Chesterton: " Publisher: Kindle E-Book Edition: ISBN-13: 978-1-78379-112-5 It will be very reasonably asked why I should consent, though upon a sort of challenge, to write even a popular essay in English history, who make no pretence to particular scholarship and am merely a member of the public. The answer is that I know just enough to know one thing: that a history from the standpoint of a member of the public has not been written. What we call the popular histories should rather be called the anti-popular histories. They are all, nearly without exception, written against the people; and in them the populace is either ignored or elaborately proved to have been wrong. "Publisher: " Catholic Way Publishing. in 1984. Though the novel deals with the future, it concentrates not on technology nor on totalitarian government but on a government where no one cares what happens, comparable to Fahrenheit 451 in that respect. The dreary succession of randomly selected Kings of England is broken up when Auberon Quin, who cares for nothing but a good joke, is chosen. To amuse himself, he institutes elaborate costumes for the provosts of the districts of London. All are bored by the King's antics except for one earnest young man who takes the cry for regional pride seriously - Adam Wayne, the eponymous Napoleon of Notting Hill. While the novel is humorous (one instance has the King sitting on top of an omnibus and speaking to it as to a horse: "Forward, my beauty, my Arab," he said, patting the omnibus encouragingly, "fleetest of all thy bounding tribe"), it is also an adventure story: Chesterton is not afraid to let blood be drawn in his battles, fought with sword and halberd in the London streets, and Wayne thinks up a few ingenious strategies; and, finally, the novel is philosophical, considering the value of one man's actions and the virtue of respect for one's enemies.

The Napoleon of Notting Hill G K Chesterton 2020-06 In a London of the future, the drudgery of capitalism and bureaucracy have worn the human spirit down to the point where it can barely stand. When a pint-sized clerk named Auberon Quinn is randomly selected as head of state, he decides to turn London into a medieval carnival for his own amusement. One man, Adam Wayne, takes the new order of things seriously, organizing a Notting Hill army to fight invaders from other neighborhoods. At first his project baffles everyone, but eventually his dedication proves infectious, with delightful results. FThe Napoleon of Notting Hill was Chesterton's first novel and has been called the best first novel by any author in the twentieth century. The human race, to which so many of my readers belong, has been playing at children's games from the beginning, and will probably do it till the end, which is a nuisance for the few people who grow up. And one of the games to which it is most attached is called "Keep to-morrow dark," and which is also named (by the rustics in Shropshire, I have no doubt) "Cheat the Prophet." The players listen very carefully and respectfully to all that the clever men have to say about what is to happen in the next generation. The players then wait until all the clever men are dead, and bury them nicely. They then go and do something else. That is all. For a race of simple tastes, however, it is great fun. For human beings, being children, have the childish wilfulness and the childish secrecy. And they never have from the beginning of the world done what the wise men have seen to be inevitable. They stoned the false prophets, it is said; but they could have stoned true prophets with a greater and juster enjoyment. Individually, men may present a more or less rational appearance, eating, sleeping, and scheming. But humanity as a whole is changeable, mystical, fickle, delightful. Men are men, but Man is a woman. But in the beginning of the twentieth century the game of Cheat the Prophet was made far more difficult than it had ever been before. The reason was, that there were so many prophets and so many prophecies, that it was difficult to elude all their ingenuities. When a man did something free and frantic and entirely his own, a horrible thought struck him afterwards; it might have been predicted. Whenever a duke climbed a lamp-post, when a dean got drunk, he could not be really happy, he could not be certain that he was not fulfilling some prophecy. In the beginning of the twentieth century you could not see the ground for clever men. They were so common that a stupid man was quite exceptional, and when they found him, they followed him in crowds down the street and treasured him up and gave him some high post in the State. And all these clever men were at work giving accounts of what would happen in the next age, all quite clear, all quite keen-sighted and ruthless, and all quite different. And it seemed that the good old game of hoodwinking your ancestors could not really be managed this time, because the ancestors neglected meat and sleep and practical politics, so that they might meditate day and night on what their descendants would be likely to do.

Defiant Joy Kevin Belmonte 2011-01-03 You may be aware that G. K. Chesterton authored influential Christian biographies and apologetics. But you may not know the larger-than-life Gilbert Keith Chesterton himself—not yet. Equally versed in poetry, novels, literary criticism, and journalism, he addressed politics, culture, and religion with a towering intellect and a soaring wit. Chesterton engaged his world through the written word. He carried on lively, public discussions with the social commentators of his day, continually challenging them with civility, humility, erudition, and his ever-sharp sense of humor. Today's reader can find the same treasures, for as Chesterton said, "What a man can believe depends upon his philosophy, not upon the clock or the century." In Kevin Belmonte's fresh new biography, you'll get to know the real G. K. Chesterton and his literary and cultured accomplishments. A giant of his time, Chesterton continues to live large in the imaginations of twenty-first-century readers. Endorsements: "Chesterton's explanation of Christianity makes absolute sense of the world. He reminds us that, free of our comforting delusions, reality is a tragic adventure in which we get to participate." —DONALD MILLER, author of the New York Times bestsellers *A Million Miles in a Thousand Years* and *Blue Like Jazz* "Bravo to Kevin Belmonte for turning his caring attention to the incomparably hilarious and brilliant genius that is G.K. Chesterton!" —ERIC METAXAS, New York Times best-selling author of *Bonhoeffer: Pastor, Martyr, Prophet, Spy* and *Amazing Grace: William Wilberforce and the Heroic Campaign to End Slavery* "There's a great new biography about one of the Christian giants of the 20th Century. And I mean that literally. To read Kevin Belmonte's recent book *Defiant Joy: The Remarkable Life & Impact of G. K. Chesterton*, is to feel a powerful sense of longing . . . because there is such a longing, a great need for advocates like Chesterton in our day. . . . But let's be grateful we still have the works of that great man to study and learn from. . . And we also have for you have Belmonte's vibrant new biography -- a wonderful reminder of the magnificent example Chesterton has set for us." —CHUCK

While the novel is humorous (one instance has the King sitting on top of an omnibus and speaking to it as to a horse: "Forward, my beauty, my Arab," he said, patting the omnibus encouragingly, "fleetest of all thy bounding tribe"), it is also an adventure story. Chesterton is not afraid to let blood be drawn in his battles, fought with sword and halberd in the London streets between neighbouring boroughs; Wayne thinks up some ingenious strategies, and Chesterton does not shrink from the death in combat of some of his characters. Finally, the novel is philosophical, contemplating the value and meaning of man's actions and the virtue of respect for one's enemies. Gilbert Keith Chesterton, KC*SG (29 May 1874 - 14 June 1936), better known as G. K. Chesterton, was an English writer, poet, philosopher, dramatist, journalist, orator, lay theologian, biographer, and literary and art critic. Chesterton is often referred to as the "prince of paradox." Time magazine has observed of his writing style: "Whenever possible Chesterton made his points with popular sayings, proverbs, allegories—first carefully turning them inside out." Chesterton is well known for his fictional priest-detective Father Brown, and for his reasoned apologetics. Even some of those who disagree with him have recognised the wide appeal of such works as *Orthodoxy* and *The Everlasting Man*. Chesterton, as a political thinker, cast aspersions on both Progressivism and Conservatism, saying, "The whole modern world has divided itself into Conservatives and Progressives. The business of Progressives is to go on making mistakes. The business of the Conservatives is to prevent the mistakes from being corrected." Chesterton routinely referred to himself as an "orthodox" Christian, and came to identify this position more and more with Catholicism, eventually converting to Catholicism from High Church Anglicanism. George Bernard Shaw, Chesterton's "friendly enemy" according to Time, said of him, "He was a man of colossal genius." Biographers have identified him as a successor to such Victorian authors as Matthew Arnold, Thomas Carlyle, Cardinal John Henry Newman, and John Ruskin. Chesterton was born in Campden Hill in Kensington, London, the son of Marie Louise, nee Grosjean, and Edward Chesterton. He was baptised at the age of one month into the Church of England, though his family themselves were irregularly practising Unitarians. According to his autobiography, as a young man Chesterton became fascinated with the occult and, along with his brother Cecil, experimented with Ouija boards."

G.K. Chesterton, London and Modernity Matthew Beaumont 2013-12-05 G. K. Chesterton, London and Modernity is the first book to explore the persistent theme of the city in Chesterton's writing. Situating him in relation to both Victorian and Modernist literary paradigms, the book explores a range of theoretical and methodological approaches to address the way his imaginative investments and political interventions conceive urban modernity and the central figure of London. While Chesterton's work has often been valued for its wit and whimsy, this book argues that he is also a distinctive urban commentator, whose sophistication has been underappreciated in comparison to more canonical contemporaries. With chapters written by leading scholars in the field of 20th-century literature, the book also provides fresh readings and suggests new contexts for central texts such as *The Man Who Was Thursday*, *The Napoleon of Notting Hill* and the *Father Brown* stories. It also discusses lesser-known works, such as *Manalive* and *The Club of Queer Trades*, drawing out their significance for scholars interested in urban representation and practice in the first three decades of the 20th century.

The Napoleon of Notting Hill Gilbert Keith Chesterton 1904 Chesterton's first novel is set in London in 1984, eighty years in the future, where political indifference has swept over the land, and a new King jokingly

decrees a revival of medieval heraldry throughout London. The ruse is taken seriously by the title character, Adam Wayne, who aims to fight to the finish to defend Notting Hill. At once humorous and absorbing, it is a fine example of Chesterton's first-rate storytelling.

IT POSTULATES AN IMPERSONAL GOVERNMENT, NOT DESCRIBED IN ANY DETAIL, BUT APPARENTLY CONTENT TO OPERATE THROUGH A FIGUREHEAD KING, RANDOMLY CHOSEN. The Napoleon of Notting Hill: Illustrated Edition Gilbert Keith Chesterton 2021-07-04 The Napoleon of Notting Hill is a novel written by G. K. Chesterton in 1904, set in a nearly-unchanged London in 1984. Though the novel deals with the future, it concentrates not on technology nor on totalitarian government but on a government where no one cares what happens, comparable to Fahrenheit 451 in that respect. The dreary succession of randomly selected Kings of England is broken up when Auberon Quin, who cares for nothing but a good joke, is chosen. To amuse himself, he institutes elaborate costumes for the provosts of the districts of London. All are bored by the King's antics except for one earnest young man who takes the cry for regional pride seriously - Adam Wayne, the eponymous Napoleon of Notting Hill. While the novel is humorous (one instance has the King sitting on top of an omnibus and speaking to it as to a horse: "Forward, my beauty, my Arab," he said, patting the omnibus encouragingly, "fleetest of all thy bounding tribe"), it is also an adventure story: Chesterton is not afraid to let blood be drawn in his battles, fought with sword and halberd in the London streets, and Wayne thinks up a few ingenious strategies; and, finally, the novel is philosophical, considering the value of one man's actions and the virtue of respect for one's enemies.
