That's why Jack Rourke's perspective is so valuable. Beginner's Guide to Mediumship Larry Dreller 2002-04-15 For centuries, people have been fascinated by the power and secrets of mediums. And today, many are interested in making contact with the spirit world themselves--either to communicate with loved ones, heal the sick, or discover knowledge-- but don't know how. Yet, as Larry Dreller writes, "At birth we all are given the gift of seeing beyond this humble Earth plane into other dimensions, but as we grow older we cast this natural ability aside. Mediums did not lose this ability and are people who act as intermediaries between this world and the 'other side'." Both an introduction to this phenomenon as well as a workbook that guides the reader through exercises to reawaken their abilities, the Beginner's Guide to Mediumship shows how to develop spiritual powers, conduct seances, harness the power of prophecy, comfort and heal others, see auras, and more. Drawing on his own experience, Dreller focuses on pure and practical day-to-day applications of mediumship and how they can enrich readers' lives.

Managing Psychic Abilities Mary Mueller Shutan 2016-12-13 Approximately 20% of the population is sensitive or in some way psychic. Being sensitive or psychic can allow you to understand the world in a way that most people can't, and to see beyond what others are able to. But for many of you sensitivities are a burden, causing overwhelm or even physical ailments. Most information about psychic abilities on the market is aspirational, meaning that all of the books out there focused on “opening your third eye” or “becoming psychic” are not meant for the highly sensitive person. You don't want to become more sensitive, you may in fact be holding on for dear life because you are overwhelmed, panicked, have issues with sleep, body pain, headaches, digestive issues, and constantly shifting emotions. Or you might be mildly sensitive, but still need skills to manage going to work, or want to know more about how to become more functional while still being sensitive in this world. Learn how psychic abilities and sensitivities develop, where you are on the spectrum of these abilities and sensitivities, and most importantly, the basic and intermediate skills and techniques needed to be healthier, more functional, and to feel in control of your sensitivities and psychic abilities, so that you can live in the world more joyfully again.

The Psychic Handbook Betty F. Balcombe 2000-01-01 A psychic healer, tells you what it's like to be psychic. Balcombe's visualization and meditation techniques help you gain comfort with-and control of-your psychic powers. She describes how to use divination, the tarot, pendulums, dowsing rods, dreams and symbols, premonitions, automatic writing, and other techniques to develop psychic ability. You also learn how to see a person's aura to determine health or emotional conditions, and how to clear the aura of disturbances. The greatest gift a psychic can cultivate is the ability to heal, and Balcombe discusses this in detail; how to use touch, "laser," and absent healing, as well as spirit energy group healing, and the value of crystal healing. She relates her belief in past lives as pockets of experience that add to our soul's wisdom and knowledge. Balcombe's book helps us gain spiritual awareness and a clearer understanding of life's purpose.
