Law & Advertising Dean K.

Fueroghne 2017-03-01 In this

lively, entertaining, and

informative book, Dean K.

Fueroghne guides readers

through the complex laws

governing the creation of

advertising, illuminating a

heavily regulated arena at the

intersection of free enterprise

and consumer protection. Is it

acceptable to use images of

real people, famous or not?

Can Nike talk about Adidas in

its promotional campaign?

When can money be shown?

What constitutes puffery, or

deceptive truth, or bait-and-

switch advertising? What are

the specific rules pertaining to

professional businesses,

political advertising, or the

marketing of alcohol or

tobacco? What is the difference

between copyright and

trademark? Fueroghne answers

these questions and more as he

covers the complex laws

relevant to advertising in all its

guises. In addition to discussing

specific cases, he explains the

reasoning behind the court's

decisions and how it affects the

business of advertising.

Students of strategic

communication as well as

advertising professionals—from agency account executives and copywriters to art directors and freelance designers—will learn to anticipate when proposed advertising may cause legal problems and how to avoid costly mistakes. Advertising lawyers will also appreciate the book as a handy reference that gathers in one place the many disparate laws affecting marketing and promotion in the United States today.
