You could purchase lead The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou or acquire it as soon as feasible. You could quickly download this The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou after getting deal. So, considering you require the books swiftly, you can straight get it. Its appropriately extremely easy and therefore fats, isnt it? You have to favor to in this atmosphere

[Secular Buildings in the Crusader Kingdom of Jerusalem](#) Denys Pringle 1997-12-11 A descriptive gazetteer of all the secular buildings known to have existed within the Crusader

Kingdom of Jerusalem.

The Churches of the Crusader Kingdom of Jerusalem: A Corpus: Volume 2, L-Z (excluding Tyre) Denys Pringle 1993 This is the second of a series of four volumes that are

intended to present a complete corpus of all the church buildings, of both the western and the oriental rites, rebuilt or simply in use in the Crusader Kingdom of Jerusalem between the capture of Jerusalem for the First Crusade in 1099 and the loss of Acre in 1291. This volume completes the general topographical coverage begun in volume I, and will be followed by a third volume dealing specifically with the major cities of Jerusalem, Acre and Tyre (which are excluded from the preceding volumes). The project, of which this series represents the final, definitive publication, has been sponsored by the British School of Archaeology in Jerusalem. On completion the corpus will contain a topographical listing of all the 400 or more church buildings of the Kingdom that are attested by documentary or surviving archaeological evidence, and individual descriptions and discussion of them in terms of their identification, building history and architecture. Some of the buildings have been published before, but many

others are published here for the first time. [The Crusades, C.1071-c.1291](#) Jean Richard 1999-09-16 A concise, general history of the crusades from the beginnings to the fall of the last strongholds in 1291.

[The Road to Jerusalem](#) Jan Guillou 2009-04-21 “Destined to become a classic, The Road to Jerusalem is a brilliant, dramatic recreation of the medieval world.” —Sharon Kay Penman, New York Times bestselling author of Devil’s Brood Already an international sensation, The Road to Jerusalem by Jan Guillou is the epic story of the Knights Templar. A major bestseller in Europe—with more than two million copies sold in Sweden alone—and the basis for the most lavish and expensive Swedish film ever made, it is a novel Diana Gabaldon calls, “beautifully constructed...skillfully written and translated.” Historical fiction lovers, particularly fans of the sweeping, bestselling adventure novels of Bernard Cornwell, will be captivated by this magnificent tale of romance, faith, and battle set

against the backdrop of the Crusades. *Western Warfare In The Age Of The Crusades, 1000-1300* John France 2020-09-17 In 1095 the First Crusade was launched, establishing a great military endeavour which was a central preoccupation of Europeans until the end of the thirteenth century. In Western warfare in the age of the Crusades, 1000-1300 John France offers a wide-ranging and challenging survey of war and warfare and its place in the development of European Society, culture and economy in the period of the Crusades. Placing the crusades in a wider context, this book brings together the wealth of recent scholarly research on such issues as knighthood, siege warfare, chivalry and fortifications into an accessible form. *Western warfare in the age of the Crusades, 1000-1300* examines the nature of war in the period 1000-1300 and argues that it was primarily shaped by the people who conducted war - the landowners. John France illuminates the role of property concerns in producing the characteristic

instruments of war: the castle and the knight. This authoritative study details the way in which war was fought and the reasons for it as well as reflecting on the society which produced the crusades.

The Churches of the Crusader Kingdom of Jerusalem: A Corpus: Volume 1, A-K (excluding Acre and Jerusalem) Denys Pringle 1993 This is the first of a series of three volumes intended to present a complete gazetteer of all the 400 or more church buildings known to have existed in the Crusader Kingdom of Jerusalem between the capture of the city in 1099 and the fall of Acre in 1291. Volume I forms the first part of the general topographical coverage, and includes individual descriptions and historical discussion of the sites A-K. The sequence will be continued in Volume II, while Volume III will deal specifically with Jerusalem, Acre and Tyre. Together, the volumes provide an indispensable reference work to the Holy Land.

The History of the Crusades (Vol.1-3) Joseph

François Michaud 2020-04-06 The History of the Crusades in 3 volumes is a historical work by French historian Joseph François Michaud which provides a comprehensive look at the Crusades, including political and military battles in Europe, North Africa, and Asia Minor. The Crusades were a series of religious wars initiated, supported and sometimes directed by the Latin Church in the medieval period, especially the campaigns between 1096 and 1271 in the Eastern Mediterranean aimed at recovering the Holy Land from Islamic rule. Michaud expands the term of Crusades, including in his work the wars against Turks in Europe in 13th, 14th, and 15th century, concluding with his reflections on the state of Europe, on the various classes of society, during and after the crusades.

The Crusader States Malcolm Barber 2012-08-02
“An enriching account of the expansion of the political and cultural frontiers of the Latin West in the central Middle Ages.”—History Today When the armies of the First Crusade wrested

Jerusalem from control of the Fatimids of Egypt in 1099, they believed their victory was an evident sign of God’s favor. It was, therefore, incumbent upon them to fulfill what they understood to be God’s plan: to re-establish Christian control of Syria and Palestine. This book is devoted to the resulting settlements, the crusader states, that developed around the eastern shores of the Mediterranean and survived until Richard the Lionheart’s departure in 1192. Focusing on Jerusalem, Antioch, Tripoli, and Edessa, Malcolm Barber vividly reconstructs the crusaders’ arduous process of establishing and protecting their settlements, and the simultaneous struggle of vanquished inhabitants to adapt to life alongside their conquerors. Rich with colorful accounts of major military campaigns, the book goes much deeper, exploring in detail the culture of the crusader states—the complex indigenous inheritance, the architecture, the political, legal, and economic institutions, the ecclesiastical framework through which the crusaders

perceived the world, the origins of the Knights Templar and the Hospitallers, and more. With the zest of a scholar pursuing a life-long interest, Barber presents a complete narrative and cultural history of the crusader states while setting a new standard for the term “total history.” A Choice Outstanding Academic Title in the Western Europe Category “Barber is a highly distinguished scholar, whose touch is continually deft, and he navigates the basis of the main narrative histories with care . . . a delight to read.”—Literary Review

The History of the Crusades Joseph Fr. Michaud 1853

A History of the Crusades: The Kingdom of Jerusalem and the Frankish East, 1100-1187 Steven Runciman 1965

Crusader Landscapes in the Medieval Levant 2016-08-20 Written to celebrate the prestigious career of Professor Denys Pringle, this collection of articles produced by many of the leading archaeologists and historians in the field

of crusades studies offers a compilation of pioneering scholarship on recent studies on the Latin East. The geographical breadth of topics discussed in each chapter reflects both Pringle’s international collaborations and research interests, and the wide development of scholarly interest in the subject. With a concentration on the areas corresponding to the crusader states during the twelfth and thirteenth centuries, the articles also offer research into the neighbouring areas of Cyprus, Anatolia, Greece and the West, and the legacy of the crusader period there, with results from recent archaeological fieldwork in the Middle East.

Crusaders Dan Jones 2019-09-05 From the bestselling author of *The Templars*. 'Voyages, battles, sieges and slaughter: Dan Jones's tumultuous and thrilling history of the crusades is one of the best' SUNDAY TIMES. 'A powerful story brilliantly told. Dan Jones writes with pace, wit and insight' HELEN CASTOR. 'A fresh and vibrant account of a conflict that raged across medieval

centuries' JONATHAN PHILLIPS. Dan Jones, best-selling chronicler of the Middle Ages, turns his attention to the history of the Crusades – the sequence of religious wars fought between the late eleventh century and late medieval periods, in which armies from European Christian states attempted to wrest the Holy Land from Islamic rule, and which have left an enduring imprint on relations between the Muslim world and the West. From the preaching of the First Crusade by Pope Urban II in 1095 to the loss of the last crusader outpost in the Levant in 1302-03, and from the taking of Jerusalem from the Fatimids in 1099 to the fall of Acre to the Mamluks in 1291, Crusaders tells a tale soaked in Islamic, Christian and Jewish blood, peopled by extraordinary characters, and characterised by both low ambition and high principle. Dan Jones is a master of popular narrative history, with the priceless ability to write page-turning narrative history underpinned by authoritative scholarship. Never before has the era of the Crusades been

depicted in such bright and striking colours, or their story told with such gusto. PRAISE FOR THE TEMPLARS: 'A fresh, muscular and compelling history of the ultimate military-religious crusading order, combining sensible scholarship with narrative swagger' SIMON SEBAG MONTEFIORE. 'Dan Jones has created a gripping page-turner out of the dramatic history of the Templars' PHILIPPA GREGORY. 'The story of the Templars, the ultimate holy warriors, is an extraordinary saga of fanaticism, bravery, treachery and betrayal, and in Dan Jones they have a worthy chronicler. The Templars is a wonderful book!' BERNARD CORNWELL. 'Told with all Jones's usual verve and panache, this is a dramatic and gripping tale of courage and stupidity, faith and betrayal' MAIL ON SUNDAY. 'This is another triumphant tale from a historian who writes as addictively as any page-turning novelist' OBSERVER. 'The Templars is exhilarating, epic, sword-swinging history' TLS. 'Jones carries the Templars through the crusades

with clarity and verve. This is unabashed narrative history, fast-paced and full of incident ... Jones tells their story extremely well' SUNDAY TIMES.

The Knight Templar Jan Guillou 2002 Born in 1150 to an aristocratic Swedish family, handsome Arn Magnusson is educated at a Cistercian monastery. As well as training to be a monk, he is to be a warrior, and becomes a master archer and swordsman under the tutelage of the giant Brother Guilbert, a former knight. But Arn is innocent in the ways of the world, and when two beautiful sisters cross his path, despite falling desperately in love with one of them, Cecilia, he is seduced by the other. Such a crime is punishable by both civil and clerical authorities, and, while Cecilia is banished to spend twenty years as a nun, Arn is sentenced to serve the same period as a Knight Templar in the Holy Land. As an occupation officer in Palestine, he discovers that the infidel Saracens don't appear to be brutish and uncivilised as they are

portrayed in Christian propaganda. On the contrary, in love and war he learns from the example of his noble adversary Saladin that there's another side to the teachings of the Cistercians;

Crusader Archaeology Adrian Boas 2016-10-14 Crusader Archaeology examines what life was like for European settlers in the Latin East and how they were influenced by their new-found neighbours. Incorporating recent excavation results and the latest research, this new edition updates the only detailed study of the material culture of the Frankish settlers in Israel, Cyprus, Syria and Jordan. Adrian Boas provides comprehensive coverage of the key topics connected to crusader archaeology, including an examination of urban and rural settlements, agriculture, industry, the military, the church, public and private architecture, arts and crafts, leisure pursuits, death and burial and building techniques. There are also entirely new chapters on domestic architecture and disease, injury and

medical treatment. Drawing on the extensive experience of an established writer in the field, Crusader Archaeology effectively combines a broad body of material to introduce readers to the archaeological research of the region. This well-illustrated volume is a crucial survey for all those interested in the Middle Ages, and in particular the Crusades.

The Crusades to the Holy Land: The Essential Reference Guide Alan V. Murray 2015-04-28 Based on the latest scholarship by experts in the field, this work provides an accessible guide to the Crusades fought for the liberation and defense of the Holy Land—one of the most enduring and consequential conflicts of the medieval world. • Presents concise, accessible articles written by more than 40 leading experts in the field that explain key concepts and describe important institutions of the Crusades • Covers all main Crusades as well as the distinct countries and various personalities involved • Includes maps that make clear the course of Crusades and main areas of

campaigning in the Eastern Mediterranean region

- Documents the Christian principalities established in the course of the Crusades and the Muslim states that opposed them

The Architecture of the Christian Holy Land
Kathryn Blair Moore 2017-02-28 In the absence of the bodies of Christ and Mary, architecture took on a special representational role during the Christian Middle Ages, marking out sites associated with the bodily presence of the dominant figures of the religion. Throughout this period, buildings were reinterpreted in relation to the mediating role of textual and pictorial representations that shaped the pilgrimage experience across expansive geographies. In this study, Kathryn Blair Moore challenges fundamental ideas within architectural history regarding the origins and significance of European recreations of buildings in Jerusalem, Bethlehem, and Nazareth. From these conceptual foundations, she traces and re-interprets the significance of the architecture of the Holy Land

within changing religious and political contexts, from the First Crusade and the emergence of the Franciscan Custody of the Holy Land to the anti-Islamic crusade movements of the Renaissance, as well as the Reformation.

The Land Beyond the Sea Sharon Kay Penman
2020-03-03 From the critically acclaimed New York Times bestselling author Sharon Kay Penman comes the story of the reign of King Baldwin IV and the Kingdom of Jerusalem's defense against Saladin's famous army. The Kingdom of Jerusalem, also known as Outremer, is the land far beyond the sea. Baptized in blood when the men of the First Crusade captured Jerusalem from the Saracens in the early twelfth century, the kingdom defined an utterly new world, a land of blazing heat and a medley of cultures, a place where enemies were neighbors and neighbors became enemies. At the helm of this growing kingdom sits young Baldwin IV, an intelligent and courageous boy committed to the welfare and protection of his people. But despite

Baldwin's dedication to his land, he is afflicted with leprosy at an early age and the threats against his power and his health nearly outweigh the risk of battle. As political deception scours the halls of the royal court, the Muslim army--led by the first sultan of Egypt and Syria, Saladin--is never far from the kingdom's doorstep, and there are only a handful Baldwin can trust, including the archbishop William of Tyre and Lord Balian d'Ibelin, a charismatic leader who has been one of the few able to maintain the peace. Filled with drama and battle, tragedy and romance, Sharon Kay Penman's latest novel brings a definitive period of history vividly alive with a tale of power and glory that will resonate with readers today.

Crusades Benjamin Z. Kedar 2016-08-12
Crusades covers seven hundred years from the First Crusade (1095-1102) to the fall of Malta (1798) and draws together scholars working on theatres of war, their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology, law,

literature, art, numismatics and economic, social, political and military history. Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East. Particular attention is given to the publication of historical sources in all relevant languages - narrative, homiletic and documentary - in trustworthy editions, but studies and interpretative essays are welcomed too. Crusades appears in both print and online editions. Volume 8 begins with Adrian J. Boas and Aren M. Maeir on the Frankish Castle of Blanche Garde and the Medieval and Modern Village of Tell es-Safi in the light of recent discoveries.

A History of the Crusades Kenneth Meyer Setton 1977-09 This work contains information and analysis of the history, politics, economics, and culture of the medieval world. The six volumes stand as a history of the Crusades, spanning five centuries, encompassing Jewish, Muslim, and Christian perspectives.

A History of the Crusades Kenneth M. Setton 1969 The six volumes of A History of the

Crusades will stand as the definitive history of the Crusades, spanning five centuries, encompassing Jewish, Moslem, and Christian perspectives, and containing a wealth of information and analysis of the history, politics, economics, and culture of the medieval world.

Settlement and Crusade in the Thirteenth Century Gil Fishhof 2021-07-19 Settlement and Crusade in the Thirteenth Century sheds new light on formerly less explored aspects of the crusading movement and the Latin East during the thirteenth century. In commemoration of the 800th anniversary of the construction of 'Atlit Castle, a significant section of this volume is dedicated to the castle, which was one of the most impressive built in the Latin East. Scholarly debate has centred on the reasons behind the construction of the castle, its role in the defence of the Kingdom of Jerusalem during the thirteenth century, and its significance for the Templar order. The studies in this volume shed new light on diverse aspects of the site, including its

cemetery and the surveys conducted there. Further chapters examine Cyprus during the thirteenth century, which under the Lusignan dynasty was an important centre of Latin settlement in the East, and a major trade centre. These chapters present new contributions regarding the complex visual culture which developed on the island, the relation between different social groups, and settlement patterns. Adopting a multidisciplinary approach, this book will be of interest to scholars and students of the medieval period, as well as those interested in the Crusades, archaeology, material culture, and art history.

The Field of Blood Nicholas Morton 2018-02-20 A history of the 1119 Battle of the Field of Blood, which decisively halted the momentum gained during the First Crusade and decided the fate of the Crusader states During the First Crusade, Frankish armies swept across the Middle East, capturing major cities and setting up the Crusader States in the Levant. A sustained

Western conquest of the region appeared utterly inevitable. Why, then, did the crusades ultimately fail? To answer this question, historian Nicholas Morton focuses on a period of bitter conflict between the Franks and their Turkish enemies, when both factions were locked in a struggle for supremacy over the city of Aleppo. For the Franks, Aleppo was key to securing dominance over the entire region. For the Turks, this was nothing less than a battle for survival -- without Aleppo they would have little hope of ever repelling the European invaders. This conflict came to a head at the Battle of the Field of Blood in 1199, and the face of the Middle East was forever changed.

Satan's Last Crusade: The Total Concept
Jerusalem in the Time of the Crusades

Adrian J. Boas 2001-09-06 Adrian Boas's combined use of historical and archaeological evidence together with first-hand accounts written by visiting pilgrims results in a multi-faceted perspective on Crusader Jerusalem.

Generously illustrated, this book will serve both as a scholarly account of this city's archaeology and history, and a useful guide for the interested reader to a city at the centre of international and religious interest and conflict today.

Birth of the Kingdom Jan Guillou 2011-07-05 In the final gripping volume of Jan Guillou's boundary-breaking Crusades Trilogy, exiled warrior Arn de Gotha returns home to Sweden, determined to liberate and unite his homeland in what promises to be his greatest trial yet. Traveling from Saladin's sand-swept Holy Lands to the Scandinavian North, Arn's final adventure is a captivating historical narrative encompassing the struggle for honor, the quest for lost love, and the momentous clash of European and Middle Eastern cultures. Fans of Bernard Cornwell, Conn Iggulden, William Dietrich, and James Clavell will be enthralled by Jan Guillou's Birth of the Kingdom, the stunning and dramatic climax to a tale begun in The Road to Jerusalem and The Templar Knight, and a masterpiece of epic and

magisterial historical fiction.

"The" Road to Armageddon W. B. Bartlett 2007

Enquiring History: The Crusades: Conflict and Controversy, 1095-1291 Jamie Byrom 2013-04-26 Think more deeply and work more independently at A level History through a carefully thought-out enquiry approach from SHP. Enquiring History: It makes you think! The OFSTED report on school history suggests that the current generation of A Level students have been poorly served by exam-based textbooks which spoon-feed students while failing to enthuse them or develop deeper understandings of studying History. The Schools History Project has risen to this challenge with a new series for the next generation. Enquiring History is SHP's fresh approach to Advanced Level History that aims: - To motivate and engage readers - To help readers think and gain independence as learners - To encourage enquiry, and deeper understanding of periods and the people of the past - To engage with current scholarship - To

prepare A Level students for university Key features of each Student book - Clear compelling narrative - books are designed to be read cover to cover - Structured enquiries - that explore the core content and issues of each period - 'Insight' panels between enquiries provide context, overview, and extension - Full colour illustrations throughout

The Crusades: Conflict and controversy 1095-1291 There has never been a more important time to study the Crusades. Religious conflict is a fact of life in the twenty-first century no less than it was in the medieval world. And yet the world of the Crusades is so different from ours that it takes a massive leap of imagination to make sense of these events. This book takes on that challenge: opening a window onto the 12th and 13th century worlds to understand what on earth was going on. It examines the Crusades themselves; the controversies surrounding them; and the past and current re-interpretations of the period. Web-based support includes - lesson planning tools

and guidance for teachers available from the SHP website

<http://www.schoolhistoryproject.org.uk/Publishing/BooksSHP/BooksALVIEHS.html> - eBooks for whole class teaching or individual student reading available from eBook retailers

[A History of the Crusades: Volume 1, The First Crusade and the Foundation of the Kingdom of Jerusalem](#) Steven Runciman 1951 Analyzes the Crusades from European and Arabic viewpoints

[Crusader Art in the Holy Land, From the Third Crusade to the Fall of Acre](#) Jaroslav Folda 2005-09-05 Examines Crusader Art of the thirteenth century in its historical, social, and religious context.

The Crusades James Harpur 2008-01-15 Presents the history of the Crusades, including the organizational problems, the multiple political alliances, biographies of notable figures on both sides of the conflict, and the reasons for the final defeat of the Europeans.

The Armenian Kingdom in Cilicia During the

Crusades Jacob Ghazarian 2018-10-24 This unique study bridges the history of the Crusades with the history of Armenian nationalism and Christianity. To the Crusaders, Armenian Christians presented the only reliable allies in Anatolia and Asia Minor, and were pivotal in the founding of the Crusader principalities of Edessa, Antioch, Jerusalem and Tripoli. The Anatolian kingdom of Cilicia was founded by the Roupenian dynasty (mid 10th to late 11th century), and grew under the collective rule of the Hetumian dynasty (late 12th to mid 14th century). After confrontations with Byzantium, the Seljuks and the Mongols, the Second Crusade led to the crowning of the first Cilician king despite opposition from Byzantium. Following the Third Crusade, power shifted in Cilicia to the Lusignans of Cyprus (mid to late 14th century), culminating in the final collapse of the kingdom at the hands of the Egyptian Mamluks.

History of the Crusades, tr. by W. Robson Joseph François Michaud 1852

The Templar Knight Jan Guillou 2010-05-04 Swedish author Jan Guillou follows up the highly acclaimed *The Road to Jerusalem* with the second book in his *Knights Templar* trilogy. The *Knight Templar* follows Arn's adventures in the Holy Land, where he discovers that the infidel Saracens aren't as brutish and uncivilised as he had been led to believe, and that in fact there is another, darker side to the teaching of the Cistercians.

The Crusades Andrew Jotischky 2015-01-29 In 1095 Pope Urban II launched the First Crusade to recover Jerusalem from the Seljuq Turks. Tens of thousands of people joined his cause, making it the single largest event of the Middle Ages. The conflict would rage for over 200 years, transforming Christian and Islamic relations forever. Andrew Jotischky takes readers through the key events, focussing on the experience of crusading, from both sides. Featuring textboxes with fascinating details on the key sites, figures and battles, this essential primer asks all the

crucial questions: What were the motivations of the crusaders? What was it like to be a crusader or to live in a crusading society? And how do these events, nearly a thousand years ago, still shape the politics of today?

Byzantium and the Crusades Jonathan Harris 2014-09-25 This new edition of Byzantium and the Crusades provides a fully-revised and updated version of Jonathan Harris's landmark text in the field of Byzantine and crusader history. The book offers a chronological exploration of Byzantium and the outlook of its rulers during the time of the Crusades. It argues that one of the main keys to Byzantine interaction with Western Europe, the Crusades and the crusader states can be found in the nature of the Byzantine Empire and the ideology which underpinned it, rather than in any generalised hostility between the peoples. Taking recent scholarship into account, this new edition includes an updated notes section and bibliography, as well as significant additions to

the text: - New material on the role of religious differences after 1100 - A detailed discussion of economic, social and religious changes that took place in 12th-century Byzantine relations with the west - In-depth coverage of Byzantium and the Crusades during the 13th century - New maps, illustrations, genealogical tables and a timeline of key dates Byzantium and the Crusades is an important contribution to the historiography by a major scholar in the field that should be read by anyone interested in Byzantine and crusader history.

[the crusades, the story of the latin kingdom fo jerusalem](#) t. a. archer and charles l. kingsford 1894

Diplomatarium of the Crusader Kingdom of Valencia Robert Ignatius Burns 2017-03-14 This work is the introduction to a series of volumes that will make available over 2,000 documents from the registers of Jaume the Conqueror at the Crown Archives in Barcelona the most impressive archives of this kind outside the papal series, and

the first extensive use of paper by a European government. Originally published in 1985. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Anatomy of a Crusade, 1213-1221 James M. Powell 1986 An award-winning anatomy of the Fifth Crusade.

A Brief History of the Crusades Geoffrey Hindley 2013-02-07 Why did the medieval Church bless William of Normandy's invasion of Christian England in 1066 and authorise cultural genocide in Provence? How could a Christian army sack

Christian Constantinople in 1204? Why did thousands of ordinary men and women, led by knights and ladies, kings and queens, embark on campaigns of fanatical conquest in the world of Islam? The word 'Crusade' came later, but the concept of a 'war for the faith' is an ancient one. Geoffrey Hindley instructively unravels the story of the Christian military expeditions that have perturbed European history, troubled Christian consciences and embittered Muslim attitudes towards the West. He offers a lively record of the Crusades, from the Middle East to the pagan Baltic, and fascinating portraits of the major personalities, from Godfrey of Bouillon, the first Latin ruler of Jerusalem, to Etienne, the visionary French peasant boy who inspired the tragic Children's Crusade. Addressing questions rarely considered, Hindley sheds new light on pressing issues surrounding religious division and shows how the Crusades have helped to shape the modern world and relations between Christian and Muslim countries to this day.
