**What the Eyes Don't See** Mona Hanna-Attisha 2018-06-19 A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. “Stirring . . . [a] blueprint for all those who believe . . . that ‘the world . . . should be full of people raising their voices.’”—The New York Times “Revealing, with the gripping intrigue of a Grisham thriller.” —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don't See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. What the Eyes Don't See is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for *What the Eyes Don't See* “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.”—Erin Brockovich “A clarion call to live a life of purpose.”—The Washington Post “Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.”—The New York Times Book Review “Personal and emotional. . . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . ‘Flint will not be defined by this crisis,’ vows Ms. Hanna-Attisha.”—The Economist “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrican turned detective, who cracked the case.”—Rachel Maddow

**The Mushroom at the End of the World** Anna Lowenhaupt Tsing 2021-06-08 "A tale of diversity within our damaged landscapes, *The Mushroom at the End of the World* follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction."--Publisher's description.

*The Four Winds* Kristin Hannah 2021-02-02 "The Bestselling Hardcover Novel of the Year."--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. “My land tells its story if you listen. The story of our family.” Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

**The Nightingale** Kristin Hannah 2015-02-03 In love we find out who we want to be. In war we find out who we are. FRANCE, 1939 In the quiet village of Carriveau, Vianne Mauriac says goodbye to her husband, Antoine, as he heads for the Front. She doesn't believe that the Nazis will invade France...but invade they do, in droves of marching soldiers, in caravans of trucks and tanks, in planes that fill the skies and drop bombs upon the innocent. When a German captain requisitions Vianne's home, she and her daughter must live with the enemy or lose everything. Without food or money or hope, as danger escalates all around them, she is forced to make one impossible choice after another to keep her family alive. Vianne's sister, Isabelle, is a rebellious eighteen-year-old girl, searching for purpose with all the reckless passion of youth. While thousands of Parisians march into the unknown terrors of war, she meets G etan, a partisan who believes the French can fight the Nazis from within France, and she falls in love as only the young can...completely. But when he betrays her, Isabelle joins the Resistance and never looks back, risking her life time and again to save others. With courage, grace and powerful insight, bestselling author Kristin Hannah captures the epic panorama of WWII and illuminates an intimate part of history seldom seen: the women's war. The Nightingale tells the stories of two sisters, separated by years and experience, by ideals, passion and circumstance, each embarking on her own dangerous path toward survival, love, and freedom in German-occupied, war-torn France—a heartbreakingly beautiful novel that celebrates the resilience of the human spirit and the durability of women. It is a novel for everyone, a novel for a lifetime.

**An Irish Sanctuary** Gisela Holfter 2016-12-19 The monograph provides the first comprehensive, detailed account of German-speaking refugees in Ireland 1933-1945 - where they came from, immigration policy towards them and how their lives turned out in Ireland and afterwards. Thanks to unprecedented access to thousands of files of the Irish Department of Justice (all still officially closed) as well as extensive archive research in Ireland, Germany, England, Austria as well as the US and numerous interviews it is possible for the first time to give an almost complete overview of how many people came, how they contributed to Ireland, how this fits in with the history of migration to Ireland and what can be learned from it. While Exile studies are a well-developed research area and have benefited from the work of research centres and archives in Germany, Austria, Great Britain and the USA (Frankfurt/M, Leipzig, Hamburg, Berlin, Innsbruck, Graz, Vienna, London and SUNY Albany and the Leo Baeck Institutes), Ireland was long neglected in this regard. Instead of the usual narrative of "no one was let in" or "only a handful came to Ireland" the authors identified more than 300 refugees through interviews and intensive research in Irish, German and Austrian archives. German-speaking exiles were the first main group of immigrants that came to the young Irish Free State from 1933 onwards and they had a considerable impact on academic, industrial and religious developments in Ireland.

From deep within this old growth forest, a six-year-old girl appears. Speechless and alone, she offers no clue as to her identity, no hint of her past. Having retreated to her western Washington hometown after a scandal left her career in ruins, child psychiatrist Dr. Julia Cates is determined to free the extraordinary little girl she calls Alice from a prison of unimaginable fear and isolation. To reach her, Julia must discover the truth about Alice's past—although doing so requires help from Julia's estranged sister, a local police officer.
