The Napoleon of Notting Hill Annotated Gilbert Keith Chesterton 2021-01-24 The Napoleon of Notting Hill is a novel written by G. K. Chesterton in 1904, set in a nearly-unchanged London in 1984. Though the novel deals with the future, it concentrates not on technology nor on totalitarian government but on a government where no one cares what happens, comparable to Fahrenheit 451 in that respect. The dreary succession of randomly selected Kings of England is broken up when Auberon Quin, who cares for nothing but a good joke, is chosen. To amuse himself, he institutes elaborate costumes for the provosts of the districts of London. All are bored by the King's antics except for one earnest young man who takes the cry for regional pride seriously - Adam Wayne, the eponymous Napoleon of Notting Hill. While the novel is humorous (one instance has the King sitting on top of an omnibus and speaking to it as to a horse: "Forward, my beauty, my Arab," he said, patting the omnibus encouragingly, "fleetest of all thy bounding tribe"), it is also an adventure story: Chesterton is not afraid to let blood be drawn in his battles, fought with sword and halberd in the London streets, and Wayne thinks up a few ingenious strategies; and, finally, the novel is philosophical, considering the value of one man's actions and the virtue of respect for one's enemies.

Tremendous Trifles Gilbert Keith Chesterton 1920 So it was, certainly, with the Bastille. The destruction of the Bastille was not a reform; it was something more important than a reform. It was an iconoclasm; it was the breaking of a stone image. The people saw the building like a giant looking at them with a score of eyes, and they struck at it as at a carved fact. For of all the shapes in which that immense illusion called materialism can terrify the soul, perhaps the most oppressive are big buildings. Man feels like a fly, an accident, in the thing he has himself made. It requires a violent effort of the spirit to remember that man made this confounding thing and man could unmake it.

The Wit, Whimsy, and Wisdom of G. K. Chesterton G. K. Chesterton 2009-05-01 This volume includes three classic G. K. Chesterton stories: The Napoleon of Notting Hill is a socio-political fantasy involving a lottery-picked king and a joke that becomes reality. The Flying Inn is another political fantasy, with an attempt to create prohibition in the UK, and a small group of rebels who travel the country one step ahead of the authorities. The Trees of Pride is a mystery tale involving strange transplanted trees and the superstition accompanying them.

Manalive G. K. Chesterton 2013-01-16 Light-hearted work introduces Innocent Smith, a bubbly, eccentric gentleman of questionable character, into the lives of a group of young disillusioned people — and the result is inspired, high-spirited nonsense.

The Napoleon of Notting Hill (1904). By: Gilbert Keith Chesterton Gilbert Keith Chesterton 2017-01-11 The Napoleon of Notting Hill is a novel written by G. K. Chesterton in 1904, set in a nearly unchanged London in 1984. Although the novel is set in the future, it is, in effect, set in an alternative reality of Chesterton's own period, with no advances in technology or changes in the class system or attitudes. It postulates an impersonal government, not described in any detail, but apparently content to operate through a figurehead king, randomly chosen.The dreary succession of randomly selected Kings of England is broken up when Auberon Quin, who cares for nothing but a good joke, is chosen. To amuse himself, he institutes elaborate costumes for the provosts of the districts of London. All are bored by the King's antics except for one earnest young man who takes the cry for regional pride seriously - Adam Wayne, the eponymous Napoleon of Notting Hill. While the novel is humorous (one instance has the King sitting on top of an omnibus and speaking to it as to a horse: "Forward, my beauty, my Arab," he said, patting the omnibus encouragingly, "fleetest of all thy bounding tribe"), it is also an adventure story. Chesterton is not afraid to let blood be drawn in his battles, fought with sword and halberd in the London streets between neighbouring boroughs; Wayne thinks up some ingenious strategies, and Chesterton does not shrink from the death in combat of some of his characters. Finally, the novel is philosophical, contemplating the value and meaning of man's actions and the virtue of respect for one's enemies. Gilbert Keith Chesterton, KC*SG (29 May 1874 - 14 June 1936), better known as G. K. Chesterton, was an English writer, poet, philosopher, dramatist, journalist, orator, lay theologian, biographer, and literary and art critic. Chesterton is often referred to as the "prince of paradox." Time magazine has observed of his writing style: "Whenever possible Chesterton made his points with popular sayings, proverbs, allegories—first carefully turning them inside out." Chesterton is well known for his fictional priest-detective Father Brown, and for his reasoned apologetics. Even some of those who disagree with him have recognised the wide appeal of such works as Orthodoxy and The Everlasting Man.Chesterton, as a political thinker, cast aspersions on both Progressivism and Conservatism, saying, "The whole modern world has divided itself into Conservatives and Progressives. The business of Progressives is to go on making mistakes. The business of the Conservatives is to prevent the mistakes from being corrected."Chesterton routinely referred to himself as an "orthodox" Christian, and came to identify this position more and more with Catholicism, eventually converting to Catholicism from High Church Anglicanism. George Bernard Shaw, Chesterton's "friendly enemy" according to Time, said of him, "He was a man of colossal genius."Biographers have identified him as a successor to such Victorian authors as Matthew Arnold, Thomas Carlyle, Cardinal John Henry Newman, and John Ruskin. Chesterton was born in Campden Hill in Kensington, London, the son of Marie Louise, nee Grosjean, and Edward Chesterton.He was baptised at the age of one month into the Church of England, though his family themselves were irregularly practising Unitarians.According to his autobiography, as a young man Chesterton became fascinated with the occult and, along with his brother Cecil, experimented with Ouija boards."

Father Brown G. K Chesterton 2013-01-01 Gilbert Keith Chesterton was an English writer who lived at the turn of the 20th century. His works explored a number of subjects such as philosophy, poetry, journalism, lectures, criticism, and theatrical plays. However, his best-known stories feature the character of an English priest and detective named Father Brown. While the character was based on a real priest who was involved in Chesterton's own conversion of faith, the adventures and mysteries that Father Brown solves are purely fictional. Included in the collection "Father Brown: The Essential Tales" are "The Blue Cross," "The Invisible Man," "The Strange Crime of John Boulnois," and twelve other thrilling stories. What is interesting about Father Brown is that he does not rely on deductive reasoning like other famous detectives, namely Sherlock Holmes. Instead, Father Brown relies on intuition. He puts himself into the mind of the perpetrator and figures out the criminal's steps along the way. Part of what makes him a great detective is that Father Brown is never shocked by the atrocities that he sees. As a priest, he says that he has already heard about all the awful things people do and think; nothing surprises him anymore. He also refuses to believe in any supernatural explanations and instead focuses on a case's reasonable explanation. Anyone wanting a fun and entertaining read with a great character to lead the way should add "Father Brown: The Essential Tales" to their reading list.

The Victorian Age in Literature G K Chesterton 2021-01-01 "Credulity is a curious thing," went on Treherne in a low voice. "It is more negative than positive, and yet it is infinite. Hundreds of men will avoid walking under a ladder; they don't know where the door of the ladder will lead.

Born in London in 1874, he studied at the Slade School of Art and began to work as a freelance journalist after graduation. Over the course of his life, his literary output was incredibly diverse and highly prolific, ranging from philosophy and ontology to art criticism and detective fiction. The Complete Father Brown Stories G K Chesterton 2012-04-05 Shabby and lumbering, with a face like a Norfolk dumpling, Father Brown makes for an improbable super-sleuth. But his innocence is the secret of his success: refusing the scientific method of detection, he adopts instead an approach of simple sympathy, interpreting each crime as a work of art, and each criminal as a man no worse than himself. This complete edition brings together all of the Father Brown stories, including two not previously available in Penguin: 'The Donnington Affair', in which Chesterton rises to the challenge of solving a murder-mystery half written by someone else (Max Pemberton), and 'The Mask of Midas', which was found in Chesterton's papers after his death.

The Napoleon of Notting Hill Gilbert Keith Chesterton 1904 Chesterton's first novel is set in London in 1984, eighty years in the future, where political indifference has swept over the land, and a new King jokingly decrees a revival of medieval heraldry throughout London. The ruse is taken seriously by the title character, Adam Wayne, who aims to fight to the finish to defend Notting Hill. At once humorous and absorbing, it is a fine example of Chesterton's first-rate storytelling.

G.K. Chesterton, London and Modernity Matthew Beaumont 2013-12-05 G. K. Chesterton, London and Modernity is the first book to explore the persistent theme of the city in Chesterton's writing. Situating him in relation to both Victorian and Modernist literary paradigms, the book explores a range of theoretical and methodological approaches to address the way his imaginative investments and political interventions conceive urban modernity and the central figure of London. While Chesterton's work has often been valued for its wit and whimsy, this book argues that he is also a distinctive urban commentator, whose sophistication has been underappreciated in comparison to more canonical contemporaries. With chapters written by leading scholars in the field of 20th-century literature, the book also provides fresh readings and suggests new contexts for central texts such as The Man Who Was Thursday, The Napoleon of Notting Hill and the Father Brown stories. It also discusses lesser-known works, such as Manalive and The Club of Queer Trades, drawing out their significance for scholars interested in urban representation and practice in the first three decades of the 20th century.

In Defense of Sanity G.K. Chesterton 2011 G.K. Chesterton was a master essayist. But reading his essays is not just an exercise in studying a literary form at its finest, it is an encounter with timeless truths that jump off the page as fresh and powerful as the day they were written. The only problem with Chesterton's essays is that there are too many of them. Over five thousand! For most GKC readers it is not even possible to know where to start or how to begin to approach them. So three of the world's leading authorities on Chesterton - Dale Ahlquist, Joseph Pearce, Aidan Mackey - have joined together to select the "best" Chesterton essays, a collection that will be appreciated by both the newcomer and the seasoned student of this great 20th century man of letters. The variety of topics are astounding: barbarians, architects, mystics, ghosts, fireworks, rain, juries, gargoyles and much more. Plus a look at Shakespeare, Dickens, Jane Austen, George MacDonald, T.S. Eliot, and the Bible. All in that inimitable, formidable but always quotable style of GKC. Even more astounding than the variety is the continuity of Chesterton's thought that ties everything together. A veritable feast for the mind and heart. While some of the essays in this volume may be familiar, many of them are collected here for the first time, making their first appearance in over a century.

The Napoleon of Notting Hill G. K. Chesterton 2011 The Napoleon of Notting Hill, Chesterton's first novel, tells the story of residents of a London suburb who take up arms and declare their independence from England. The Man Who was Thursday, his most famous novel, tells the story of a policeman who becomes unwittingly—and unwillingly—caught up in a resistance group that is infiltrating a secret organization of anarchists.

The Sins of G.K Chesterton Richard Ingrams 2021-08 "Despite insisting throughout his life that he was a journalist, G. K. Chesterton was famous in his day as the author of over one hundred books, including the Father Brown stories. He was a character literally larger than life, a man renowned for his wit who in his final years became even better known as a broadcaster on BBC radio. The Sins of G. K. Chesterton explores an often-overlooked aspect of his life and work -- the personal relationships with his younger brother Cecil, Cecil's wife Ada (also known as 'Keith') and, in particular, the friend and mentor of both brothers, Hilaire Belloc. This brilliant biographical study challenges the conventional image of Chesterton. With the help of previously unpublished material, Richard Ingrams reveals a more vulnerable figure, manipulated by his brother and Belloc, the domineering Anglo-Frenchman. It was the influence of both men that involved Chesterton in the greatest controversy of his life -- the Marconi scandal. While Ingrams's vivid account of the scandal and its aftermath is a stark reminder that anti-Semitism is nothing new in British political life, this work is also an absorbing tribute to a great English writer in need of rediscovery" --
