*The Nightfields* Joanna Klink 2020-07-07 A WASHINGTON POST BEST POETRY COLLECTION OF 2020 A new collection from a poet whose books "are an amazing experience: harrowing, ravishing, essential, unstoppable" (Louise Glück) Joanna Klink's fifth book begins with poems of personal loss--a tree ripped out by a windstorm, a friendship broken off after decades, the nearing death of parents. Other poems take on the cost of not loving fully, or are written from bewilderment at the accumulation of losses and at the mercilessness of having, as one ages, to rule things out. There are elegies for friends, and a group of devotional poems. *The Nightfields* closes with thirty-one metaphysical poems inspired by the artist James Turrell's Roden Crater, an extinct volcano in Arizona that Turrell has been transforming into an observatory for the perception of time. The sequence unfolds as a series of revelations that begin in psychic fear and move gradually toward the possibility of infinitude and connection.

Inspector Sejer is called in and spends the evening trying to comprehend why anyone would carry out such a sinister prank. Then, just before midnight, somebody rings his doorbell. The corridor is empty, but the caller has left a small grey envelope on the mat. Inside it, Sejer finds a postcard bearing a short message: Hell begins now... *Gone* Chelsea Cain 2019-01-29 Now a TV series starring Leven Rambin, Chris Noth, and Danny Pino, premiering on February 27th on WGN America! Seeing Red Sandra Brown 2017-08-15 #1 New York Times bestselling author Sandra Brown delivers nonstop suspense and supercharged sexual tension in a thriller about tainted heroism and vengeance without mercy. Kerra Bailey is a TV journalist hot on the trail of a story guaranteed to skyrocket her career to new heights. Twenty-five years ago, Major Franklin Trapper became a national icon when he was photographed leading a handful of survivors to safety after the bombing of a Dallas hotel. For years, he gave frequent speeches and interviews but then suddenly dropped out of the public eye, shunning all media. Now Kerra is willing to use any means necessary to get an exclusive with the Major—even if she has to secure an introduction from his estranged son, former ATF agent John

Trapper. Still seething over his break with both the ATF and his father, Trapper wants no association with the bombing or the Major. Yet Kerra's hints that there's more to the story rouse Trapper's interest despite himself. And when the interview goes catastrophically awry--with unknown assailants targeting not only the Major, but also Kerra--Trapper realizes he needs her under wraps if he's going to track down the gunmen . . . and finally discover who was responsible for the Dallas bombing. Kerra is wary of a man so charming one moment and dangerous the next, and she knows Trapper is withholding evidence from his ATF investigation into the bombing. But having no one else to trust and enemies lurking closer than they know, Kerra and Trapper join forces to expose a sinuous network of lies and conspiracy--and uncover who would want a national hero dead.

*Gone* Chelsea Cain 2014-08-19 From the author of the critically acclaimed Archie Sheridan and Gretchen Lowell thrillers, here is a heart-stopping ride that Cheryl Strayed (author of #1 New York Times bestseller *Wild*) called "deeply intelligent and grippingly suspenseful...a wickedly brilliant masterpiece." Kick Lannigan has taught herself to be dangerous. She can pick any lock, fire any weapon, throw any knife, and aim a punch at her opponent's trachea. She has also taught herself to be safe. He appears to have access to limitless money, high-level contacts, and details of Kick's background long kept sealed by the court. Yet everything he tells her about himself seems to be a lie. Headstrong by nature, suspicious by circumstance, and a smart-ass by self-determination, Kick can't help but see the writing on the wall: together, she and Bishop could make an unstoppable

**The Spark** Kristine Barnett 2013-04-09  
Kristine Barnett's son Jacob has an IQ higher than Einstein's, a photographic memory, and he taught himself calculus in two weeks. At nine he started working on an original theory in astrophysics that experts believe may someday put him in line for a Nobel Prize, and at age twelve he became a paid researcher in quantum physics. But the story of Kristine's journey with Jake is all the more remarkable because his extraordinary mind was almost lost to autism. At age two, when Jake was diagnosed, Kristine was told he might never be able to tie his own shoes. *The Spark* is a remarkable memoir of mother and son. Surrounded by "experts" at home and in special ed who tried to focus on Jake's most basic skills and curtail his distracting interests—moving shadows on the wall, stars, plaid patterns on sofa fabric—Jake made no progress, withdrew more and more into his own world, and eventually stopped talking completely. Kristine knew in her heart that she had to make a change. Against the advice of her husband, Michael, and the developmental specialists, Kristine followed her instincts, pulled Jake out of special ed, and began preparing him for mainstream kindergarten on her own. Relying on the insights she developed at the daycare center she runs out of the garage in her home, Kristine resolved to follow Jacob's "spark"—his passionate interests. Why concentrate on what he couldn't do? Why not focus on what he could? This basic philosophy, along with her belief in the power of ordinary childhood experiences (softball, picnics, s'mores around the campfire) and the importance of play, helped Kristine overcome huge odds. The Barnetts were not wealthy people, and in addition to financial hardship, Kristine

herself faced serious health issues. But through hard work and determination on behalf of Jake and his two younger brothers, as well as an undying faith in their community, friends, and family, Kristine and Michael prevailed. The results were beyond anything anyone could have imagined. Dramatic, inspiring, and transformative, *The Spark* is about the power of love and courage in the face of overwhelming obstacles, and the dazzling possibilities that can occur when we learn how to tap the true potential that lies within every child, and in all of us. Praise for *The Spark* "[An] amazing memoir . . . compulsive reading."—*The Washington Post* "The Spark is about the transformative power of unconditional love. If you have a child who's 'different'—and who doesn't?—you won't be able to put it down."—Sylvia Nasar, author of *A Beautiful Mind* "Love, illness, faith, tragedy and triumph—it's all here. . . . Jake Barnett's story contains wisdom for every parent."—*Newsday* "This eloquent memoir about an extraordinary boy and a resilient and remarkable mother will be of interest to every parent and/or educator hoping to nurture a child's authentic 'spark.'"—*Publishers Weekly* "Compelling . . . Jake is unusual, but so is his superhuman mom."—*Booklist* "The Spark describes in glowing terms the profound intensity with which a mother can love her child."—Andrew Solomon, author of *The Noonday Demon* and *Far from the Tree* "Every parent and teacher should read this fabulous book!"—Temple Grandin, author of *Thinking in Pictures* and co-author of *The Autistic Brain*

**Confessions of a Teen Sleuth** Chelsea Cain 2008-12-18 "If you are reading this, then I am gone and this manuscript, per my instruction, has been delivered to the writer Chelsea Cain for publication as she sees fit . . ." America's favorite girl detective is back to set the record straight. According to our titian-haired heroine, she was not a fictional character, but an intrepid real-life sleuth who investigated some of the twentieth century's biggest mysteries. And the famous series she starred in was not cooked up by a team of writers, but plagiarized from her exploits by a nosy college roommate-who, not surprisingly, got a whole lot wrong. Here are the daring escapes, brilliant hunches, and dependable stock characters, including interlopers from numerous other beloved series, that have delighted generations of fans. And here, also, are the details of teen-sleuth life that you never saw: the secret romances, reckless driving, minor drinking problems, political action, and domestic drama that have, up till now, remained hidden from

these brave detectives' adoring public.

The flood has washed up old skeletons from the past. And a ruthless new serial killer rules the night...

Heartsick Chelsea Cain 2007-09-04

Damaged Portland detective Archie Sheridan spent ten years tracking Gretchen Lowell, a beautiful serial killer, but in the end she was the one who caught him. Two years ago, Gretchen kidnapped Archie and tortured him for ten days, but instead of killing him, she mysteriously decided to let him go. She turned herself in, and now Gretchen has been locked away for the rest of her life, while Archie is in a prison of another kind---addicted to pain pills, unable to return to his old life, powerless to get those ten horrific days off his mind. Archie's a different person, his estranged wife says, and he knows she's right. He continues to visit Gretchen in prison once a week, saying that only he can get her to confess as to the whereabouts of more of her victims, but even he knows the truth--he can't stay away. When another killer begins snatching teenage girls off the streets of Portland, Archie has to pull himself together enough to lead the new task force investigating the murders. A hungry young newspaper reporter, Susan Ward, begins profiling Archie and the investigation, which sparks a deadly game between Archie, Susan, the new killer, and even Gretchen. They need to catch a killer, and maybe somehow then

Archie can free himself from Gretchen, once and for all. Either way, *Heartsick* makes for one of the most extraordinary suspense debuts in recent memory.

Chelsea Cain 2021-07-14 **MAN-EATERS: THE CURSED** reunites the original **MAN-EATERS** creative team for another tale of adolescent feminist derring-do and supernatural hijinks. Maude, now 15, is sent to Craft Camp for the week. It goes south pretty quickly. Smart, laugh-out-loud funny, provocative, referential, scary, chock-full of ephemera, and compulsively re-readable. Plus, fairies. [ADVISORY: Do not read this book while you are actually camping.]
