High-Performance Subaru Builder's Guide Jeff Zurschmeide 2007 Now more than ever, Subaru fanatics have a wealth of factory and aftermarket performance upgrades at their disposal. In High-Performance Subaru Builder's Guide, author Jeff Zurschmeide explains in detail the similarities and differences between the Subaru models, and describes how to modify each for performance on the street and at the track. He uses over 300 color photos to show you how to modify your Impreza, Legacy, WRX, or STI for improved acceleration, handling, braking, and style. The book provides detailed chapters explaining how to modify the intake, exhaust, turbocharger, and computer systems for more horsepower and torque--plus info on upgrading your drivetrain to handle all that power. If taking corners is your thing, you'll find chapters on the suspension, steering, chassis, brakes, and wheels and tires. A special chapter even shows you how to get started in your favorite type of racing, including examples of successful racers and their cars.

Sustainable Logistics and Production in Industry 4.0 Katarzyna Grzybowska 2019-11-30 This book proposes essential methods, models, and case studies for Sustainable Logistics and Production in Industry 4.0. In addition to identifying and discussing various challenges and future prospects, it also features numerous case studies and quantitative research from different sectors. The authors (which include academics and managers) present insightful tips on the technical, organizational and social aspects of implementing Sustainable Logistics and Production in Industry 4.0. In today's world, changes are coming faster and more unpredictably. Production is becoming more automated, computerized and complex. In short, Industry 4.0 is creating many new opportunities, but at the same time several new challenges. This book offers a valuable resource for all academics and practitioners who want to deepen their knowledge of Sustainable Logistics and Production in Industry 4.0.

From the Folks Who Brought You the Weekend Priscilla Murolo 2018-08-28 Newly updated: "An enjoyable introduction to American working-class history." --The American Prospect Praised for its "impressive even-handedness", From the Folks Who Brought You the Weekend has set the standard for viewing American history through the prism of working people (Publishers Weekly, starred review). From indentured servants and slaves in seventeenth-century Chesapeake to high-tech workers in contemporary Silicon Valley, the book "[puts] a human face on the people, places, events, and social conditions that have shaped the evolution of organized labor", enlivened by illustrations from the celebrated comics journalist Joe Sacco (Library Journal). Now, the authors have added a wealth of fresh analysis of labor's role in American life, with new material on sex workers, disability issues, labor's relation to the global justice movement and the immigrants' rights movement, the 2005 split in the AFL-CIO and the movement civil wars that followed,

and the crucial emergence of worker centers and their relationships to unions. With two entirely new chapters—one on global developments such as offshoring and a second on the 2016 election and unions' relationships to Trump—this is an "extraordinarily fine addition to U.S. history [that] could become an evergreen . . . comparable to Howard Zinn's award-winning A People's History of the United States" (Publishers Weekly). "A marvelously informed, carefully crafted, far-ranging history of working people." --Noam Chomsky

Subaru Impreza David Hobbs 2007-12-01 Consumer guides & advice.

Subaru Impreza Graham Robson 2007-02-01 This book describes the birth, development, and rallying career of the turbocharged, four-wheel-drive Subaru Impreza in the 1990s and early 2000s. Forged in the fierce heat of WRC (World Rally Championship) competition and honed by years of continuous development, the Subaru Impreza is not only one of the greatest rally cars of all time, but has also become one of the most desirable high-performance road cars, too. This book provides a compact and authoritative history of where, when, and how it became so important to the sport.
