Into the Silent Land Martin Laird 2006-07-01 Sitting in stillness, the practice of meditation, and the cultivation of awareness are commonly thought to be the preserves of Hindus and Buddhists. Martin Laird shows that the Christian tradition of contemplation has its own refined teachings on using a prayer word to focus the mind, working with the breath to cultivate stillness, and the practice of inner vigilance or awareness. But this book is not a mere historical survey of these teachings. In *Into the Silent Land*, we see the ancient wisdom of both the Christian East and West brought sharply to bear on the modern-day longing for radical openness to God in the depths of the heart. Laird's book is not like the many presentations for beginners. While useful for those just starting out, this book serves especially as a guide for those who desire to journey yet deeper into the silence of God. The heart of the book focuses on negotiating key moments of struggle on the contemplative path, when the whirlwind of distractions or the brick wall of boredom makes it difficult to continue. Laird shows that these inner struggles, even wounds, that any person of prayer must face, are like riddles, trying to draw out of us our own inner silence. Ultimately Laird shows how the wounds we loathe become vehicles of the healing silence we seek, beyond technique and

achievement. Throughout the language is fresh, direct, and focused on real-life examples of people whose lives are incomparably enriched by the practice of contemplation.

Ordinary Graces Lorraine Kisly 2001-09 The fruit of two thousand years of inner experience and insight from Christians of all denominations, *Ordinary Graces* embodies the great themes of Christ's teachings: will, presence, the neighbor, struggle, grace, and awakening. While each passage stands alone, the different voices call to one another across the centuries and over vast geographical and cultural divides. Some of the names will be familiar, but many of them will be new to readers. Lorraine Kisly has sought out not only unfamiliar passages by famous Christians, but also writers we may have overlooked. As each voice joins the chorus, our understanding of Christianity's inner tradition deepens, and we can see more clearly ways of incorporating its truths into our daily lives.

Prayer in the Unseen Warfare Jack N. Sparks 1997-02 Father Jack sparks

has drawn upon several versions of a classic sixteenth-century treatise, "Spiritual Combat," originally written to guide monks in their labors to attain union with God. Though Western in origin, the profound spiritual insights of "Spiritual Combat" were recognized by Eastern writers such as Nicodemus of the Holy Mountain and Saint Theophan the Recluse, who subsequently edited and revised it in accordance with traditional Orthodox beliefs. In one form or another, this work has been revered as a classic on the spiritual warfare for over four hundred years. Father Sparks has selected passages from this timeless work, reorganized the material, and recast it in contemporary language, all with the lay reader in mind. The result is a profound but highly practical resource for those who seek to strive with all their might against the enemies of our souls—the world, the flesh, and the devil. masterfully adapted the material from this highly treasured monastic work specifically for today's lay Christian living in the midst of a modern world. The result is a profound but highly practical resource for those who seek to strive with all their might against the enemies of our souls—the world, the flesh, and the devil. Study questions at the end of each chapter facilitate individual or small group study. A companion volume to "Victory in the Unseen Warfare" and "Virtue in the Unseen Warfare." Each volume can be read separately from a set.

Trustful Surrender to Divine Providence Rev. Fr. Jean Baptiste Saint-Jure 1980 "To remain indifferent to good fortune or to adversity by accepting it all from the hand of God without questioning, not to ask for things to be done as we would like them but as God wishes, to make the intention of all our prayers that God's will should be perfectly accomplished in ourselves and in all creatures is to find the secret of happiness and content."

The Divine Embrace (Ancient-Future) Robert E. Webber 2006-10-01 One of the most popular current views on spirituality is that there are varied paths to God. In this new Ancient-Future series book, Bob Webber evaluates this common misunderstanding of spirituality as separated from God's story, extremely self-focused, and shaped by our surrounding culture. This challenging work offers a corrective, calling us to an alternative Christian spirituality, one that reveals two sides-that of God's "divine embrace" of us and our passionate response. The Divine Embrace is a fresh, grounded look at true spirituality that will be embraced by pastors, thinking Christians, and anyone looking for an engaging and thorough treatment of this topic.

Humility of Heart Herbert Vaughan 2010-10-01 Cardinal Vaughn wrote these reflections over a century ago, and they are as pertinent today as when they were first assembled into a book. "There is no Saint however holy and innocent who may not truly consider himself the greatest sinner in the world. It is enough that he knows himself to be man to recognize that he is liable to commit all the evil of which man is capable." This thought alone will inspire us to humility and this book is a great aid to true humility, which is essential to salvation. St. Alphonsus writes: "a single bad book will be sufficient to cause the destruction of a monastery." Pope Pius XII wrote in 1947 at the beatification of Blessed Maria Goretti: "There rises

to Our lips the cry of the Saviour: 'Woe to the world because of scandals!' (Matthew 18:7). Woe to those who consciously and deliberately spread corruption-in novels, newspapers, magazines, theaters, films, in a world of immodesty!" We at St. Pius X Press are calling for a crusade of good books. We want to restore 1,000 old Catholic books to the market. We ask for your assistance and prayers. This book is a photographic reprint of the original The original has been inspected and many imperfections in the existing copy have been corrected. At Saint Pius X Press our goal is to remain faithful to the original in both photographic reproductions and in textual reproductions that are reprinted. Photographic reproductions are given a page by page inspection, whereas textual reproductions are proofread to correct any errors in reproduction.

Mystics of the Christian Tradition Steven Fanning 2005-06-29 From divine visions to self-tortures, some strange mystical experiences have shaped the Christian tradition as we know it. Full of colourful detail, *Mystics of the Christian Tradition* examines the mystical experiences that have determined the history of Christianity over two thousand years, and reveals the often sexual nature of these encounters with the divine. In this fascinating account, Fanning reveals how God's direct revelation to St Francis of Assisi led to his living with lepers and kissing their sores, and describes the mystical life of Margery Kempe who 'took weeping to new

decibel levels'. Through presenting the lives of almost a hundred mystics, this broad survey invites us to consider what it means to be a mystic and to explore how people such as Joan of Arc had their lives determined by divine visions. *Mystics of the Christian Tradition* is a comprehensive guide to discovering what mysticism means and who the mystics of the Christian tradition actually were.

Strangers in a Strange Land Charles J. Chaput 2017-02-21 A vivid critique of American life today and a guide to how Christians—and particularly Catholics—can live their faith vigorously, and even with hope, in a post-Christian public square. From Charles J. Chaput, author of *Living the Catholic Faith and Render unto Caesar* comes *Strangers in a Strange Land*, a fresh, urgent, and ultimately hopeful treatise on the state of Catholicism and Christianity in the United States. America today is different in kind, not just in degree, from the past. And this new reality is unlikely to be reversed. The reasons include, but aren't limited to, economic changes that widen the gulf between rich and poor; problems in the content and execution of the education system; the decline of traditional religious belief among young people; the shift from organized religion among adults to unbelief or individualized spiritualities; changes in legal theory and erosion in respect for civil and natural law; significant

demographic shifts; profound new patterns in sexual behavior and identity; the growth of federal power and its disregard for religious rights; the growing isolation and elitism of the leadership classes; and the decline of a sustaining sense of family and community.

Chiara Corbella Petrillo Simone Troisi 2015-09 Chiara Petrillo was seated in a wheel chair looking lovingly toward Jesus in the tabernacle. Her husband, Enrico, found the courage to ask her a question that he had been holding back. Thinking of Jesus's phrase, "my yoke is sweet and my burden is light," he asked: "Is this yoke, this cross, really sweet, as Jesus said?" A smile came across Chiara's face. She turned to her husband and said in a weak voice: "Yes, Enrico, it is very sweet." At 28 years old, Chiara passed away, her body ravaged by cancer. The emotional, physical, and spiritual trials of this young Italian mother are not uncommon. It was her joyful and loving response to each that led one cardinal to call her "a saint for our times." Chiara entrusted her first baby to the blessed Virgin, but felt as though this child was not hers to keep. Soon, it was revealed her daughter had life-threatening abnormalities. Despite universal pressure to abort, Chiara gave birth to a beautiful girl who died within the hour. A year later, the death of her second child came even more quickly. Yet God was preparing their hearts for more—more sorrow and more grace. While pregnant a third time, Chiara developed a

malignant tumor. She refused to jeopardize the life of her unborn son by undergoing treatments during the pregnancy. Chiara waited until after Francesco was safely born, and then began the most intense treatments of radiation and chemotherapy, but it was soon clear that the cancer was terminal. Almost immediately after giving birth to Francesco, Chiara's tumor became terminal and caused her to lose the use of her right eye. Her body was tested, and so was her soul as she suffered through terrible dark nights. She said "yes" to everything God sent her way, becoming a true child of God. And as her days on earth came to an end, Enrico looked down on his wife and said, "If she is going to be with Someone who loves her more than I, why should I be upset?" Each saint has a special charisma, a particular facet of God that is reflected through her. Chiara's was to be a witness to joy in the face of great adversity, the kind which makes love overflow despite the sorrow from loss and death.

Gnosis: The exoteric cycle Boris Mouravieff 1989 Boris Mouravieff was an enigmatic 'third man', known to Gurdjieff and Ouspensky, who found and learned to practice what he clearly believed to be the complete system of which only 'fragments' had been previously published in Ouspensky's *In Search of the Miraculous*. On this basis, he formed the 'Center for Christian Esoteric Studies' in Geneva - now closed. Many of his discoveries are described in his book *Gnosis*, which contains in its three

volumes the fundamental components of that Christian esoteric teaching revealed by Ouspensky in fragmentary form. This Gnosis is not a modern statement of the second century texts known as 'Gnosticism', but a previously unpublished ancient Christian knowledge tradition. Boris Mouravieff taught Eastern Esotericism at Geneva University for many years, and Gnosis is the result of his teaching. First published in French in 1961, the three volumes of Mouravieff's Gnosis have since been translated into Greek and Arabic. During the 1980's and early 1990's, Praxis Research Institute published the English translation of all three volumes. Volume I contains the first level of this teaching, designated as 'exoteric' for outer or surface.

Watching and Praying Keith Haartman 2021-12-28 Using John Wesley's sermons and treatises, and the autobiographical narratives of his followers, *Watching and Praying* gives a detailed examination of the contemplative techniques that comprised Wesley's "method" and model of personality transformation. The first of its kind, the book employs a psychoanalytic perspective that explains both the effectiveness of the method and the emotional crises that arose at every turn. Haartman argues that Wesley's view of spiritual growth – a series of developmental stages that culminated

in “sanctification” – was legitimately therapeutic as measured by the standards of contemporary psychoanalysis. Wesley’s pastoral genius lay not only in his implicit grasp of the unconscious (e.g. repression, defense, sublimation), but also in his abiding appreciation of healthy ideals and their integrative power. *Watching and Praying* will appeal to psychoanalysts interested in the clinical facets of religious experience, to scholars in the field of psychology and religion, and to researchers in the area of personality change.

[Nicodemos of the Holy Mountain](#) Nicodemus (van de Heilige Berg) 1989
Nicodemus (1749-1809), a monk of Saint Athos dedicated to asceticism and learning, was one of the most influential Orthodox writers of the last two centuries. His Handbook, written during the Age of Enlightenment in Europe, shares an exalted vision of human nature, but a vision that proceeds from the truths of revelation as interpreted by the Greek Fathers, not Descartes.

Primary Speech Ann Belford Ulanov 1982-01-01 Prayer is our basic expression of religious belief. It is our personal and most private act of devotion. Words cannot do justice to the feelings, wishes, terrors, pains, or pleasures that we exchange with God. This book sets out to define prayer as both a means of drawing nearer to God everyday and as a coping tool that people can use in order to achieve harmony, balance, and satisfaction in their in their lives.

Poetry of Contemplation Arthur L. Clements 1990-01-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth-century poets and in three modern writers. It not only clarifies the very confused issue of mysticism in seventeenth-century poetry but also connects seventeenth-century poets with modern literature and science through the contemplative tradition; from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives. The transformative and redemptive power of contemplative poetry or "holy writing" (regardless of genre or discipline) is prominent throughout the book, and the relevance, indeed the vital necessity, of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter. In this chapter, attention is given to modern science, especially to the new physics, and to philosophical and mystical writings of eminent scientists.
