The Crusades, C.1071-c.1291 Jean Richard 1999-09-16 A concise, general history of the crusades from the beginnings to the fall of the last strongholds in 1291.

History of the crusades Joseph Francois Michaud 1853

Crusader Castles Hugh Kennedy 1994 A general illustrated account of the history and architecture of Crusader castles.

The Crusades Andrew Jotischky 2015-01-29 In 1095 Pope Urban II launched the First Crusade to recover Jerusalem from the Seljuq Turks. Tens of thousands of people joined his cause, making it the single largest event of the Middle Ages. The conflict would rage for over 200 years, transforming Christian and Islamic relations forever. Andrew Jotischky takes readers through the key events, focussing on the experience of crusading, from both sides. Featuring textboxes with fascinating details on the key sites, figures and battles, this essential primer asks all the crucial questions: What were the motivations of the crusaders? What was it like to be a crusader or to live in a crusading society? And how do these events, nearly a thousand years ago, still shape the politics of today?

Jerusalem in the Time of the Crusades Adrian J. Boas 2001-09-06 Adrian Boas's combined use of historical and archaeological evidence together with

first-hand accounts written by visiting pilgrims results in a multi-faceted perspective on Crusader Jerusalem. Generously illustrated, this book will serve both as a scholarly account of this city's archaeology and history, and a useful guide for the interested reader to a city at the centre of international and religious interest and conflict today.

Crusades Benjamin Z. Kedar 2016-08-12 *Crusades* covers seven hundred years from the First Crusade (1095-1102) to the fall of Malta (1798) and draws together scholars working on theatres of war, their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology, law, literature, art, numismatics and economic, social, political and military history. Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East. Particular attention is given to the publication of historical sources in all relevant languages - narrative, homiletic and documentary - in trustworthy editions, but studies and interpretative essays are welcomed too. *Crusades* appears in both print and online editions. Volume 8 begins with Adrian J. Boas and Aren M. Maeir on the Frankish Castle of Blanche Garde and the Medieval and Modern Village of Tell es-Safi in the light of recent discoveries.

[The Armenian Kingdom in Cilicia](#)

During the Crusades Jacob Ghazarian
2018-10-24 This unique study bridges the history of the Crusades with the history of Armenian nationalism and Christianity. To the Crusaders, Armenian Christians presented the only reliable allies in Anatolia and Asia Minor, and were pivotal in the founding of the Crusader principalities of Edessa, Antioch, Jerusalem and Tripoli. The Anatolian kingdom of Cilicia was founded by the Roupinian dynasty (mid 10th to late 11th century), and grew under the collective rule of the Hetumian dynasty (late 12th to mid 14th century). After confrontations with Byzantium, the Seljuks and the Mongols, the Second Crusade led to the crowning of the first Cilician king despite opposition from Byzantium. Following the Third Crusade, power shifted in Cilicia to the Lusignans of Cyprus (mid to late 14th century), culminating in the final collapse of the kingdom at the hands of the Egyptian Mamluks.

Crusader Art in the Holy Land, From the Third Crusade to the Fall of Acre
Jaroslav Folda 2005-09-05 Publisher Description

Crusader Landscapes in the Medieval Levant 2016-08-20 Written to celebrate the prestigious career of Professor Denys Pringle, this collection of articles produced by many of the leading archaeologists and historians in the field of crusades studies offers a compilation of pioneering scholarship on recent studies on the Latin East. The geographical breadth of topics discussed in each chapter reflects both Pringle's international collaborations and research interests, and the wide development of scholarly interest in the subject. With a concentration on the areas corresponding to the crusader states during the twelfth and thirteenth centuries, the articles also offer research into the neighbouring areas of Cyprus, Anatolia, Greece and the West, and the legacy of the crusader period there, with results from recent archaeological fieldwork in the Middle East.

Birth of the Kingdom Jan Guillou
2011-07-05 In the final gripping

volume of Jan Guillou's boundary-breaking Crusades Trilogy, exiled warrior Arndt Gotha returns home to Sweden, determined to liberate and unite his homeland in what promises to be his greatest trial yet. Traveling from Saladin's sand-swept Holy Lands to the Scandinavian North, Arn's final adventure is a captivating historical narrative encompassing the struggle for honor, the quest for lost love, and the momentous clash of European and Middle Eastern cultures. Fans of Bernard Cornwell, Conn Iggulden, William Dietrich, and James Clavell will be enthralled by Jan Guillou's Birth of the Kingdom, the stunning and dramatic climax to a tale begun in The Road to Jerusalem and The Templar Knight, and a masterpiece of epic and magisterial historical fiction.

The Crusades Carole Hillenbrand 2000 This comprehensive work of cultural history gives us something we have never had: a view of the Crusades as seen through Muslim eyes. With breathtaking command of medieval Muslim sources as well as the vast literature on medieval European and Muslim culture, Carole Hillenbrand has produced a book that shows not only how the Crusades were perceived by the Muslims, but how the Crusades affected the Muslim world - militarily, culturally, and psychologically. As the author demonstrates, that influence continues now, centuries after the events. In The Crusades the reader discovers how the Muslims reacted to the Franks, and how Muslim populations were displaced, the ensuing period of jihad, the careers of Nur al-Din and Saladin, and the interpenetration of Muslim and Christian cultures. Stereotypes of the Franks in Muslim documents offer a fascinating counter to Western views of the infidel of legend. For readers interested in the Middle Ages, military history, the history of religion, and postcolonial studies, The Crusades opens a window onto a conflict we have only viewed from one side. The Crusades is richly illustrated, with eighteen color plates and over five hundred line drawings and black and white

photographs.

The Road to Armageddon W. B. Bartlett
2007 The Third Crusade of Richard the Lionheart is well known but the build-up to it less so. Yet the years that led up to the Battle of Hattin in 1187 resonant with intrigue, plot and counter-plot, and the abuse of power. The infighting among the Christian forces, coupled with the rise of a Muslim leader of genius, Salah ed-Din Yusuf, Saladin, led almost inevitably to the fateful field of Hattin.

The Nitrian Principality: The Beginnings of Medieval Slovakia Ján Steinhübel 2020-12-15 In The Nitrian Principality: The Beginnings of Medieval Slovakia Ján Steinhübel offers an account of the early medieval West Slavic realm which laid the national, territorial and historical foundations of Slovakia.
Kingdom of Heaven Ridley Scott
2005-04-07 The companion volume to the Ridley Scott film set in twelfth-century Europe and Jerusalem during the Crusades provides an historical background and describes the production, including sets, costumes, and storyboards.

The Land Beyond the Sea Sharon Kay Penman 2020-03-03 From the critically acclaimed New York Times bestselling author Sharon Kay Penman comes the story of the reign of King Baldwin IV and the Kingdom of Jerusalem's defense against Saladin's famous army. The Kingdom of Jerusalem, also known as Outremer, is the land far beyond the sea. Baptized in blood when the men of the First Crusade captured Jerusalem from the Saracens in the early twelfth century, the kingdom defined an utterly new world, a land of blazing heat and a medley of cultures, a place where enemies were neighbors and neighbors became enemies. At the helm of this growing kingdom sits young Baldwin IV, an intelligent and courageous boy committed to the welfare and protection of his people. But despite Baldwin's dedication to his land, he is afflicted with leprosy at an early age and the threats against his power and his health nearly outweigh the risk of battle. As political deception scours the halls of the

royal court, the Muslim army--led by the first sultan of Egypt and Syria, Saladin--is never far from the kingdom's doorstep, and there are only a handful Baldwin can trust, including the archbishop William of Tyre and Lord Balian d'Ibelin, a charismatic leader who has been one of the few able to maintain the peace. Filled with drama and battle, tragedy and romance, Sharon Kay Penman's latest novel brings a definitive period of history vividly alive with a tale of power and glory that will resonate with readers today.

Satan's Last Crusade: The Total Concept

The Churches of the Crusader Kingdom of Jerusalem: A Corpus: Volume 1, A-K (excluding Acre and Jerusalem) Denys Pringle 1993 This is the first of a series of three volumes intended to present a complete gazetteer of all the 400 or more church buildings known to have existed in the Crusader Kingdom of Jerusalem between the capture of the city in 1099 and the fall of Acre in 1291. Volume I forms the first part of the general topographical coverage, and includes individual descriptions and historical discussion of the sites A-K. The sequence will be continued in Volume II, while Volume III will deal specifically with Jerusalem, Acre and Tyre. Together, the volumes provide an indispensable reference work to the Holy Land.

The Templar Knight Jan Guillou
2010-05-04 Swedish author Jan Guillou follows up the highly acclaimed *The Road to Jerusalem* with the second book in his *Knights Templar* trilogy. *The Knight Templar* follows Arn's adventures in the Holy Land, where he discovers that the infidel Saracens aren't as brutish and uncivilised as he had been led to believe, and that in fact there is another, darker side to the teaching of the Cistercians.

The Crusades to the Holy Land: The Essential Reference Guide Alan V. Murray 2015-04-28 Based on the latest scholarship by experts in the field, this work provides an accessible guide to the Crusades fought for the liberation and defense of the Holy Land--one of the most enduring and

consequential conflicts of the medieval world. • Presents concise, accessible articles written by more than 40 leading experts in the field that explain key concepts and describe important institutions of the Crusades • Covers all main Crusades as well as the distinct countries and various personalities involved • Includes maps that make clear the course of Crusades and main areas of campaigning in the Eastern Mediterranean region • Documents the Christian principalities established in the course of the Crusades and the Muslim states that opposed them

Birth of the Kingdom Jan Guillou 2011-07-05 In the final gripping volume of Jan Guillou's boundary-breaking Crusades Trilogy, exiled warrior Arn de Gotha returns home to Sweden, determined to liberate and unite his homeland in what promises to be his greatest trial yet. Traveling from Saladin's sand-swept Holy Lands to the Scandinavian North, Arn's final adventure is a captivating historical narrative encompassing the struggle for honor, the quest for lost love, and the momentous clash of European and Middle Eastern cultures. Fans of Bernard Cornwell, Conn Iggulden, William Dietrich, and James Clavell will be enthralled by Jan Guillou's *Birth of the Kingdom*, the stunning and dramatic climax to a tale begun in *The Road to Jerusalem* and *The Templar Knight*, and a masterpiece of epic and magisterial historical fiction.

The Architecture of the Christian Holy Land Kathryn Blair Moore 2017-02-27 Moore traces and re-interprets the significance of the architecture of the Christian Holy Land within changing religious and political contexts.

The Knight Templar Jan Guillou 2002 Born in 1150 to an aristocratic Swedish family, handsome Arn Magnusson is educated at a Cistercian monastery. As well as training to be a monk, he is to be a warrior, and becomes a master archer and swordsman under the tutelage of the giant Brother Guilbert, a former knight. But Arn is innocent in the ways of the world, and when two beautiful sisters cross his path, despite

falling desperately in love with one of them, Cecilia, he is seduced by the other. Such a crime is punishable by both civil and clerical authorities, and, while Cecilia is banished to spend twenty years as a nun, Arn is sentenced to serve the same period as a Knight Templar in the Holy Land. As an occupation officer in Palestine, he discovers that the infidel Saracens don't appear to be brutish and uncivilised as they are portrayed in Christian propaganda. On the contrary, in love and war he learns from the example of his noble adversary Saladin that there's another side to the teachings of the Cistercians;

Warfare in the Age of Crusades Brian Todd Carey 2023-01-31 Warfare in the Age of Crusades: The Latin East explores in fascinating detail the key campaigns, battles and sieges that shaped the crusading period of the Middle Ages, giving special attention to military technologies, tactics and strategies. Key personalities and political factors are addressed, including the role of papal monarchy in initiating the crusading expeditions, the relationship between Catholic Europe and the Byzantine empire, the role of the religious military orders, and Islamic and Mongol military capabilities. Chapters are devoted to each of the major crusades to the Levant - First, Second, Third and Fourth crusades - and an analysis of the Islamic response. The rise of the Mamluks in Egypt, with their innovative military organization, is covered, as are the failed Egyptian and Tunisian campaigns. The concluding chapters describe the Mongol campaigns in the Levant, the Mamluk response, and the final siege of Acre in 1291. This original and perceptive study of a key stage in medieval military history features regional, strategic and multi-phase tactical maps that illuminate the narrative and provide a valuable resource for students, historians and wargamers alike.

Western Warfare In The Age Of The Crusades, 1000-1300 John France 2020-09-17 In 1095 the First Crusade was launched, establishing a great

military endeavour which was a central preoccupation of Europeans until the end of the thirteenth century. In Western warfare in the age of the Crusades, 1000-1300 John France offers a wide-ranging and challenging survey of war and warfare and its place in the development of European Society, culture and economy in the period of the Crusades. Placing the crusades in a wider context, this book brings together the wealth of recent scholarly research on such issues as knighthood, siege warfare, chivalry and fortifications into an accessible form. Western warfare in the age of the Crusades, 1000-1300 examines the nature of war in the period 1000-1300 and argues that it was primarily shaped by the people who conducted war - the landowners. John France illuminates the role of property concerns in producing the characteristic instruments of war: the castle and the knight. This authoritative study details the way in which war was fought and the reasons for it as well as reflecting on the society which produced the crusades.

The History of the Crusades (Vol.1-3) Joseph François Michaud 2020-04-06

The History of the Crusades in 3 volumes is a historical work by French historian Joseph François Michaud which provides a comprehensive look at the Crusades, including political and military battles in Europe, North Africa, and Asia Minor. The Crusades were a series of religious wars initiated, supported and sometimes directed by the Latin Church in the medieval period, especially the campaigns between 1096 and 1271 in the Eastern Mediterranean aimed at recovering the Holy Land from Islamic rule. Michaud expands the term of Crusades, including in his work the wars against Turks in Europe in 13th, 14th, and 15th century, concluding with his reflections on the state of Europe, on the various classes of society, during and after the crusades.

The Churches of the Crusader Kingdom of Jerusalem: A Corpus: Volume 2, L-Z (excluding Tyre) Denys Pringle 1993

This is the second of a series of four volumes that are intended to present a complete corpus of all the church buildings, of both the western and the oriental rites, rebuilt or simply in use in the Crusader Kingdom of Jerusalem between the capture of Jerusalem for the First Crusade in 1099 and the loss of Acre in 1291. This volume completes the general topographical coverage begun in volume I, and will be followed by a third volume dealing specifically with the major cities of Jerusalem, Acre and Tyre (which are excluded from the preceding volumes). The project, of which this series represents the final, definitive publication, has been sponsored by the British School of Archaeology in Jerusalem. On completion the corpus will contain a topographical listing of all the 400 or more church buildings of the Kingdom that are attested by documentary or surviving archaeological evidence, and individual descriptions and discussion of them in terms of their identification, building history and architecture. Some of the buildings have been published before, but many others are published here for the first time.

The Crusades James Harpur 2008-01-15 Presents the history of the Crusades, including the organizational problems, the multiple political alliances, biographies of notable figures on both sides of the conflict, and the reasons for the final defeat of the Europeans. *The Crusader States* Malcolm Barber 2012-08-02 "An enriching account of the expansion of the political and cultural frontiers of the Latin West in the central Middle Ages."—History Today When the armies of the First Crusade wrested Jerusalem from control of the Fatimids of Egypt in 1099, they believed their victory was an evident sign of God's favor. It was, therefore, incumbent upon them to fulfill what they understood to be God's plan: to re-establish Christian control of Syria and Palestine. This book is devoted to the resulting settlements, the crusader states, that developed around the eastern shores of the Mediterranean and

survived until Richard the Lionheart's departure in 1192. Focusing on Jerusalem, Antioch, Tripoli, and Edessa, Malcolm Barber vividly reconstructs the crusaders' arduous process of establishing and protecting their settlements, and the simultaneous struggle of vanquished inhabitants to adapt to life alongside their conquerors. Rich with colorful accounts of major military campaigns, the book goes much deeper, exploring in detail the culture of the crusader states—the complex indigenous inheritance, the architecture, the political, legal, and economic institutions, the ecclesiastical framework through which the crusaders perceived the world, the origins of the Knights Templar and the Hospitallers, and more. With the zest of a scholar pursuing a life-long interest, Barber presents a complete narrative and cultural history of the crusader states while setting a new standard for the term "total history." A Choice Outstanding Academic Title in the Western Europe Category "Barber is a highly distinguished scholar, whose touch is continually deft, and he navigates the basis of the main narrative histories with care . . . a delight to read."—Literary Review

Crusader Archaeology Adrian Boas 2016-10-14 Crusader Archaeology examines what life was like for European settlers in the Latin East and how they were influenced by their new-found neighbours. Incorporating recent excavation results and the latest research, this new edition updates the only detailed study of the material culture of the Frankish settlers in Israel, Cyprus, Syria and Jordan. Adrian Boas provides comprehensive coverage of the key topics connected to crusader archaeology, including an examination of urban and rural settlements, agriculture, industry, the military, the church, public and private architecture, arts and crafts, leisure pursuits, death and burial and building techniques. There are also entirely new chapters on domestic architecture and disease, injury and medical treatment. Drawing on the extensive experience of an

established writer in the field, Crusader Archaeology effectively combines a broad body of material to introduce readers to the archaeological research of the region. This well-illustrated volume is a crucial survey for all those interested in the Middle Ages, and in particular the Crusades.

Settlement and Crusade in the Thirteenth Century Gil Fishhof 2021-07-19 Settlement and Crusade in the Thirteenth Century sheds new light on formerly less explored aspects of the crusading movement and the Latin East during the thirteenth century. In commemoration of the 800th anniversary of the construction of 'Atlit Castle, a significant section of this volume is dedicated to the castle, which was one of the most impressive built in the Latin East. Scholarly debate has centred on the reasons behind the construction of the castle, its role in the defence of the Kingdom of Jerusalem during the thirteenth century, and its significance for the Templar order. The studies in this volume shed new light on diverse aspects of the site, including its cemetery and the surveys conducted there. Further chapters examine Cyprus during the thirteenth century, which under the Lusignan dynasty was an important centre of Latin settlement in the East, and a major trade centre. These chapters present new contributions regarding the complex visual culture which developed on the island, the relation between different social groups, and settlement patterns. Adopting a multidisciplinary approach, this book will be of interest to scholars and students of the medieval period, as well as those interested in the Crusades, archaeology, material culture, and art history.

History of the Crusades, tr. by W. Robson Joseph François Michaud 1852
The Road to Jerusalem Jan Guillou 2009-04-21 "Destined to become a classic, The Road to Jerusalem is a brilliant, dramatic recreation of the medieval world." —Sharon Kay Penman, New York Times bestselling author of Devil's Brood Already an international sensation, The Road to

Jerusalem by Jan Guillou is the epic story of the Knights Templar. A major bestseller in Europe—with more than two million copies sold in Sweden alone—and the basis for the most lavish and expensive Swedish film ever made, it is a novel Diana Gabaldon calls, “beautifully constructed...skillfully written and translated.” Historical fiction lovers, particularly fans of the sweeping, bestselling adventure novels of Bernard Cornwell, will be captivated by this magnificent tale of romance, faith, and battle set against the backdrop of the Crusades.

The History of the Crusades Joseph Fr. Michaud 1853

A History of the Crusades: Volume 1, The First Crusade and the Foundation of the Kingdom of Jerusalem Steven Runciman 1951

Analyzes the Crusades from European and Arabic viewpoints
Anatomy of a Crusade, 1213–1221 James M. Powell 1986 An award-winning anatomy of the Fifth Crusade.

A History of the Crusades Kenneth M. Setton 1969 The six volumes of A History of the Crusades will stand as the definitive history of the Crusades, spanning five centuries, encompassing Jewish, Moslem, and Christian perspectives, and containing a wealth of information and analysis of the history, politics, economics, and culture of the medieval world.

Secular Buildings in the Crusader Kingdom of Jerusalem Denys Pringle 1997–12–11 A descriptive gazetteer of all the secular buildings known to have existed within the Crusader Kingdom of Jerusalem.

A History of the Crusades: The Kingdom of Jerusalem and the Frankish East, 1100–1187 Steven Runciman 1962

Enquiring History: The Crusades: Conflict and Controversy, 1095–1291 Jamie Byrom 2013–04–26 Think more deeply and work more independently at A level History through a carefully thought-out enquiry approach from SHP. Enquiring History: It makes you think! The OFSTED report on school history suggests that the current generation of A Level students have been poorly served by exam-based textbooks which spoon-feed students while failing to enthuse them or

develop deeper understandings of studying History The Schools History Project has risen to this challenge with a new series for the next generation. Enquiring History is SHP's fresh approach to Advanced Level History that aims: - To motivate and engage readers - To help readers think and gain independence as learners - To encourage enquiry, and deeper understanding of periods and the people of the past - To engage with current scholarship - To prepare A Level students for university Key features of each Student book - Clear compelling narrative - books are designed to be read cover to cover - Structured enquiries - that explore the core content and issues of each period - 'Insight' panels between enquiries provide context, overview, and extension - Full colour illustrations throughout The Crusades: Conflict and controversy 1095–1291 There has never been a more important time to study the Crusades. Religious conflict is a fact of life in the twenty-first century no less than it was in the medieval world. And yet the world of the Crusades is so different from ours that it takes a massive leap of imagination to make sense of these events. This book takes on that challenge: opening a window onto the 12th and 13th century worlds to understand what on earth was going on. It examines the Crusades themselves; the controversies surrounding them; and the past and current re-interpretations of the period. Web-based support includes - lesson planning tools and guidance for teachers available from the SHP website

<http://www.schoolhistoryproject.org.uk/Publishing/BooksSHP/BooksALvlEHS.html> - eBooks for whole class teaching or individual student reading available from eBook retailers

The Churches of the Crusader Kingdom of Jerusalem: Volume 3, The City of Jerusalem Denys Pringle 1993 This is the third in a series of four volumes intended to present a complete Corpus of all the church buildings that were built, rebuilt or simply in use in the Crusader Kingdom of Jerusalem. This volume deals exclusively with

Jerusalem, the capital of the Kingdom from 1099 to 1187.
