
Hideyuki Kikuchi 2021-10-26
A new omnibus collecting the first three volumes of the Vampire Hunter D horror novel series! It is 12,090 A.D., thousands of years since the human race nearly destroyed itself in a nuclear war–a folly foreseen by those who waited to emerge out of the underground...not from shelters, but from crypts! The aristocratic vampire lords known as the Nobles inherited our world, and with dark science and immortal patience made real the things that mortals had merely dreamed, whether voyaging to the distant stars, or conjuring monsters to roam the Earth. Yet the grand civilization of the Nobles has grown decadent, and as the terrorized remnants of humanity at last found the strength to rebel, their undying lords have been pushed back to the Frontier–the violent borderlands where humans still remain the prey of vampires, who for all their knowledge and power have never lost their obsession with our living flesh, blood...and souls! In this bizarre and deadly far future the most dangerous thing of all is not a vampire, but the one who hunts them–the one who is half them–a dhampir, the unearthly beautiful wanderer known as D. The Vampire Hunter D Omnibus collects the first three novels in author Hideyuki Kikuchi’s adventure horror series: Vampire Hunter D, Raiser of Gales, and Demon Deathchase. Illustrated by Final Fantasy artist Yoshitaka Amano, this book is only the beginning of a legend!

Gruber’s Complete ACT Guide 2019-2020
Gary Gruber 2019-09-24
The ultimate guide to improving ACT scores with practical strategies and examples, comprehensive subject reviews, practice tests and explanations, and much more!Every college-bound student wants the best test scores possible. But with a wide variety of test-prep books available, how do you know you’re choosing the right one to help you most?Fortunately, that just happens to be Dr. Gary Gruber’s life’s work: rather than rote memorization of individual problem solutions, his Gruber Method teaches adaptive strategies to think about test problems as categories, allowing students to solve thousands of questions quickly and effectively.In Gruber’s Complete ACT Guide 2019-2020, you’ll find all the resources you need to develop the test-taking skills and critical-thinking strategies that are proven to increase your test score. With 33 essential strategies illustrated with examples, three complete practice tests, and much more, you’ll see how, for over thirty years, the Gruber Method has helped millions of students master the ability to solve any ACT problem—even the most difficult—easily and efficiently.So read Gruber’s Complete ACT Guide 2019-2020, study its lessons, and watch your ACT score increase and your future possibilities expand. Also included in Gruber’s Complete ACT Guide 2019-2020:The World’s Shortest Practice Test for the ACT® Exam: estimate your score in only 20 questions!The 101 most important math questions every student needs to be able to answerNineteen simple-to-learn math strategies for solving every type of question by breaking them down to their easiest formsMini Math Refresher + Complete Math RefresherNine Reading Comprehension Strategies for focus and clarityComplete Grammar and Usage RefresherA special section covering the ACT® Writing TestThree complete practice tests with explanatory answersExplanations of why you got questions wrong—plus how to get them rightExclusive four-hour study program for the week before the test

Living on Your Own Terms
Osho 2013-03-12
"People can be happy only in one way, and that is if they are authentically themselves. Then the springs of happiness start flowing; they become more alive, they become a joy to see, a joy to be with; they are a song, they are a dance." – Osho
Decades after the rebellions of the 1960s a new generation is again challenging and rebelling against outdated structures and values, focusing on political and economic systems and their failings. But this generation has the opportunity and responsibility to move the development of human freedom to the next level. Living on Your Own Terms will support this new generation in expanding its understanding of freedom and pushing toward new systems for humanity. The Osho Life Essentials series focuses on the most important questions in the life of the individual. Each volume contains timeless and always-contemporary investigations and discussions into questions vital to our personal search for meaning and purpose, focusing on questions specific to our inner life and quality of existence.

Digital Design
M. Morris Mano 2002

Canon EOS Rebel T2i/550D For Dummies delivers a straightforward look through the lens of your dSLR!

Lenses for Digital SLRs
Ross Hoddinott 2012-02-16
Describes the characteristics of lenses and how to choose the right one for a digital SLR camera along with information on such topics as aperture and depth of field, aberration, lens compatibility, lens types, accessories, and filters.

Follow Me
Francesca Riley 2019-03-06
He belongs to the ocean, she belongs to the land. Now they’re together, but you can’t just walk away from a curse. Someone is going to have to pay – starting with her. The second instalment of this addictive, mythical love story will leave you breathless. Come on in, the water’s fine...
Skye Sebastian didn’t believe in happy ever after. But when she fell for Hunter, a mysterious, mesmerizing swimmer, somehow she set him free. Now the beautiful boy who loves her has walked out of his ocean prison to share her world with her. It seems like fairy tales really do come true, but Skye knows there is always a price to pay. When Hunter’s cursed past begin to stalk them, they fear there is no such thing as free. Has their love doomed them? Or will it save them? Once you’re in too deep, there’s no going back
Fans of Becca Fitzpatrick, Laini Taylor, and Kami Garcia will love the Immersed series.

Radar Instruction Manual
United States. Maritime Administration 2005
Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies.Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration’s three region schools.It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook.This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation.Robert J. BlackwellAssistant Secretary for Maritime Affairs

Canon EOS 7D
Michael Guncheon 2010
An introduction to the Canon EOS 7D camera examines the purpose and function of the camera’s basic controls and how to use them, accompanied by explanations of custom functions, choosing exposure settings, manipulating focus and color, and downloading pictures.

Principles of Physics
Michael Nelkon 1990-05-01
Principles of Physics is a well-established popular textbook which has been completely revised and updated.

Manual of Forensic Odontology, Fifth Edition
David R. Senn 2013-01-22
Advances in forensic odontology have led to improvements in dental identification for individual cases as well as in disaster victim identification (DVI). New and updated technologies mean advances in bitemark analysis and age estimation. Growth in the field has strengthened missing persons’ networks leading to more and faster identifications of unidentified individuals. A product of the American Society of Forensic Odontology, the Manual of Forensic Odontology, Fifth Edition provides comprehensive and up-to-date information involving all facets of forensic dentistry and explores critical issues relating to the scientific principles supporting the field’s evaluations and conclusions. New information in the Fifth Edition includes Scientific principles and the need for more and better research in the field Oral and maxillofacial radiographic features of forensic interest Forensic pathology and its ties to forensic odontology New techniques and improved technologies for age estimation Advances in bitemark evidence management Animal bitemarks National and international forensic dental organizations Tips for becoming involved in forensic odontology The manual has been an important source of forensic dentistry information for more than 20 years. This new edition is edited by a past president of the American Board of Forensic Odontology and a past Chair of the Odontology Section of the American Academy of Forensic Sciences. Expanded and enhanced with extensive color illustrations, this volume is designed to provide essential information based on sound scientific principles for experienced forensic odontologists and for those new to the discipline.

The Grace Walk Experience
Steve McVey 2008-03-01
For years, Steve McVey’s Grace Walk (more than 200,000 copies sold) has inspired Christians to leave behind a performance and fear-based faith to embrace a faith lived in abundance and grace. Now The Grace Walk Experience workbook helps readers move that message of hope from their heads to their hearts as they explore eight truths that have changed lives worldwide daily, interactive studies that reveal grace as much more than a doctrine ways to quit “doing” for God so that He can live through them illustrations of the wonder and miracle of faith as God intended God’s Word, salvation, and evangelism with new perspective This excellent tool for church classes, small group discussion, and individual study will lead believers to understand their identity in Christ, let go of legalism, and make room for the overflowing love, mercy, and purpose of life lived wholly in God’s grace.

Gruber’s Complete SAT Guide 2012
Gary R. Gruber 2011-01-01
Provides studying strategies and test-taking tips, and includes five full-length practice tests with explanations for each answer.

Sick Tom
Leveen 2013-10-01
Brian and his friends are not part of the cool crowd. They’re the misfits and the troublemakers—the ones who jump their high school’s fence to skip class regularly. So when a deadly virus breaks out, they’re the only ones with a chance of surviving. The virus turns Brian’s classmates and teachers into bloodthirsty attackers who don’t die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian’s sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won’t be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK “The gore and action will leave enthralled readers thrilled and then satiated with each kill on either side.” —Booklist “Between the pacing and the heroes’ salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end.” —Kirkus Reviews “Sick is well written, with great detail, even if it is a little gory.” —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA

The Complete Idiot’s Guide to Motorcycles
Editors of Motorcyclist Magazine 2008
The Complete Idiot’s Guide to Motorcycles, Fourth Edition, is the most complete book on motorcycles, covering everything from how to choose and maintain a motorcycle and how to buy appropriate gear, to how to ride safely, and how to make the most out of trips on the open road.

The Conquest of Gaul
Julius Caesar 1983-02-24
Between 58 and 50 BC Caesar conquered most of the area now covered by France, Belgium and Switzerland, and twice invaded Britain. This is the record of his campaigns. Caesar’s narrative offers insights into his military strategy & paints a fascinating picture of his encounters with the inhabitant of Gaul and Britain, as well as offering lively portraits of a number of key characters such as the rebel leaders and Gallic chieftains. This can also be read as a piece of political propaganda, as Caesar sets down his version of events for the Roman public, knowing that he faces civil war on his return to Rome. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

David Busch’s Canon EOS Rebel T6s/T6i/760D/750D Guide to Digital SLR Photography
David D. Busch 2015-12-31

Scars, Marks & Tattoos
Jacqueline Caruso 2021-03-31
I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

United States, War Department 1944

The Wish (A Roald Dahl Short Story)
Roald Dahl 2012-09-13
The Wish is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale In The Wish, Roald Dahl, one of the world’s favourite authors, tells a sinister story about the darker side of human nature. Here, an imaginative boy plays a game that quickly gets out of hand . . . The Wish is taken from the short story collection Someone Like You, which includes seventeen other devious and shocking stories, featuring the wife who serves a dish that baffles the police; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.' (Observer) This story is also available as a Penguin digital audio download read by the sublime Stephen Mangan. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl’s Twisted Tales by Jeremy Dyson. Roald Dahl’s stories continue to make readers shiver today.
