we think about our talents and

managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

Home and Exile Chinua Achebe
2000-07-27 Chinua Achebe is Africa's most prominent writer, the author of *Things Fall Apart*, the best known--and best selling--novel ever to come out of Africa. His fiction and poetry burn with a passionate commitment to political justice, bringing to life not only Africa's troubled encounters with Europe but also the dark side of

contemporary African political life. Now, in *Home and Exile*, Achebe reveals the man behind his powerful work. Here is an extended exploration of the European impact on African culture, viewed through the most vivid experience available to the author--his own life. It is an extended snapshot of a major writer's childhood, illuminating his roots as an artist. Achebe discusses his English education and the relationship between colonial writers and the European literary tradition. He argues that if colonial writers try to imitate and, indeed, go one better than the Empire, they run the danger of undervaluing their homeland and their own people. Achebe contends that to redress the inequities of global oppression, writers must focus on where they come from, insisting that their value systems are as legitimate as any other. Stories are a real source of power in the world, he concludes, and to imitate the

literature of another culture is to give that power away. Home and Exile is a moving account of an exceptional life. Achebe reveals the inner workings of the human conscience through the predicament of Africa and his own intellectual life. It is a story of the triumph of mind, told in the words of one of this century's most gifted writers.

But, when the program is recalled, ten-year-old Vero, whose hopes of going to school have been dashed, is Mrs. Emenike's next willing recruit—young, innocent, and

Elizabeth Zott is not your average woman. In fact Elizabeth Zott would be the first to point out that there is no such thing as an average woman. But it's the 1960s and

despite the fact that she is a scientist, her peers are very unscientific when it comes to equality. The only good thing to happen to her on the road to professional fulfillment is a run-in with her super-star colleague Calvin Evans (well, she stole his beakers). The only man who ever treated her—and her ideas—as equal, Calvin is already a legend and Nobel nominee. He's also awkward, kind and tenacious. Theirs is true chemistry. But as events are never as predictable as chemical reactions, three years later Elizabeth Zott is an unwed, single mother (did we mention it's the early 60s?) and the star of America's most beloved cooking show *Supper at Six*. Elizabeth's singular approach to cooking ("take one pint of H₂O and add a pinch of sodium chloride") and independent example are proving revolutionary. Because Elizabeth isn't just teaching women how to cook, she's teaching them how to

change the status quo. Laugh-out-loud funny, shrewdly observant and studded with a dazzling cast of supporting characters (including the best canine character in years), *Lessons in Chemistry* is as original and vibrant as its protagonist.

A Man of the People Chinua Achebe

2016-09-30 From the renowned author of *The African Trilogy*, a political satire about an unnamed African country navigating a path between violence and corruption As Minister

for Culture, former school teacher M. A. Nanga is a man of the people, as cynical as he is charming, and a roguish opportunist. When Odili, an idealistic young teacher, visits his former instructor at the ministry, the division between them is vast. But in the eat-and-let-eat atmosphere, Odili's idealism soon collides with his lusts—and the two men's personal and political tauntings threaten to send their country into chaos. When Odili launches a vicious campaign against his former mentor for the same seat in an election, their mutual animosity drives the country to revolution. Published, prophetically, just days before Nigeria's first attempted coup in 1966, *A Man of the People* is an essential part of Achebe's body of work.

thinking clearly about the world.” - Bill Gates “Hans Rosling tells the story of ‘the secret silent miracle of human progress’ as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.” -Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at

random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don’t know what we don’t know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn’t mean there aren’t real concerns. But when we worry about everything all the time

instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

of Nigeria's most tragic civil wars Chinua Achebe, the author of *Things Fall Apart*, was a writer whose moral courage and storytelling gifts have left an enduring stamp on world literature. *There Was a Country* was his long-awaited account of coming of age during the defining experience of his life: the Nigerian Civil War, also known as the Biafran War of 1967-1970. It became infamous around the world for its impact on the Biafrans, who were starved to death by the Nigerian government in one of the twentieth century's greatest humanitarian disasters. Caught up in the atrocities were Chinua Achebe and his young family. Achebe, already a world-renowned novelist, served his Biafran homeland as a roving cultural ambassador, witnessing the war's full horror first-hand. Immediately after the war, he took an academic post in the United States, and for over forty years he maintained a considered silence on those terrible years,

addressing them only obliquely through his poetry. After years in the making *There Was A Country* presents his towering reckoning with one of modern Africa's most fateful experiences, both as he lived it and came to understand it. Marrying history and memoir, with the author's poetry woven throughout, *There Was a Country* is a distillation of vivid observation and considered research and reflection. It relates Nigeria's birth pangs in the context of Achebe's own development as a man and a writer, and examines the role of the artist in times of war. Reviews: 'No writer is better placed than Chinua Achebe to tell the story of the Nigerian Biafran war ... [The book] makes you pine for the likes of Achebe to govern ... We have in *There Was a Country* an elegy from a master storyteller who has witnessed the undulating fortunes of a nation' Noo Saro-Wiwa, *Guardian* 'Chinua Achebe's history of Biafra is a meditation on

the condition of freedom. It has the tense narrative grip of the best fiction. It is also a revelatory entry into the intimate character of the writer's brilliant mind and bold spirit. Achebe has created here a new genre of literature' Nadine Gordimer 'Part-history, part-memoir, [Achebe's] moving account of the war is laced with anger, but there is also an abiding tone of regret for what Nigeria might have been without conflict and mismanagement' Sunday Times About the author: Chinua Achebe was born in Nigeria in 1930. He published novels, short stories, essays, and children's books. His volume of poetry, Christmas in

Biafra, was the joint winner of the first Commonwealth Poetry Prize. Of his novels, Arrow of God won the New Statesman-Jock Campbell Award, and Anthills of the Savannah was a finalist for the 1987 Booker Prize. Things Fall Apart, Achebe's masterpiece, has been published in fifty different languages and has sold more than ten million copies. Achebe lectured widely, receiving many honors from around the world. He was the recipient of the Nigerian National Merit Award, Nigeria's highest award for intellectual achievement. In 2007, he won the Man Booker International Prize. He died in 2013.
